Report of INQUIRY as to Cause of Death of

File No.

TOKAWA, HARUNO.

Age 23 Sex Female Birthplace Vancouver Date of death Dec.8,1942.

Nationality Canadian Race Japanese

Remarks On December 9 Col. Lennox Arthur reported to the Coroner's office that Haruno Tokawa, a Japanese girl, 23, had died while interned at Hastings Park. She died at 10.30 p.m. December 8. This girl's registration number was 03979 and she had been admitted to Vancouver General Hospital in April of this year suffering from pleurisy with effusion. In June she was diagnosed as pulmonary tuberculosis, and later due to the involvement of the intestinal tract, she was diagnosed as (cont'd below)

Where found Hastings Park, Vancouver.

Found by Camp authorities.

Post-mortem findings No post mortem held.

(cont'd from above) - miliary tuberculosis. She was admitted to Hastings Park Hospital June 6 and was placed on the seriously ill list due to her extensive condition. She had lived at 865 East Cordova Street with her parents, Mosuka Takawa and Tsuru Takawa, who are now at Hastings Park internment camp.

Re Miss H. Tokawa. Reg. No. 03979

Died - December 8, 1942 - 10:30 P.M.

Admitted to General Hospital in April with pleurisy with effusion. Diagnosed in June as Pulmonary Tuberculosis. Admitted to Hastings Park Hospital on June 6, 1942. X-Rays showed clearing of pleurisy but increased area involved with Tuberculosis.

Symptoms - elevated temperature, 'hot flushes', chills, diarrhea, indigestion distention - and a later X-Ray with examination by Dr. Morris showed Miliary Tuberculosis - Prognosis poor.

Put on Seriously Ill List in October.... rapid advance of disease led to profuse haemorrhage from bowel at 2:30 A.M. on December 8th - Died 10:30 P.m. on December 8, 1942.

TREATMENT

Routine Bed Care, Kaopectate, special diet - stimulants, adrenalin and coramine as necessary.
