Hastings Park Hospital
Vancouver, B. C.

Reverend Y. Ono
Tashme, B. C.

Dear Reverend Ono,

Mrs. Feimann, the supervisor of the Hastings Park Tuberculosis Hospital is endeavoring to raise a Christmas fund for the patients. We, the staff are giving her our fullest support in this effort but we are comparatively few in number and we find that even our utmost will not be sufficient.

To date we have in our funds, donations from private parties and societies. This along with what is being collected as Christmas fund is to be spent on New Years and the remainder for Occupational Therapy by convalescing patients, which will be carried on by them when transferred to New Denver. The list of contributions and expenditures will be published in the "New Canadian".

We are taking advantage of this season of goodwill to ask you to help us in our effort by appealing to your friends for their support to give more cheer for the friends they have left in Vancouver.

Will you kindly forward any mail to Mrs. M. Feimann, R.N. at the above address or to Colonel Lennox Arthur at the Marine Building. We realize that you yourself must be kept busy at this season and we are sorry to add to your work, but know that you will feel that you will be more than repaid for your time and trouble by the pleasure and gratitude that will be felt by the patients.

Very sincerely yours,

Tashme, Hope, B. C.,
October 9, 1942.

Hon. F. P. Bernard,
Vice-Consul of Spain,
Protecting Power of all Japanese Nationals.

Sir:

We wish to bring the followings to your attention in view of attaining peace and satisfaction in this Community.

1. Pay cheques and assignment cheques should be distributed not later than the tenth of the following month.

A. We have been receiving our previous pay cheques around the twentieth of each month.

B. Assignment cheques for August are being given out now. A number of assignees have not received their cheques for the month of July up to this date.

2. We wish an increase in relief rates on the ground that the present allowance is not sufficient for the purely existence' sake under the present circumstances. (Refer to attached relief rate which we have learned through several cases we handled in the last few weeks.

3. We believe that the receiver of relief allowance should include all dependents of each family.

4. It is necessary that clothing allowance system should be re-arranged.

5. A store operated by the B. C. Security Commission should sell all their merchandise on bare prices and the monthly itemized statement as such be made public.

6. RE: Grocery prices.

A. Rice--the Japanese essential food.
Price here is $17.00 for 150 lbs., while Vancouver retail price is $15.10, therefore adjustment should be made.

B. Necessary food should be distributed in larger quantities.

7. A private enterprise should be strictly abolished in Tashme on the ground that he is solfishly interested only in himself rather than for the common benefit of all.

8. We urge that the public school be opened at once.

9. Necessary equipment for recreational purposes be procured at the earliest possible date.

10. We wish to be reassured that all medical care will be granted freely and efficiently and that all medicine should be provided without charge to all patients.

Re-Repatriation:

Kindly give us--Tashme Japanese Committee--all information that is necessary to those people who wish to return to Japan.

Dear Sir:

1. We now have information before us which will enable us to reply to your letter of September 3rd re compensation for K.Hayakawa, registration No.08805.

2. The Compensation Board advises that they are paying all medical expenses in this case but they are not paying for loss of time. In view of the circumstances, the Commission is putting through a supplementary payment for the month of July, which will provide the wife of this man with an amount equal to that she would have received had her husband been working. The same will be done for the month of August.

3. In case of accident or sickness, it has been our custom to provide the dependents with their full allowance but in no case has any payment been made to the worker as compensation for loss of wages.

4. We trust that you will pass this information along to Mrs. Hayakawa.

Yours very truly,

W.A. Eastwood, General Mgr.
B.C.Security Commission.

362 Alexander St.,

September 3rd 1942.

Alex Eastwood, Esq.,

B.C.Security Commission,

Vancouver, B. C.

Dear Sir:

We have received a letter of complaint about the compensation from K.Hayakawa (Compensation Report No.4230257) as follows:- (1) I have neither received any notice nor Compensation Cheque, although it is more than one and half months since I received first treatment of Doctor.

(2) If they expect to apply those $20.00 payable monthly to my wife and $5.00 to me as the compensation, still there will be a big difference in amount, as I have been getting 35 cents per hour on a special job and natually I think I am entitled to receive the difference, because I was able to spent those difference for the clothings, doctor's fee and etc. when I was at the regular job.

(3) Where shall I make such claims and when shall I get paid.

The above mentioned is only one instance. We wish to know how we can answer in such a case. Kindly investigate the matter and let us know the suitable answer for this as soon as possible.

Yours truly,

S.Sasaki

ホープ移動地（十四哩ランチ）の現情と建設計画の大要

土地の現状 ホープの東十四哩の所にある平坦広漠な盆地で南と北に山があり東西四哩南北北一哩半程の處である。種牛改良牧場として平営された處で十四英加程の耕作園もある。気候は晩帝と大差なく六度より下った事はなく今年の降雪は五六寸しかなかった夏も敦は殆んど居ないと言ってもよい位である。ランチの中に二筋の川が流れてゐるが水の綺麗なことは安心して頂ける条件の一つであらう。交通は上の図で見て頂くとよくわかると思ふ。

ランチと労働キャムプ ホープからランチへの道を十一哩行くと吾々同胞のキャムプがある。これが十一哩キャムプ（No一キャムプ）で更に四哩行くと十五哩キャムプ（No二キャムプ）がある。移動地は二つのキャムプの中間にあって、キャムプの人達は日曜毎にこの広々とした平地へ遊びに出かけては解放された快感を味って居られた。

移動計画 ホープの移動地は区域の広大、水質の佳良、気候の適良な点から見て他の移動地に劣らぬもので当局としては将来三千人を目標に移動せしめたい方針である。二住宅二現在建って居る建物にルームを仕切って五百五十人は入る事が出来る。一方河岸に添ふた土地に三百棟のテンツハウス（十六尺×十六尺）を急造して一時之に住はせ、更に木造家屋（十六尺×十六尺）を新築してそれが出来たらテンツハウスから移転せめるといふ計画である。二飲料水二水道で各戸に引いて来る。二電気二は今のところはない。戦時下の事で電線の不足から早急の間には合はぬが、せめて慰安用の活動寫眞動力用位は早速発電装置に着手する筈。二薪二石灰は運搬の関係で使用する事は出来ないが近くの山には樹木が無尽蔵に自生してゐるので、係の者が配給することになってゐる。二製材所二小規模ではあるが製材工場の設備があるので、建築用材や薪を造る筈で、大工、プラマー、農夫等と共に七月九日には日ガーもミルハンドも先発した。二農園二ランチ内を耕作して野菜物は私達の手で作ってもよい事になってゐる。二家畜二現在八十五百の豚と約五百のチキンが居るが、それも私達の手に貰ってある。二病院二も出来る。医者は白人を、看護婦は日本人を使ふと云ふ備圣営さてくれる筈である 二学校二はその設ってゐる。二トラック二私達の移動村のためにトラックを三台用意されてゐる。アンバランスも用意される。一コックすることになってゐる。

二コック二は各戸毎にコック

二荷物二一般の移動する場合の荷物はバゲヂ百五十斤、手荷物は三十斤（何れも一人につき）といふ規定に変更はない。然し極く小量の食料品とミシンは別である。二食料品二といっても現在手許にある小量のもので、決して大量に買ひこむ必要はない。二ストーブ二もキャムプストーブのある人は持って行った方がよいが買って迄持って行くことはない二マドレス二もある人は持って行くとよい二寝床二は当局の手で圣営さ礼食料日用品は整ふし、クレヂットレステムにされる筈である。

二覚悟二何かにつけて不自由もあらうが互によく辛抱し皆の力を一つに結び併せて私達の手で私達の新しい村、新しい天地を造り上げて行かうといふ意気と信念をもって参加して頂きたい遊んでゐても食はせてくれるといふ虫のよい考をもつことほど危険なものはない。申込所日本クラブ内

Dear Sir;

Further to my letter of November 27th, re Christmas parcels for Internees, in a letter received today from the Spanish Consul General, he advises that "Japanese Nationals interned at Camp 101, mayreceive from their friends in Canada at Christmas time any articles usually received into internment camps.". Although he refers only to Japanese "Nationals", it is safe to assume that the same applies to interned Nisei and Naturalized.

You may send these parcels from your nearest Post Office, and the only limitations on weight are those that applyto ordinary Canadian parcel-post shipments. The important feature, is to guide yourself by the enclosed list of "Prohibited Articles" which will serve as a guide as to what you mayenclose in your parcels. Also enclosed,is a list of periodicals and publications which are permitted into Internment Camps

Will you please be good enough to pass this inforsation on to all the people of your community.

I take this opportunity of wishing you and all your people the compliments of the Season.

Yours very truly

E. L. Bernard

Dear Sir;

There are many Japanese interned at Angler, Ontario, who do not have the means to provide themselves with the little extra comforts, so much appreciated at Christmas time.

Will you please advise all Japanese residents of your locality that they may send parcels of tobacco, candies, marmalade, etc. to internees.

Unfortunately, I do not yet have details of the regulations and limitations which will have to be met, but I expect this information from the Consulate General within the next day or two. It might be adviseable for you to ask your people to wait till I am able to give you this informationl

Yours very truly

Dear Sir:

Re. The Pigeon Timber Co. Ltd.,
Employment of Japanese in Timber
Operations, Province of Ontario.

Pursuant to our negotiations and conversations, we hereby submit for your consideration, approval and acceptance terms of our proposal to employ Japanese to work in our Logging Camps in Northwestern Ontario.

It is proposed that upon your acceptance, we will submit our offer to Japanese at Slocan City and attempt to arrange employment of the required number of men.

In attempting to work out this arrangement, we recognize that the allocation of Japanese being evacuated is most difficult, not only in compliance with the requirements of the situation and with various International Conventions, but also with regard to the satisfactory solution of the individual problems of the Japanese themselves. We recognize the fundamental fact that any Japanese we propose to employ must be satisfied with conditions and willing to work for us and we feel that the employment and working conditions we offer will be completely satisfactory and possibly a much better solution than other allocations. We feel that all parties will recognize that acceptance of this employment is actually doing a service for Canada and assists the Canadian production effort.

OFFER TO EMPLOY

Subject to your approval and acceptance, we therefore offer to employ in our Logging Camps in Northwestern Ontario approximately 500 Japanese under the following arrangements and conditions:

1. WAGES AND RATES OF PAY

Men will be wither employed on a monthly basis or on piece work. Becuase any intelligent and conscientious worker can make more money on piece work than on a monthly wage, and in doing so increases the production of the Company, it is the Company Policy to encourage men to work by piece-work wherever possible.

FOR RESEARCH PURPOSES ONLY
NOT TO BE REPRODUCED WITHOUT PERMISSION
Rare Books & Special Collections and University Archives

Since the Japanese in question will probably be unskilled and unacquainted with this type of work, all of them will be employed at the monthly rate to start with. Thereafter we will expect to transfer as many men as possible to piece-work basis, by mutual agreement between the Company and the employee in question.

(a) Monthly Minimum - $54.50

Men employed on a monthly basis are paid according to the particular job of work each man is doing and the prevailing wage rates of the Province of Ontario will be paid. The minimum which we offer per month is $54.50 gross payment by the Company plus board and lodging. Most occupational work in the Logging Industry carries higher rates than this minimum which is set in accordance with the "Industrial Standards Act" of the Province of Ontario for monthly workers.

(b) Minimum Production

The minimum monthly wage is based on the cost of the labour to the Company as follows:

Minimum Bross Payment	$54.50
Board	30.00
Total.....	$84.50 per month

The bais for this payment therefore is that each employee being paid on a monthly rate will produce a volume of work which if computed on the piecework basis, would amount to at least $84.50 per month. Any man who could not accomplish such a minimum production would be unsatisfactory to the Company. For the monthly wages and piece-work rates effective in accordance with the regulations governing the Logging Industry in Ontario see the Schedule "A" attached hereto.

(c) Piece-Work rates

As intimated above both the Company and the employee is better served by the employee working on the piece-work basis and receiving more money for increased production. It is expected that after preliminary supervision and instruction numbers of these men can be placed on piece-work basis to the mutual advantage of the Company and the respective employees.

(d) Cost of Board - Piece-Worker

The "Industrial Standards Act" of the Province of Ontario provides that the Company charge piece-workers for board at the rate of 95¢ per day. This in fact falls short of the actual cost to the Company by from 15¢ to 20¢ per day per man, but is the charge made by the Co.

(e) Cost-of-Living Bonus

The Company will pay to each employee the cost-of-living bonus as set by the Government from time to time.

(f) Employee Bonus

In addition to the payments provided for above, the Company in the sole and absolute discretion of the Company will pay to each employee whose work is satisfactory to the Company and stays with the Company for three consecutive months, a bonus of $10.00 per month.

2. WORKING CONDITIONS

The working conditions prevailing in the Company Logging Camps are subject to compliance with the "Industrial Standards Act" of the Province of Ontario; all workers have the benefit of Workman's Compansation.

(a) Board - of very high and satisfactory quality, all supplies being bought in volume.

(b) Sanitation - the Act also specifies that rigid sanitary conditions be maintained in all Camps.

(c) Medical Services - The Company provides competent medical services in accordance with the requirement of the Laws of the Province of Ontario.

(d) Post Office - the Company maintains a Post Office mail service.

(e) Stores and Supplies - the Company maintains a store wherein employees can purchase clothing, cigarettes and ordinary articles. The "Industrial Standards Act" provides that the charges for such articles shall not exceed the retail prices for similar goods as charged by the nearest city stores in the district. During the summer months no cigaretts or matches may be sold in the Camps.

3. EQUIPMENT AND CLOTHING

The costs of the clothing and equipment needed by each man approximates the sum of $55.00. As a matter of convenience the Company makes available this clothing and equipment, and the cost is charged to the respective employees.

(a) Monthly Rate - Saws, axes and other equipment are supplied by the Company to all men employed on the monthly rate, without charge. In case these employees later wish to

change to piece-work the price of the saws and axes and other equipment is then charged to each respective employee.

(b) Piece-work Rate - Employees on a piece-work basis are charged with the price of the saws, axes and other equipment taken by them, but when the employee is finished with the equipment and it is turned in to the Company, credit being given therefore.

4. TERM OF EMPLOYMENT

The Company expects to employ these men at least for the present season's logging operations and thereafter so long as that part of the Canadian production effort filled by the Company requires and warrants the continued employment; and so far as can be foreseen for "the Duration".

(a) Commencement

Upon acceptance of our proposal, the Company expects the B. C. Security Commission to do whatever is necessary to facilitate and expedite the employment of the men at the Company's Camps as soon as possible, and not later than 1st December, 1942.

(b) Termination of Agreement

The Company shall have the right to terminate any agreement arrived at pursuant to the terms of this offer upon 30 days notice to the B. C. Security Commission; provided that the agreement may be terminated at any time by the Company in accordance with and acting on instructions of any Representative or Department of the Government of the Dominion of Canada or of the Province of Ontario.

(c) Dismissal of Employees

It is understood and agreed that the Company shall have the right to dismiss any employee that proves unsatisfactory to the Company upon 7 days notice or bonus. Provided that where any dismissal is for good cause the rights of the Company and the employee shall be according to the Laws of the Province of Ontario.

5. NUMBER OF EMPLOYEES

The Company requires approcimately 500 Japanese, who will be designated by the B. C. Security Commission and will be employed subject to agreement between the Company and the man in question. The precise number of employees to be accepted by the Company will be in the

FOR RESEARCH PURPOSES ONLY

Rare Books & Special Collections and University Archives

discretion of the Company and further arrangements may be made to employ more than 500 men as the circumstances may require. Any such increased employment will be under and according to the terms of this offer.

6. SUPERVISION AND INSTRUCTION.

Since all of the men will probably be unacquainted and unfamiliar with this type of work, the Company will provide reasonable and detailed supervision and instruction. The cost of any instruction shall be paid by and borne by the Company. In the experience of Prairie Farmers it has been found that this cost approximates 25¢ per cord.

7. SELECTIVE SERVICE PERMIT

The Company together with the men involved will take whatever steps possible to secure Selective Service Permits and comply with all regulations in that behalf.

8. QUALIFICATION OF EMPLOYEES

Any person to be employed by the Company must qualify according to the following requirements:

(a) Age - only men between the ages of 18 and 55 years will be employed, provided that the Company shall have the option in particular cases to extend or lessen these limits.

(b) Physique - only men physically fit, free from and unaffected by any disease, and of sufficient stature and physical ability to perform the work will be employed and continued in employment by the Company. All employees may be required by the Company at any time to submit to physical examination by any doctor employed by the Company. The Company may without liability in the absolute discretion of the Company accept the findings of such doctor and act in accordance therewith.

9. PERIOD OF EMPLOYMENT

P. E. Schwartz Diaz-Flores, Esq.,
Consul General of Spain,

Montreal, P.Q.

Dear Sir:

Attached to this letter, please find a receipt from the B. C. Security Commission for ten cents. This money was paid by myself when receiving a Christmas present sent to me from my friend in Greenwood.

Since last month, it has been the ruling in Tashme here, that all Japanese people receiving parcels pay a handling charge to the B. C. Security Commission, the amount to be paid based on the size and weight of the parcel. On Money Orders, a ten percent commission is taken by the B. C. Security Commission, e.g. A person ordering articles to T. Eaton's amounting to Thirty-five Dolloars ($35.00) would be required to pay the B. C. Security Commission a handling charge of Three Dollars and fifty-cents ($3.50) in order to pay for his articles by Money Order. The orders from the people are all sent into the Head Office of the B. C. Security Commission and checked, by them, so as to avoid people on Maintenance from buying luxuries.

The people here feel that this set-up is very unfair. We have no official Post Office here and so are compelled to receive parcels and buy Money Order through the hands of the B.C.S.C. I have discussed this matter with Mr. J.L. Torry the Supervisor here, and although he sees the unfairness, he is unable to do anything about it.

I am very interested to hear your opinions regarding the above. Will you be so kind as to let me hear from you regarding same.

The explanatory statement.

We are sincerely regretful to submit to you the following statement.

On Dec. 30th, 1942. Around six O'clock a grave incident took place which disturbed the quiet peaceful and happy New year's eve. to be at Isshue. The same gave to the people of this settlement a great shocks and uneasiness that might have caused untold sadness and terror breaking the harmony and peace for which they have look forward to for the duration. All the people are very patient and faithfully bearing the present ~~situation~~ circumstances. But at the same time their sense have been sharpened to the razor edge by the past one year's unforgetable mental and physical hardship.

The incident, created uneasiness in the people's mind is as follows:-.

One of our evacees named Samie S. Shimada intended to open a store at one corner of Isshue village five O'clock last Thursday evening. His intention was to sell our usual necessary things for the new year celebrations against the will of the most of Isshue villagers. His excuse was that he had permission from the Isshue Supervisor to do so, although he could not show us any written statement. He was then confronted by the villagers to postpone the sale, until such permission can be confirmed by the assistant supervisor who was the only one that could be available to attend this matter on that day.

By this time quite a number of purchasers had gathered in front of his store. Ten times more men have gathered around to prevent the buying. The both parties then were getting excited. At one time the situation looked very grave. However, the plea of villagers was Consented by Sam. Shimada and both paties have left for assistant supervisor's resident to interview him.

The result of this interview, operation of private enterprise was suspended for time being, on the ground that no business of above nature could be operated in Tashme. Immediately after this Sam. Shimada was escorted to the place of safety by one of our men, so that no harm could be done to him. While on the ~~other~~ other hand, words sent out to others that there will be no sale to-night. This had great tendency to calm down the excited people, and is looked as if the incident will come to end without any trouble.

However, Y. Sugiyama who is in partner with Sam. Shimada, around at the time was watching the store, was having a little ~~go~~ argument with a few people who have remained around there, as to whether this nature of business should be or should not be operated against the wish of majority of villagers. In the midst of this heated argument, Sugiyama drew a knife with the following statement upon his lips: "What wrong is there for us operating this sale when we have consent from the Supervisor!" Believing that this will lead on to regretable consequence, our Veteran guard S. Kobayashi stepped in between Sugiyama and the people for the purpose of quenching the fight that will come to materialize if it was left any length of time. It was then that Guard was stabbed by Sugiyama who was learned to be intoxicated.

Above melancholic incident has its roots in the following phases of event. It was the climax of gradually accumulated discontents and grievances against the policy of ~~the~~ Tashme supervisor, which in the mind of Villagers appeared unjust & unfair.

1. One of our clerk namely — Tanaka who is employed in the B.C.S.C's meat market has negotiated for the permission to go to Vancouver, with the intention of buying necessary supply for the Japanese new years' need. This was rejected on the ground that no person of Japanese race

FOR RESEARCH PURPOSES ONLY

is allowed and travelled during the Christmas and New year's holiday. But in spite of this Sam Shimada was taken to Vancouver on the evening of Dec. 24th by the Supervisor himself on his private car and remained there for five days for the purpose of purchasing various supplies for the sale at Tashme. Same reached here on the 30th of December in the consignment all ~~marked~~ marked in Mr. Sorry's name.

2. Owing to the lumber shortage building "A" where old single men are sleeping, is still unfinished. Whereas on the other hand Carpenters were instructed to make a little place outside of wood shed. On the instruction paper it was stated "Shimada shacks" which was learned later to be Shimada Store.

3. On the same day, that S. Shimada tried to open his store, other resident of Tashme, namely G. Fukunaga had received two tons of potatoes from his Occidental friend as a present. Knowing that private business is not permitted in this village, he had negotiated with assistant supervisor Mr. Rose ~~to take~~ for the sale of potatoes at B.C.S. Co's store. In other words he had asked him to take over the whole thing. This was rejected and moreover it was stated that he wish the Commission to take the goods in their warehouse. We would be subjected to pay shortage fee.

4. Since last month, it has been the ruling in Isshue, that all Japanese people receiving parcels pay a handling charge to the B.C.S.C., the amount to be paid based on the size and weight of the parcels. On money orders, a ten percent Commission is taken by the B.C.S.C. To our knowledge this is not in practice at various Interior towns nor at our nearby road Camps. We have had asked the B.C.S.C. to abolished this practice through Mr. Jorry at many accasions. But until this date this have not been rectified.

5. In connection with the Shimada's case, we have had interviewed Assistant supervisor Mr. Sutherland and Stole manager Mr. Atkinson to receive their view point on this matter. Their statement regarding Shimada's business was: they have no knowledge ~~and they believed that they will be not private business~~ of this and they believed that it should not be allowed in this settlement.

Above mentioned reasons and many other petty greavances were at the bottom of Dec. 30th's' disturbances. Our living condition here is very simple & limited. We are at present getting hand-to-mouth wages. Some are living on small maintenance allowance provided by the B.C.S.C.

Under these condition, we fell that such practice as Shimada's; to act of parasite, deriving from his selfish greed, trying to accumulate profits by endangering the bear existance and livelihood of the Villagers, should be completely stamped out.

Up to this date, we have been purchasing our daily Commodities from the B.C.S.C. Stole, although there were many inconveniences from the lack of service. Because, we fully understood that, ruling laid down by the B.C.S.C. at the begining of the project, was that there will be no business run in Isshue, other than that of B.C.S.C, and we as a resident have been the party to the agreement. We have to this point carried out our part of bargain faithfully.

Realizing ~~Realizing~~ that this was the best solution we were all pleased that this was carried on smoothly.

In view of this, we feel that Shimada is not justified in carrying out the recent act.

At the Conclusion, we wish to state, that, if Supervisor had foreseen all this, and carried out the ruling laid down by the B.C.S.C, justly and fairly with sense of responsibility, this grave incident could have been avoided.

Re: ONO, Yoshio Rev. #03072

The Reverend, Mr. Y. Ono, wishes to proceed East around the end of April. He is desirous of obtaining a position in some clerical job, preferably in the city of Montreal.

The above person has ample and thorough understanding of both the English and the Japanese language. I believe there will be a mass reallocation of Japanese to the East with the coming of spring, and if such be the case, I would highly recommend Mr. Ono as an able assistant or interpreter to Mr. Trueman or any other B.C.S.C. representative in the East.

Mr. Ono is a Japanese national and in accordance with the present ruling, Japanese nationals are not allowed in the Province of Quebec, therefore, Mr. Ono is willing to fill a similar position in Toronto if admittance into Quebec is actually prohibited.

Before proceeding East, Mr. Ono would like to visit the other interior towns paying his own fare.

During the recent visit of Mr. DesBrisay to Tashme, Mr. Ono had a conversation with him regarding the general outline of the position he desire in the East.

ATTENTION: Mr. J. J. Sutherland

Replying to your memo of March 8th, regarding application of Mr. YOSHIO ONO, Reg. No. 03072.(03072) I regret to inform you that there is no possibility of placing him in the type of position he wishes to obtain. All Japanese proceeding to Ontario at this time, must accept work in the fruit farms of Southern Ontario and later in the year they will have the opportunity of trying to find the type of work they wish in Toronto.

Our Ontario Representative states that it is impossible to place Japanese in clerical or office work except in a few instances. They can, however, be located in local industries very easily, if they are on hand to apply themsevles.

As the work in the fruit orchards is not heavy, and the salary is adequate, this is the only solution we can offer to those who wish to proceed to Ontario.

As there will be quite a number of Japanese located in the Southern Ontario area, it would be an ideal place for Mr. Ono. However, unless he believes that he will be able to locate the type of work he wishes himself, I do not believe there would be much object in his going forward.

Dear Sir,

With reference to your letter of December 23, 1942, I am glad to inform you that in reply to my request, I have been advised by the Department of External Affairs of instructions being issued for the establishment of a post office at Tashme, B.C. I have been told in this connection that it is not in conformity with the practice of the Canadian authorities to open new Post Offices during wartime, but that in view of the comparatively isolated situation of Tashme an exception has been made in the interests of the Japanese.

Yours faithfully,

Dear Friend:-

I cannot help expressing our hearty gratitude to you and all the friends in Tashme for your kindness in sending us those generous quantities of tobaccos and candies through the Spanish Consul.

It is most comforting to realize that you in far away Tashme remember us and we sincerely believe that your gift represents the fruit of the fellow feeling which has hitherto been and still is the characteristic trait of the Japanese people from time immemorial.

As we are all faring well at this camp I would be very obliged if you will try to dispel any anxiety or worry which may be present among those who have relatives or friends at this camp.

In conclusion I would like to take this opportunity to thank you all, on behalf of all the internees, together with wishing you all continued health and happiness.

With kindest regard to you all,

He is obtaining a medical check-up to-day, and wants to proceed East on or about the 10th, which would give time for a result of the medical check-up to be returned here from Vancouver.

If you will issue the travelling permit, we will see that he does not leave Tashme until his medical certificate is obtained.

It will be necessary for Mr. Ono to go East to definite employment to some other city than Toronto if it is his desire to leave at once. Dear Eiji:

How are you? May I congratulate you on your new position as assistant to Mr. Trueman. I hope you are happy in your work.

1st Choice I am writing to ask a personal favour. I want to go to Montreal or Toronto, and was wondering if you could help me find a suitable position. I would like something in the line of office work, store clerk or social work if possible. If I can't find anything in these lines, I don't object to a houseboy job.

Would you be kind enough to look around for me, and try and find me something which you feel is suitable for me. I think that you know me fairly well enough, that you could place me where I would fit in best.

I hope you will not have too much difficulty, and that I am not encroaching too much on your valuable time.

Please address all communications to me at TASHME, B. C.

Very sincerely yours,

Dear Mr. Hartley:

Please ask Mr. Ono if he would be interested in proceeding to employment as listed on either the attached application? If so, he could proceed East immediately. He would also report to the Selective Service and if after serving his contract of six months, he wished to enter another type of employment he would be free to do so. Otherwise it may take some time for us to place him and as the main thing for these young men is to have them in Eastern Canada, where they can make their own place, I would suggest that he leave to take one or other of the above positions immediately.

Dear Mrs. Booth:

I wish to thank you very kindly your considerate letter of July 3rd addressed to Mr. Hartley.

The position you have offered me calls for a butler, chauffeur and gardener. I have no confidence to fulfil the position of butler and gardener. Of course I have some idea of the things expected of a butler from shows which I had seen, and I can certainly sprinkle the lawn and pull out weeds in the garden. If you assure me that I can fill the position, I am willing to try. If I am allowed to do so, I would like to fit myself into a more suitable job upon my arrival as suggested in your letter.

I would like to leave in about two weeks time, around 20th of this month, so that I could have enough time to prepare to leave.

Thanking you for your kind endeavours,

Yours sincerely

Mrs. C. V. Booth,
British Columbia Security Commission,
360 Homer St.,
Vancouver, B. C.

Dear Mrs. Booth:

I am writing this letter to ask if you would do a favour for me.

In Greenwood and Slocan Valley, I have many friends and former members of the Cumberland United Church, of which I was pastor. Before I leave for the East, I would like to visit these people and take messages from them to their sons and daughters who are in the East. I am sure these young people would expect me to tell them how their parents are getting along in the Interior Housing Projects.

If arrangements could be made on my way East to make a stop-over, at my own expense, to visit these people, I would be very grateful. If this cannot be arranged, I wish to postpone my transfer for about ten days, so that it will enable me to have time to go to Greenwood for two days and Slocan Valley for three days and returning to Tashme before leaving East. It means very much to me to visit these people, and I am asking you to make it possible for me.

I am sorry to cause you all this trouble at so late a date, but please do all you can to send me a favourable reply.

Thanking you for all your trouble,

Yours sincerely,

Relating to your conversation with Mr. Frank Shiraishi, regarding my permit to the Interior Towns, I wish to thank you for your kind consideration.
