JAPANESE CHILDREN NOT TO BE ENROLLED IN SCHOOL
FOR THE DURATION

September 1st, 1942.

D. E. Mc Taggart, Esq.,
Corporation Counsel,
City Hall,
VANCOUVER, B. C.

Dear Sir,

Re: Japanese children and school accommodation

I wish to thank you for your letter of August 27th with copy enclosed of the Canada Gazette setting out the regulations under which the British Columbia Security Commission functions.

As requested I am returning, herewith, the copy of the Gazette.

Since about half of the Japanese pupils have gone, leaving about one thousand, on the advice of the Department of Education, it was thought advisable not to enrol any Japanese pupils in our schools at the present time.

For your information I am enclosing a copy of a statement of the Board's resolution adopted at a special meeting held on August 28th, 1942.

Sincerely yours,

Superintendent of Schools.

HNM*LJ

P.S.- I was also assured by the Commission, that all would be evacuated in two months.

Dear Sir: re: Japanese children and school accommodation.

Referring to our telephone conversation of yesterday I now enclose a copy of the Canada Gazette setting out the regulations under which the British Columbia Security Commission functions.

A hurried reading of it seems to indicate that no attempt was made to alter the provisions of the Public Schools Act. I should like to have the document back but you may keep it as long as you please.

VANCOUVER BOARD OF SCHOOL TRUSTEES

Office of the Superintendent of Schools

29th August, 1942

TO ALL PRINCIPALS:

Below is a statement of a resolution adopted by the School Board at a special meeting held 28th August, 1942, and other information upon which the Board based its decision not to register Japanese students for the opening of the present school term.

Please state to applicants that you are acting upon instructions, and that the facilities for making such enrolment have not been provided:

RE JAPANESE STUDENTS AND SCHOOL ACCOMMODATION

"In view of the assurance given by the British Columbia Security Commission in a letter dated June 13th, 1942, that

'..it is the expectation that the Vancouver City evacuation will be accomplished before the commencement of the next school year. In any event, the Japanese population of Vancouver will be so reduced that it will quite likely be unnecessary to make any special provision for the education of Japanese children in the City."

and in their letter dated August 26th, 1942, that

'...it is the hope of the Commission that all Japanese within the area of Vancouver will be evacuated by the end of October or the early part of November..'

"And in view of the difficulty of organizing for such a short term, the shortage of teachers throughout the Province, and because of lack of facilities, recommend that the Board do not provide for the enrolment of Japanese children for such a brief space.

" This is carrying out the policy outlined in a letter from the Honorable Minister of Education dated August 26th, 1942, excerpts from which are as follows:

'...However, the attitude of this Department, and of the Government, in relation to the education of Japanese children, is that it is a responsibility of the B. C. Security Commission or of the Dominion Government, in view of the fact that the Japanese have become the charges of the B. C. Security Commission for reasons of national security.

Insofar as this Department is concerned, Boards of School Trustees in districts where there are now Japanese children will not be required to permit the Japanese children to attend existing public schools, nor to provide separate school accommodation for them, and the B. C. Security Commission were so advised in a letter to Mr. J. A. Tyrwhitt, Executive Assistant, on August 15th. We have a shortage of teachers throughout the Province which may force many of our schools to be closed, and this Department would not feel justified, in addition to other reasons regarding responsibility for the Japanese children, in assisting in the provision of teachers for Japanese, while our own white pupils are denied the privileges of education due to a shortage of teachers."

Mr. H. N. MacCorkindale,

VANCOUVER, B. C.

Dear Sir:

In the absence of Dr. Willis, Superintendent of Education, your letter of August 25th addressed to him, has been referred to me.

I note that the B. C. Security Commission advised you in June that the Japanese children would be evacuated from the City of Vancouver by September 1st, and that you have now been advised that this policy will not be completed by that date.

As you have been dealing with this matter direct with the B. C. Security Commission, it would appear to me to be still your problem to decide what action to take with regard to providing temporary educational facilities. However, the attitude of this Department, and of the Government, in relation to the education of Japanese children, is that it is a responsibility of the B. C. Security Commission or of the Dominion Government, in view of the fact that the Japanese have become the charges of the B. C. Security Commission for reasons of national security.

It would appear from your letter that the B. C. Security Commission advised you that the Japanese children would be moved from the City of Vancouver by September 1st, and if they fail to fulfil the undertaking given to you, they cannot expect you to provide accommodation and teaching personnel for the Japanese children on September 1st.

In so far as this Department is concerned, Boards of School Trustees in districts where there are now Japanese children will not be required to permit the Japanese children to attend existing public schools, nor to provide separate school accommodation for them, and the B. C. Security Commission were so advised in a letter to Mr. J. A. Tyrwhitt, Executive Assistant, on August 15th.

We have a shortage of teachers at present throughout the Province which may force many of our schools to be closed

and this Department would not feel justified, in addition to other reasons regarding responsibility for the Japanese children, in assisting in the provision of teachers for Japanese, while our own white pupils are denied the privileges of education, due to a shortage of teachers.

Yours faithfully,

Re: Attendance of Japanese Students in Vancouver City Schools for 1942

This is to advise you, in accordance with our conversation of August 25th, 1942, that a considerable number of Japanese children who were attending the Vancouver City Schools prior to the summer vacation, will still be domiciled in the City.

Is it possible to give me the approximate number of Japanese children still domiciled in the City, exclusive of those now resident at Hastings Park?

I would appreciate your reply as soon as possible.

In regard to the above, it is the hope of the Commission that all Japanese within the area of Vancouver will be evacuated by the end of October or the early part of November.

The decision re enrolment of the Japanese children in the City of Vancouver, in the minds of the Commission, rests entirely with the Vancouver School Board and the Provincial Department of Education.

Dear Sir, Re attendance of Japanese students in the Vancouver City Schools, September 1942

Early in June of this year the Assistant to the Chairman of the B. C. Securities Commission for the evacuation of Japanese from the protected area assured me that it would be highly probable that the Japanese children would be evacuated from the city of Vancouver by September 1st. He promised to let me know if their plan didnot materialize, as he thought it might.

Today I have been advised that delays, which could not be avoided, have made it impossible for the Japanese children in the Vancouver area to be evacuated. This will necessitate the provision of accommodation for about 2000 Japanese children.

Since the accommodation and teaching personnel to provide for these 2000 odd Japanese children will be temporary, what would be your instructions towards the enrolment of these students for such a short time? You can readily understand what it will mean in staff alone when we have planned to make no provision for these Japanese children.

I would appreciate having instructions prior to the opening of schools on September 1st.

Re: Attendance of Japanese students in the Vancouver schools for 1942.

Dear Sir:-

In your letter of June 13th, 1942 you stated that the Japanese population of Vancouver would be so reduced that it will quite likely not be necessary to make any special provision for the education of Japanese children in the city schools.

I was to be advised should there be any change in this situation and could you advise me as to the credence of the statement as in your letter of that date and as it applies to conditions today.

If we have to provide for any Japanese children in the enrolment in September, 1942 could you advise me approximately what number and for what time would they in all probability be enrolled with us. I am very anxious, as you can understand, to adjust the organization of our system for the next month. It may be necessary for me to make some special arrangements with the Department of Education should any alteration in our present plan of looking after Japanese be altered.

I appreciate your co-operation and sympathetic advice in this regard.

In response to your letter of recent date, I am instructed by the Chairman of the Commission to state that it is the intention to proceed as rapidly as possible with the complete evacuation of all Japanese from the Protected area. Eventually all Japanese children will be moved from the Vancouver City Schools.

Subject to the approval of the Dominion Government with regard to plans for further accommodation, it is the expectation that the Vancouver City evacuation will be accomplished before the commencement of the next school year. Dear Sir, Re Attendance Japanese children in Vancouver City Schools, September 1942

From our records we note that there were over 2300 Japanese children attending our schools last March. Since that time this number has gradually altered.

I would particularly like to know if, in planning our organization for staff beginning September 1942 we should count on Japanese children being still in our schools, or should we plan that they will not be in attendance?

Because of the regulations governing the School Act of the Province of British Columbia, whereby teachers holding positions are allowed to resign only prior to July 31st of the current year, it is highly important that we choose our staff prior to that date.

Since there is a scarcity of teachers in the province as a whole, you will readily undeerstand why I am asking this very important question.

May I thank you and your committee for the excellent co-operation I have received at all times.

Wishing you success in your most difficult undertaking.

Re: EXCLUSION OF JAPANESE CHILDREN FROM SCHOOLS

December 19th, 1941

PERSONAL & CONFIDENTIAL

S. J. Willis, Esq., L.L.D.,
Superintendent of Education,
Department of Education,
VICTORIA, B. C.

Dear Sir:-

This is to acknowledge receipt of your letter of December 16th re Japanese children in our schools.

I certainly do not recommend that the Japanese children be excluded from our schools because of the declaration of war between Japan and Canada. Why did we not take similar action in case of the Finns, Italians and Germand, etc.? As you are aware, we have a considerable number of these nationalities in our schools.

I am given to understand by the police that such action would not make it safer, but would have the very opposite effect in our community. It might be an excellent thing if we had all the adult Japanese as safely under control as their children are at the present time.

I might state that the schools have been conducted as usual. There have been to date no unfortunate events among the school children or the staff of the Vancouver City Schools. To refuse admission to the Japanese children in our schools would be an act directly aimed at the yellow race. In becoming involved in this Oriental problem, are we going to treat the Chinese in a separate group, because they are our allies?

Persons who suggest such action at this time have never made any attempt at thinking the problem through. I hope that these few comments will be of some assistance to your department in determining a policy which will directly reflect the spirit of a real democracy.

Sincerely yours,

Mr. W. A. Eastwood,

Dear Sir:

The Board of School Trustees referred your request to the Department of Education, Victoria, for comment and advice. The following is the reply which was received from Dr. S. J. Willis, Superintendent of Education:-

"I acknowledge receipt of your letter of the 15th instant and of a similar letter dated April the 9th. The Government does not look with favour upon the admission of any Japanese children to our public schools. By arrangement with the B. C. Security Commission our Correspondence Schools are available for Japanese students. No special Order-in-Council has been made by the Provincial Government relating to the Japanese in restricted areas."

For the boy's own sake, I would strongly advise that he not be subjected to the ordeal of having to go back to school under such strained circumstances. I would advise that he take a correspondence course.

I might also point out that since the boy is not resident in the City of Vancouver, it would not be within my jurisdiction to enroll him in the schools of the City of Vancouver.

Dear Sir:

I acknowledge receipt of your letter of the 15th instant and of a similar letter dated April the 9th. The Government does not look with favour upon the admission of any Japanese children to our public schools. By arrangement with the B. C. Security Commission our Correspondence Schools are available for Japanese students. No special Order-in-Council has been made by the Provincial Government relating to the Japanese in restricted areas.

Yours very truly,

Dear Sir,

Attached is a copy of a letter which I have received from Mr. Eastwood of the B. C.Security Commission re the enrolling of a Japanese student fifteen years of age.

Is there an Order-in-Council, or any other enactment, which would guide the Board of Trustees in dealing with such an application? We do not wish to become involved in any law suit which might be brought against the Board: consequently, could you advise as to our powers under the Act of the Province of British Columbia, or any supplementary legislation which may have been enacted?

Should this boy be refused admission, is it within the realm of possibility that he might be supplied with correspondence material through your Department? This in all probability may be clarified by Orders-in-Council about Japanese in restricted areas.

An early reply for my guidance and that of the Board will be very much appreciated.

Sincerely yours,

Superintendent of Schools.

Dear Sir,

We are anxious to make suitable plans for the care of three Japanese children who are wards of the Children's Aid Society. As these children have been committed by the Courts of British Columbia on a charge of neglect by their parents, we are making a petition to the Department of Justice to have them remain in their present homes in Vancouver. We have been unable to obtain suitable foster home care among the evacuated Japahese families, although every effort has been made to place these children with their own people at this time.

One of these children is GEORGE HORI, a fifteen-year-old Canadian-born Japanese boy. This boy was committed to the Children's Aid Society on December 11th, 1941, under Section 56, subsection "k" of the Infants' Act, which reads that a child may be considered neglected who "by reason of blindness, deafness or physical infirmity may become a charge on the community." The physical infirmity in this case is an acute asthmatic condition, accentuated by emotional disturb. ances associated with his father. The Children's Aid Society report that his adjustment in his present foster home is excellent, and that his health is consequently improving. You will understand why we do not advise you of this boy's present whereabouts.

Our concern, and that of the Society, is that George is not attending school. We would like to request that your Board allow him to return, at least pending our petition to the Department of Justice to have him remain in the restricted area.

Yours very truly,

BRISITH COLUMBIA SECURITY COMMISSION,

Dear Sir,

Attached is a copy of a letter which I have received from the B. C. Security Commission re suggestion that we enroll in the Vancouver City School system a Japanese pupil who is a ward of the Children's Aid Society.

Would it be possible to give me some guidance in this matter, such as any Order in Council which may have been passed regarding the action to be taken by School Boards in regard to the Japanese enrolling in the provincial schools?

Dear Sir, Re Japanese students in School Cadet Corps

I under stand that very shortly our Air Cadets will be issued with uniforms. Are Japanese students to receive the same consideration as other Cadets?

Our Shooting Galleries are almost completed. Are we to teach Shooting to the Japanese students in our Cadet Corps?

You will readily understand that there should be a general policy throughout the province rather than any one local unit acting on its own. We have endeavored to treat all nationalities the same, but, in view of what has happened so recently, one wonders if we are not too trusting.

Possibly General Alexander, as Chairman of the Strathcona Trust re Cadet Training, might be able to advise just what action he might wish the Department of Education to follow.

Excuse me for making this suggestion, but I thought it might come better from that quarter than directly from the Educational authorities.

Your advice in this regard would be very much appreciated.

It would be appreciated if your office would bill the Commission for Mr. McRae's services each month under a similar arrangement to that now in effect with regard to Miss T. G. Dear Sir:-

RE: Japanese and other enemy aliens in Henry Hudson School, May 1942.

I am not clear just what information you definitely require regarding the marginally-named topic, so submit the following. If you wish it broken down in any other form, I shall be pleased to assist:

I. No. of Children of enemy alien parentage in school on May 29, 1942:

Japanese	93
German or part German	13
French-German	2
Finnish	6
TOTAL	114

2. No. Japanese in school February 1, 1942: 107
" Japanese registering since Feb.1, 1942 15
122
" Japanese transferring since Feb.1/42 29
" Japanese remaining in school, May 29/42 93

3. Total school registration on April 30/42 502
Transfers OUT during month of May
Japanese 18
White 8
TOTAL 26
Less, transfers IN during May:
Japanese 1
White 9 10
Net loss in enrollment during May 16
Total School registration on May 29/42 486
(N.B.- pupils ACTUALLY attending during May were 502)

Dear Mr. MacCorkindale:

Re List of Enemy Alien Pupils

Will you please inform me what nationalities are to be included under the term enemy alien. For example, does it include Finnish, Hungarian, Rumanian, etc., etc.?

A modest estimate will be approximately 800 names at Strathcona School. Forms were sent for 60 pupils (20 names per sheet in duplicate). Please forward 80 additional sheets.

I am assuming that the forms are to be filled in for pupils who are registered in our school as on April 24, 1942. If this is the case, I do not understand the last column on the form headed "date of withdrawal from this school." Please clarify this point for me.

Yours truly,

H. E. Patterson

TO ALL SCHOOL PRINCIPALS:-

Re: Principals' Meeting

There will be a meeting of all principals of the Vancouver City Schools on Tuesday, April 14th, 1942 at 2.15 P.M. in the Board Room, 590 Hamilton Street

Re: Safety Film

Commencing Friday, April 3rd, the Safety Patrol Picture "One, Two, Three, Go" by Our Gang is to be filmed at the Orpheum Theatre for one week. This is an excellent film from the standpoint of Traffic Safety Education.

Re: Citizens' Drive for A.R.P. Funds

Immediately following the Easter Vacation every teacher on the staff of the Vancouver City Schools will be asked to subscribe to the Civilian Protection Fund for the City of Vancouver. The contribution suggested in this case is not a large one. I hope that everyone will be able to give a dollar towards this worthy investment. I am proud of the help which the staff of the Vancouver City Schools has given to the A.R.P. I know this campaign meets with your approval.

Re: Ambulance Service

For the information of the Staff of the Vancouver City Schools, Mr. F. Jones, the City Comptroller has stated that from April 2nd, 1942 the Kingsway Ambulance Service -- Phone Dexter 0032 -- will take over the ambulance service in connection with the City Departments.

Re: List of Enemy Alien Pupils

The attached forms for any enemy alien pupils are sent to you in duplicate. Please fill in and return one of these to the office of the Superintendent of Schools not later than April 24th, 1942. I would like to have this information checked very carefully by the principal and his staff.

Re: Identification Disks for School Pupils

The chief A.R.P. warden is announcing through the press the advisability of having parents see that their children are properly identified with fibre disks. Your co-operation, after this has been made public through press and radio, will be much appreciated.

Re: Metal Containers for Shop Refuse

I would suggest that all schools with shops for Industrial Arts make it possible for shavings to be kept in a fire-proof metal container until disposed of. Here is a project which the wood and metal shops would do well to investigate as soon as possible.

Re: Theatre Conference

On April 6th and April 8th at the Brock Memorial Building, University of British Columbia, the Department of the University Extension will hold a Theatre Conference. The program will consist of two general meetings, the presentation of a Conference play and a Delegates' Luncheon. Mr. Barclay Leatham, Executive Secretary, National Theatre Conference, will be in attendance. Registration of Delegates takes place on Monday, April 6th. The Conference opens at 3 P.M. on the same date.

Re: Sand for A.R.P.

In schools where there is no supply of sand, would the principals please notify the Office of the Superintendent of Schools so that we could communicate with the

City Engineers' Department prior to the Easter vacation.

Re: Proposed Courses in Civil Defense

Many of our staff have expressed the wish to prepare themselves in some branch of the National Defense work, and I am desirous of finding out the number of persons who might be interested. Through the Night School Department, a number of courses will be made available for teachers during the quarter from April to June. The giving of these courses naturally will depend upon the size of the classes. Circulars have already been sent out to the schools covering more detailed information.

Re: Absence of Teachers

I shall be pleased if you will impress upon the members of your staff that every teacher expecting to be absent from duty for any reason, whether requiring a substitute or not, must notify the Superintendent's Office.

It is very necessary for us to have this information in order that our records may be accurate.

It is also very necessary that all instructions to substitutes should be given from this office.

Re: Information regarding Students

If either one of the following pupils is attending your school, will you kindly notify the Bureau of Measurements.

LEIGHTON, LEONARD, birth date, March 4,1922; from Alert Bay Superior School, Alert Bay, B.C.
TOYODA, JOHNNIE YOSHINOBU, birth date, August 11, 1924; from Alert Bay Superior School, Alert Bay, B. C.

Re: JAPANESE CHILDREN (Interned at Hastings Pk.)

March 20th, 1942.

Mr. MacCorkindale:

Dr. Norman F. Black telephoned about 4.30 and would like you to call him at his home, Alma 0105L, tomorrow morning.

The Rev. Shimizu has brought to Dr. Black's attention the fact that there are hundreds of Japanese children in Hastings Park. These children are frightened, and bewildered, and have nothing to play with, and there is no one to oversee their playing.

Dr. Black was quite sure that you could think of some way to remedy this situation.

Re: JAPANESE

March 31st, 1942.

Mr. W. H. W. Hardwick,
Principal, Henry Hudson School,
Cornwall and Cypress Sts.,
Vancouver, B. C.

Dear Mr. Hardwick:

This is to acknowledge receipt of your letter of March 30th together with two typical notes of absence. I think, under the circumstances, that we will just have to make the best of things until such time as the Department of Education will be prevailed on to give us support for the rigid carrying out of the act.

Sincerely yours,

Superintendent of Schools.

Hudson School Vancouver, B. C., March 30, 1942.

Mrs. Mackintosh

Mr. O. J. Thomas,
590 Hamilton Street,
Vancouver, B. C.

Dear Mr. Thomas:-

I have received several letters comparable to the one enclosed. The gist of them is contained in the following :

1. Japanese parents are keeping children home to mind children while father is being evacuated to interior;

2. Some Japanese mothers allege they will have to go to work or have already done so and must keep children at home to mind babies.

Please tell me:

1. Does the government provide for Jppanese families left in Vancouver when father is evacuated east of the mountains?

2. Should I insist on regular attendance of Japanese children whether mother wishes to have them mind kiddies or not?

Or, where do we go from here?

Sincerely yours,

W. A. McFarlane

March 30/42

Dear Miss Hall:- Please excuse Yvonne Shaw from school last Friday afternoon & also today, as she was called to Ottawa on account of her father's illness. Thank you.

(Mrs.) T. Shigeta.

Mr. Hardwick:-

I'm very sorry to say kept my girl Yanko away from school, my husband expect going away to-morrow so I have lots of thing to do before he leaves. I don't want leave my baby's alone at home because nobody look after them if my brother there he'll help me (He went to England last great war and killed) after my husband gone I have no idea to live taken away our living hood. I may need to go out to work, so if I go out to work I Yanko's have to stay home once or twice in a week I don't want Yanko to keep home for that but I can't help that we have to eat first decides I try my best and let her buy war saving stamps too shame as we need to buy bread.

Please turn over
