Re: Filing Cabinets

Dear Mr. Arpin:

I have for acknowledgment your letter of the 22nd instant.

We have today made arrangements with Crone Storage Company to pick up 14 steel filing cabinets. These will be crated by them and shipment will be made with as little delay as possible. They are being shipped freight prepaid, and as soon as we receive the freight bill we will forward same, together with the invoice for the cost of the cabinets as instructed in your letter.

We trust that these cabinets will arrive in satisfactory condition.

Yours very truly,

F. G. Shears.

"At the present time we have available 7 cabinets which are now empty and we also have 20 cabinets containing documents which are not to be microfilmed and which will later be destroyed. If necessary the contents of these 20 cabinets could be bundled up. I feel that although these documents have been set aside for destruction, that while we have space, they should be kept until we are ready to make a final clean-up.

"We will wait for any instructions you may wish to give in regard to shipment."

Will you be kind enough to issue such instructions as you deem necessary to the appropriate members of staff.

Dear Mr. Arpin:

Further to the requests made in your letter of August 10th, we have today sent to you the "Enemy Section" files. As a practical way of sending these, we have expressed them in two 4-drawer filing cabinets, properly crated by the Crone Storage Company. Two keys for these cabinets are enclosed.

We also enclose herein a numerical index (22 pages) covering these Enemy files. You will notice that there are a lot of missing numbers. The reason for this is because originally the property of persons of the Japanese race, who were interned in Canada, was administered by the Enemy Section of this office. All of these Internees were in due course released, and their affairs subsequently administered in a similar manner to "Evacuees", and their files withdrawn from the Enemy Section.

A Card index arranged alphabetically has been sent to you today via registered parcel post, and this index covers all the files being sent to you.

You will notice the references on the Numerical index enclosed, to those files which cover properties which have been dealt with by P.S. Ross & Sons. From time to time during the past years, the Ross Reports have been sent to Ottawa. You may wish to secure and file these Reports in their respective files as they will form an important part in the record of administration.

Dear Mr. Wright:

Your day letter telegram was received at 1:35. I am enclosing an itemized list of securities held in our Investment Account, totalling $1,754,000.00 which is the same figure as appears in my last Annual Report. On instructions from Ottawa, credit for the par value of these bonds as at April 12, 1946, was given to the former owners of these securities whose names are also shewn on the enclosed list. The interest which has since accrued from these bonds has been placed in No. 1 Account, Income Account.

In addition to the above, we also hold a number of share certificates for the Enemy Accounts as designated on the attached list. Some of these securities we believe, have no market value.

Payment of claims under Justice Bird's Commission is for the time being almost at a standstill. Since our last report of May 1st only 24 releases have been received. The present position is shewn on the statement enclosed. You will note that of the 43 outstanding claims, 7 of these claims total $68,217.85. The remaining 36 claims are all under $1,000.00, averaging approximately $325.00.

We understand that the Co-Operative Committee have sent out letters to their clients suggesting the advisability of completing and returning the Custodian release form without further delay. If thought advisable, it may be necessary for this office to write direct to these claimants if releases remain outstanding.

We obtained the Microfilming machine last week and Mr. Burns of the Eastman Company installed it and gave us instructions regarding its operation last Thursday. We are now getting into stride and I estimate that this particular work should be finished in September. At the present time I only have in mind the micro-filming of Evacuee files and records. Dear Mr. Arpin:

Re: Enemy Trust Fund Account -
Bank Balances

In accordance with instructions contained in your letter of August 10th, we have arranged for the Royal Bank to transfer to Ottawa, the balances which are in our account here.

We are enclosing a statement showing the position of the Enemy Trust Fund account as at today's date, from which you will note that the balances are as follows:

No. 2 Account	$ 5,891.92
No. 2 Savings Account	$80,000.00

These are the amounts which are being transferred.

We should perhaps mention that we have retained an amount in the Bank here, to cover 7 cheques which have been issued recently, and which have not yet been presented for payment. We will send a bank statement showing a nil balance when these cheques are cleared.

The total credit held in the Enemy Trust Fund account as shown on the statement to which we have already referred, is $2,260,891.92. This total is represented by the balances in the various Enemy accounts in our ledger. For your convenience we are sending a schedule of these accounts totalling this amount.

Dear Mr. Shears,

Re: Interest on $80,000.00 transfer

As suggested in your letter of August 22nd, I personally called at the Royal Bank of Canada, Sparks and Metcalfe Streets, Ottawa, and they agreed to pay us interest on the transfer; this they will do by adding $80,000.00 to our balance, when figuring the interest for the six months ending November 1st.

Your suggestion was surely appreciated.

Dear Mr. Arpin:

In regard to the $80,000.00 recently transferred from our Savings Account No. 23112, the last interest credited was in May. Interest is credited each six months on the minimum quarterly balance. As only two months elapsed since the May credit, the Bank here have not made any further entry for interest.

If you should be placing this $80,000.00 in a Savings Account at Ottawa, would it not be advisable to see if you could get a credit for interest on this $80,000.00 since last May.

I enclose our Bank Pass Book showing the account closed by the transfer to Ottawa of $80,000.00.

Yours very truly,

I took this matter up with the Royal Bank, Sparks Street and Metcalfe, on August 23rd., 1951, and they agreed to pay interest on the $80,000.00 for the six months and this by adding this amount to the balance of our account when figuring interest.

Re: Enemy Section

Dear Mr. Shears,

Since the Enemy Trust Fund Account No. 2 has been transferred to Ottawa, it is in order to transfer the Enemy Administration Account No. 1 as this will enable us to combine the whole Enemy Section into one before the end of the year.

Will you, therefore, have your Comptroller, Mr. B. Good, make the necessary entries as of November 30th to that effect, such as the crediting to Ottawa the various incomes received and debiting Ottawa with the Administration Expenses.

The amount owing by Japanese Evacuation Account Number 3, $20,000.00 is also to be debited to your Ottawa Account.

The balance of Bank Number 1 Account is to be transferred to Ottawa by cheque.

MATERIAL TO BE SENT TO OTTAWA

Paid vouchers together with cheques for the current year are to be wrapped in a separate parcel.

Audited paid vouchers and microfilms of paid cheques audited.

Dear Sir,

We are pleased to enclose herewith a Canadian National Railways transfer form which is to be completed by the Custodian of Enemy Property in order to effect the redemption of Canadian National Railway Company 4½% 20 Year Guaranteed Bonds, due September 1st, 1951.

We consider it desirable to return along with the completed transfer form, a certified copy of the authorization dated September 5th, 1939, which authorizes Mr. Mathieu to sign this type of instrument on behalf of the Custodian. This would be sent to New York and would no doubt speed the transfer of the bonds to bearer form for redemption.

When payment is received from New York we shall remit the proceeds to your office as requested in your letter of August 20th, 1951.

We request that the transfer form with attached authorization be returned to us as early as possible so that we may despatch the bonds to New York without delay.
