Re: British Columbia Fish Salteries Ltd.

With reference to your letter of the 2nd instant addressed for the attention of Mr. K. W. Wright.

In view of the fact that Mr. Kita states that Mrs. Baird and Mr. Arthur P. Watkins are each the beneficial owners of one share, we agree with your recommendation that this matter should be closed by payment of the nominal sum of $20.00 for each share.

With regard to Mr. J. B. Baird's claim for legal services, it would also appear desirable to settle this matter and if you will obtain Mr. Kita's approval we would agree that Mr. Baird's account of $75.00 should also be paid.

Your kind attention to these matters will be appreciated.

Attention Mr. K.W. Wright

Dear Sirs:

Re: British Columbia Fish Salteries Limited

We have had telephone calls recently from Mr. A.P. Watkins and Mr. J.E. Baird representing his wife, M.H. Baird, wherein it was requested we should pay them the value of one share each from the liquidation of the company's assets.

In our report to you of 26th February, 1942, we reported:

"The issued capital is evidenced by share certificates endorsed in blank and remaining loose in the share certificate book, the shareholders being as follows:

Baird, Mabel H.	190 shares
Watkins, Arthur P.	610 shares
	800 shares

Mrs. Baird and Mr. Watkins state they have no beneficial interest in the above shares."

This should have been with the exception of one share each which are held by the two persons. Our evidence as to the beneficial ownership of the shares is given in the attached letters. We also understand there is certain correspondence in your files in this matter.

While we are at present unable to determine the value of the shares there should eventually be about $20.00 net per share realized on the disposal of the company's assets.

You will note our report states that Mr. Kita claims Watkins and Baird are the beneficial owners of one share.

No. 18615
NAME British Columbia Fish Culturists Ltd.

While it would appear that Watkins and Baird now have not a good claim against the company we consider, that in view of Mr. Kita's statement and the nominal sum involved, the Custodian may wish to accept same. Your instructions herein will be appreciated.

We also understand Mr. Baird made a claim for legal services to the company and filed same with you. He made no claim against the company when creditors were advertised for. We suggest if Mr. Kita will approve this account it should be paid.

Dear Sir:

Replying to yours of the 18th instant.

To the best of my knowledge, the holders of the shares are those who supplied the capital at the time of the incorporation, these were Mr. T. Ota and a Mr. Muki, I also think that Mr. T. Matsuyama, who acted for them in their absence, had some interest in the stock.

The capital was subscribed in Canada by the above, and I believe was part of the proceeding years profits of the various organizations they were interested in.

The bookkeeper, Mr. Okada, informs me this afternoon, that he is drawing up a trial balance of the books to date, this will disclose any debts due to Japanese abroad, he thinks however this will be limited to Mr. Ota, I shall be pleased to send you a copy of this statement.

Attention Mr. F. A. Sheppard

Dear Sirs:

Re: B. C. Fish Salteries Ltd.

Referring to your letter of the 8th instant we have now ascertained that the weighing machine claimed by the B. C. Packers Limited is bolted down at the company's plant and is included in the inventory of assets presented to Mr. Humphreys.

Mr. Humpreys advises us by telephone that he considers this weighing machine to be part of the fixed property he has purchased, and therefore, will not consider releasing same.

We have discussed this matter with Mr. Shears and it was agreed that, in view of the fact that the machine was bolted down and the B. C. Packers have made no claim since it was left there almost two years ago, we are not prepared to consider any adjustment is payable to the B. C. Packers Limited.

We are of the opinion the sale price of all the company's assets ($12,000.00) would not have been altered if the weighing machine was not on the premises.

If you consider Mr. Humphreys is legally entitled to this machine, will you reply to the letter of the B. C. Packers Limited dated June 3rd on our behalf and advise them of our decision in this matter.

Yours faithfully,

Dear Sirs:

Re: B.C. Fish Canneries Limited.

We thank you for your letter of the 19th instant in which you submitted an offer of $12,000.00 received from Mr. S. Humphreys of the London Fish Company Limited for the purchase of land, buildings and equipment located at Otter Bay.

We note your reference to the results of your advertisement calling for tenders and also the opinion of Messrs. Thompson and Binnington Limited with regard to our previous suggestion of a sale by auction. A copy of their letter of the 15th May is on our file.

We are prepared to approve of your recommendation to accept Mr. Humphreys' offer but we are not favourable to the suggestion that it should be paid on a basis of terms with 5% interest.

Provided a deal can be arranged on a cash basis it will be in order for you to accept this offer and proceed to complete this deal.

Attention Mr. F. G. Shears

Dear Sirs:

Re: B. C. Fish Salteries Limited

As we have previously advised you we have an offer to purchase the above Company's buildings and equipment located at Otter Bay, North Pender Island, from Mr. S. Humphreys, of the London Fish Company Limited, for $12,000.00.

While Mr. Humphreys will, if necessary, pay cash we would prefer that terms with five percent interest on the balance could be arranged.

This offer was submitted to Mr. R. Kita of T. Matsuyama and Company who claims to be the beneficial owner of 567 out of the 800 shares issued and outstanding of the Company. Mr. Kita would not agree to the acceptance of this offer, but, as you will recall in a subsequent interview between yourself, our Mr. Wray and Mr. K. Kimura; Mr. Kimura was of the opinion that Mr. Kita would not be agreeable to our disposing of this plant at any price as it would be a great detriment to the T. Matsuyama organization recommencing operations in the herring fishing industry in the post-war period.

what are highest bid? 28 Sep/

In July of last year we advertised the plant and equipment for sale by tender. The tenders received, and our opinion thereof, were outlined in our letter to Mr. McPherson dated 28th December, 1942. You will note that all the offers were refused.

While it was considered at that time that an auction sale would be the most advantageous way to dispose of this plant and equipment we have withheld holding an auction sale as since that date we have been in contact with various persons who expressed some interest in making an outright purchase. With the exception of the present offer none of these negotiations produced concrete offers worthy of consideration.

No. 1615 Unit 15
NAME British Columbia Fish Canneries Ltd.

Office of the Custodian May 19th, 1943.

We have discussed with Messrs. Thompson and Binnington Limited the advisability of holding an auction sale and in their opinion it is exceedingly risky and they are not at all satisfied that any reasonable sum would be realized.

The land, buildings, and equipment included in Mr. Humphreys' offer have been valued as follows:-

1.	Buildings, machinery, loose tools, etc. valued by Messrs. Thompson and Binnington (valuation report attached hereto) is	6,000.00
2.	Nets and fishing gear, both new and used, valued at price determined by Mr. C. P. Leckie	5,471.27
3.	Land which we believe could be sold to the present watchman who has offered $1,550.00 for same including buildings, at assessed valuation by Provincial Assessor	1,100.00
		$ 12,571.27

Mr. Humphreys' offer will permit the payment of all the Company's liabilities including enemy debt in full, therefore, the question of creditors' assent to the acceptance of this offer is of no concern to them.

In view of the foregoing, we would recommend the acceptance of Mr. Humphreys' offer and would appreciate your instructions herein and advice as to whether or not terms may be given, provided we are satisfied as to Mr. Humphreys financial condition and business integrity.

Yours faithfully,

C. P. Leckie

Messrs. P. S. Ross & Sons,

Vancouver, B. C.

Dear Sirs:

Re: B. C. Fish Salteries Ltd. Pender Island.

As per your request the writer personally went to Otter Bay, Pender Island to inspect and appraise the Buildings and Equipment as per Inventory supplied by you.

This particular assignment we have found very difficult for a number of reasons, namely:-

"A" The location of the Plant, and the possibility of being able to hold a successful Auction on the premises.

"B" The cost of dismantling, packing and shipping the Equipment to Vancouver.

"C" The Buildings, cost of dismantling and transportation which a prospective purchaser would be faced with.

In reference to "A":- After making extensive enquiries, we are of the opinion it would not be advisable to hold an Auction Sale at Pender Island.

In reference to "B":- We have gathered information that to dismantle, pack and transport all the Machinery and Equipment to Vancouver would cost at least $2,000.00.

Our valuation on all the Machinery, Stock & Equipment, excluding the Nets & Gear is $7,000.00.

The Buildings should realize $2,000.00 on the following basis:- The two Bungalows should realize $300.00 each, and four of the Mess or Bunk houses could be converted into summer houses, or sold as is for Barns and should sell for $100.00 each, the other Buildings would have to be dismantled and the only value is the lumber.

No. 1615
NAME British Columbia Fish Culturing Ltd.

There should be enough buyers on Pender and surrounding Islands who, if notified, could find good use for all the Lumber, and in our opinion $1,000.00 is a fair valuation for same.

This makes a total valuation covering Buildings, Stock & Equipment, but excluding the Nets & Gear of $9,000.00.

We would have to deduct from the above amount the sum of $2,000.00, being the cost of moving to Vancouver, also a further sum of at least $1,000.00 covering the cost of Auction Sale and disposal of the Buildings, which would only leave you a net balance of $6,000.00.

After considering the matter from every angle, we are of the opinion that any offer you receive over $6,000.00, excluding the Nets & Gear, you would be well advised to accept.

Yours truly,

THOMPSON & BINNINGTON LIMITED.

MEMORANDUM

Re: B. C. Fish Salteries Ltd.

The assets were advertised for sale but no reasonable offer received.

The Liquidator is continuing efforts to dispose of the assets and if an offer at all reasonable is received, it should be referred to Mr. Keita, who claims to be a substantial shareholder.

If no reasonable offers are received in the very near future, in view of the fact that some of the equipment can be made use of, the equipment should be sold by public auction. The opinion of Mr. Keita should of course be asked, but not necessarily followed.

It might be possible to get an auctioneer to guarantee the realization of a certain amount and I feel it should be sold by a Licensed Auctioneer.

Attention: Mr. K. W. Wright

Dear Sirs:

Re: Scows

A number of the Japanese fishing scows, while in excess of the minimum tonnage required to be registered with the Registrar of Shipping, have not been so recorded, and we have an understanding with the purchasers of several of these that we will assist in any way we can, so they can register their titles. The Vancouver office of the registry advise us that they have no authority to accept registry of vessels without having a certificate of the builder, certifying that the vessels were constructed in Canada.

Mr. Gould has been unable to contact the builders of these scows, and the local registry suggests that a sworn declaration by Mr. Gould containing the information attached hereto will probably by accepted by Ottawa and directions given to the Vancouver registry to accept the registration of these scows. Mr. Gould has agreed to give this sworn declaration, and we propose to submit the declaration covering the scow "M. 2", if this is accepted by Ottawa we will then file declarations for the remaining unregistered scows.

Will you, therefore, be kind enough to prepare a formal statutory declaration covering the scow "M. 2" as per the memo enclosed.

Yours faithfully,

File 295-113:
B. C. Fish Salteries Limited

Date of Control order - 18th December, 1941.
P. S. Ross and Sons Investigation report submitted 26th Feb.1942.
Liquidation order issued 6th July, 1942.

The majority of the shares of this company are owned by R. Kita, a Japanese evacuee. A number of shares are owned by K. Ota, resident of Japan. There is an enemy debt owing of approximately $4,000.00.

The company carries on a saltery business and the assets consist of land, buildings, machinery and equipment, and supplies. The assets were advertised for sale in the latter part of July; the bids received were considered unsatisfactory and were refused.

The company is not operating. The B. C. Packers Limited, who t endered for the assets, have recently indicated an interest in leasing the property as a fish depot. If the property is leased by the B. C. Packers, it is expected that they would take over the supplies. If B. C. Packers are not interest in leasing the property, the suggestion will be made to the Custodian that the assets be sold at auction.

Letters setting forth the above information, other than the suggestion regarding the auction sale, have been submitted to the Custodian. To date no progress report has been made.

Enquiry section to be advised by me.

Dear Sir:

Re: B. C. Fish Salteries Limited

We would acknowledge your letter of October 1st, and would advise you that the B. C. Packers Limited have approached us to lease the premises at $50.00 per month for six months. We considered their offer was too low and they have suggested that some revision will be made. We advised them, however, that we would not consider a lease of the premises while the inventory of supplies remained unsold.

We have prevailed upon them to reconsider the offer made in their tender to purchase the company's assets, and they are sending a representative to the property to make a detailed examination and state a reasonable offer will be made.

In view of R. Kita's claim that he is the beneficial owner of the majority of the company's shares, we feel that any offer should be referred to him before acceptance. Your view in this will be appreciated.

Re: B. C. Fish Salteries Ltd.

We would acknowledge your letter of 24th September requesting an up-to-date report on the above company.

The assets of this company were advertised for sale in July and the tenders received were not satisfactory and have been refused. The best offer for the Equipment and Supplies was $4,500.00 and we have had an independent valuation of the nets and fishing gear which alone amounts to $5,000.00.

Mr. Gavin Mowatt, your representative in the Gulf Islands, is quite satisfied that the supplies (excluding fishing nets and diesel engines) would realize at least $5,000.00 if an auction sale is held. We are endeavoring to obtain reasonable reserve bids on the nets, fishing gear and engines, and it is then, as previously discussed with you, intended to hold an auction sale of the remaining equipment.

Until we are satisfied that all the creditors can be paid, we do not consider that the Enemy Debt should be paid. At the present moment there is not sufficient funds on hand to pay all the company's liabilities.

Yours faithfully,

Re: British Columbia Fish
Salteries Limited

Dear Sir:

This is to confirm a telephone conversation I had with you on Saturday morning, when you requested that the Electric Light Plant owned by the above Salteries be made available immediately to your Commission for use at one of your Camps.

Following our telephone conversation, I made arrangements that your Commission can take delivery of the Electrical Plant immediately, on the understanding that the Plant will be valued by independent appraisers and the Commission will pay to the Custodian on behalf of the above company the appraised value. I understand there is considerable urgency in the matter so far as your Commission is concerned and Mr. Wray of Messrs. P.S. Ross & Sons' office has been instructed to co-operate fully with your representative.

I would point out that arrangements are now being completed to dispose of all of the equipment at this plant and I would appreciate a decision from you as to whether or not you require the Electrical Equipment

Yours truly,

Dear Sir:

Re: British Columbia Fish Salteries Limited

Since our appointment as Controllers of the above Company on the 18th December 1941, and our subsequent report on the 26th February 1942, we have received an inventory of the above Company's assets, and have ascertained the plant and equipment is properly watched.

In our opinion there is no possibility that we could operate this business to advantage, in fact our inquiries into the salt herring business have brought us to the conclusion that there is little possibility of obtaining a market for this product in the near future.

We have had no inquiries to lease this plant for the purpose of salting fish, but we have in hand an offer to lease the buildings for the sum of six hundred dollars ($600.00), the proposed Lessee intending to use the plant as a depot to collect fish. In our opinion this offer is not sufficient to warrant withholding a disposal of the property.

We have received an inquiry to purchase the plant and all the equipment. It is our recommendation that all the Company's assets at Otter Bay be advertised for sale.

Dear Sir:-

Re: B.C. Fish Salteries Limited

I enclose herewith my statutory declaration with account attached thereto.

I understand Mr. Watkins, one of the directors, has taken up with your office the question of holding the Company's annual meeting, which is now considerably over due. You might advise me whether or not you wish me to consider this office to be the registered office of the Company.

As you have been advised there are only two outstanding shares which are not controlled by your Department, namely one in the name of each of the directors. I understand the assets are being substantially looked after by yourselves. Under these circumstances I would suggest that these two shares be purchased by the Custodian, which would give him full control over the assets and if the Company is to be kept alive, probably could appoint new officers.

I would be glad to discuss this matter with you at any time at your convenience.

Yours truly,

Gentlemen:

Until such time as Matsuyama & Ota, mentioned in your letter of April 11th, have either been evacuated or have voluntarily requested us to assume control of their property, they are entirely free, insofar as the Custodian's office is concerned, to dispose of any property under their control in any manner they desire.

The Custodian's office therefore does not assume any responsibility for the barrels and salt mentioned in your letter of April 11th as belonging to Messrs B. A. Griffin Company of Milwaukee, stored at Otter Bay, B. C

Your claim has, however, been noted and as and if Messrs Matsuyama and Ota's property vests in the Custodian, an endeavour will be made to protect their property and also the interests of Messrs B. A. Griffin.

Dear Sir:

For the past few seasons, Messrs. B. A. Griffin & Co., Inc. of Milwaukee have in conjunction with the Coast Packing Co., Ltd., of Seattle, operated Herring packing plants at Japanese salteries, our firm doing the shipping.

We have received a letter on the subject, of which the following is an excerpt.

"You will recall that at the close of the 1940 herring season in B. C. we had some supplies left, consisting of barrels and salt, which is the property of B. A. Griffin Co., of Milwaukee."

"The facts are that at North Galiano at the property of Kasho, we left a little salt and at Otter Bay (B. C. Fish Salteries) the property of Matsuyama and Ota, we left a few barrels and salt."

"Apparently, these properties will be sold to someone and our interests must be protected, will you therefore write to the Alien Property Custodian, giving him formal notice that B. A. Griffin & Co. of Milwaukee is the owner of the salt at the Kasho plant or Burrard Fish plant, as the case may be, and also the owners of the salt and barrels at Otter Bay?"

On behalf of the above, we therefore submit this claim.

Yours truly,

Dear Sir;-

All offers and acceptances of orders and contracts and all times of delivery given, are subject to reservation of Force Majeure, Fires, Strikes, Lockouts, Machinery breakdowns, War, Import or Export Hindrances, and any other contingency beyond our control. All quotations are without engagement, and all goods are offered strictly subject to intermediate sale and confirmation.

In the event your depatment will require additional assistance, I can offer you my services, as Govermental action has so depleted our foreign markets, that my Co-Director can carry on for the duration.

For the past 20 years I have had very extensive dealings with the Japanese fishing interests, both here and in the Orient, and perhaps my services would release some younger man for active service, as I feel this is no time to sit back and take life easily.

Yours faithfully

Dear Sir;-

Replying to your letter of the 25th inst. It was not until I found among my papers, the certificate, that I remembered that one share each was issued to myself and Mr Stan McKeen for services rendered.

Mr McKeen subsequently transferred his share to his sister, Mrs Baird, when she was appointed a director in his place.

For this reason I qualified my letter of the I9th of December last.

Dear Sirs:

Re: British Columbia Fish Salteries Ltd.

I have your report of February 26th.

I issued a warrant on February 9th to this company to transfer the enemy shares and to date this has not been acted upon. I am not satisfied with the evidence produced by Mr. Kita and will consider the entire capital stock of the company to be enemy owned for the present until Mr. Kita proves otherwise.

I trust that if the enemy debt can be paid by the company this will be arranged. I trust you have considered the advisability of sending some one to the Gulf Islands to examine all the company's assets in that area, and this may be more desirable at the present time in view of the fact that the Japanese will be evacuated from these Islands in the very near future, if they have not already been evacuated.

Would you be kind enough to make enquiries to see whether or not it is possible to lease the property or to sell it. Such arrangements as might be made could be discussed with Mr. Kita if he is available.

Yours truly,

Re: Shareholders

I have your letter of March 3rd and have reviewed this file.

Messrs. P. S. Ross & Sons reported to the Custodian on December 19th and stated as follows - "We are advised by Mr. Watkins that he has no beneficial interest in this company". They made a more complete report on February 26th in which they stated as follows - "Mrs. Baird and Mr. Watkins state that they have no beneficial interest in the above shares".

Your letter of March 3rd appears to disagree with these two statements and I would appreciate receiving the facts as you see them.

MEMORANDUM

Re: British Columbia Fish
Salteries Ltd.

Mr. R. Kita has been in to see me twice concerning his interests in the above company. On January 14th he brought Mr. Kimura with him as interpretor.

Mr. Kita steadfastly maintains that he is the beneficial owner of the 567 shares and has owned the said shares since 1936 or 1937, when they were given to him in compensation for services rendered to Mukai. No satisfactory evidence has been produced to prove this but it was agreed that no decision would be made refusing his claim until such time as the question of liquidating the company has been determined, when the matter will be reviewed.

Dear Sirs:

Re: Regulations Respecting Trading with the Enemy

I have your letter of December 15th.

Am I correct in assuming that the persons who hold the shares of the company are the actual and ultimate beneficial owners and that the company itself has no foreign capital invested insofar as Japanese are concerned, and that it owes no debts to residents of Japan or Japanese occupied territory?

Your confirmation of my understanding would be greatly appreciated.

Dear Sir: Re: British Columbia Fish Salteries Ltd.

Pursuant to your authority under regulation 8 we have examined the records of the above company:-

The issued capital is 800 shares of $100.00 each. There have been no share transactions since 1937, and the shares are presently shown in the following names:-

A. P. Watkins c/o Watkins & Son 325 Howe St.	610 shares
Mrs. M. H. Baird	190 shares
	800 shares

All the share certificates are endorsed in blank and are in the share books.

We are advised by Mr. Watkins that he has no beneficial interest in this company and Mr. Kita (of T. Matsuyama & Co.) advises us that the shares are owned by the following:-

13th June/41 ic

Japan K. Ota	231
R. Kita Japan	567
A. P. Watkins	1
Mrs. M. H. Baird	1
	800 shares

No. 1615 Unit 11
NAME British Columbia Fish Salteries Ltd.

G. W. McPherson--2

193 Bo 1938

Mr. Watkins also advises us that one H. Mukai was in his opinion the principal owner of the company. We are advised by Mr. Kita that Mukai did own the shares at one time but that he (Kita) received same as a gift from Mukai to compensate for services rendered by Kita for a period of several years without renumeration. Mukai appears as a creditor of the T. Matsuyama & Co. Ltd. in the amount of $14,535.37 since 1937, and we are advised he died in Japan a few months ago.

We have examined an agreement dated 1/7/37 between this company and T. Matsuyama & Co. Ltd. wherein the Matsuyama Company is to operate the plant and to reserve 1/2 the net profits. While the agreement only covered one year's operations, it was evidently continued to the present.

The Books of Account have not been written up to 30th November 1941, but we have examined a statement at 30th June 1941, certified by A. W. Way, Chartered Accountant.

Included in the Accounts Receivable at 30th June 1941 are the following balances:-

Canadian Salt Herring Exporters Ltd.	$ 1,650.00
T. Matsuyama & Co. Ltd	8,297.53
Moresby Island Fisheries (Jedway) Ltd.	2,452.23

The accounts payable show the following balances due to Employees:-

Y. Okada	$2,280.55
M. Urata	1,561.50

We are advised they are both residents of Canada and not in custody.

The company's operations are principally the fishing and salting of herring.

We would recommend that in view of this company's association with the T. Matsuyama organization control be taken by the custodian.

Yours faithfully,

R. F. Ross Towns
