SAINT JOHN, N. B.
WINNIPEG VANCOUVER

August 16, 1950.

The Co-operative Committee
on Japanese Canadians,
Toronto, Ontario.

In accordance with the instructions of Mr. F. Andrew Brewin, we have compiled, and attach hereto, a Statement of the Computation of Balances of Awards payable to Claimants, who had retained the Committee (acting in consultation with the National Japanese Canadian Citizens Association) to present their claims to the Custodian of Enemy Alien Property.

This submission is comprised of the following exhibits:

A Summary of computation of balances of awards

B Statement of computation of balances of awards payable to claimants

C Retainer fees received on claims withdrawn

D Retainer fees received which could not be related to claims withdrawn or awards

E Adjustments relating to computation of ratio of total of additional assessments to total of awards.

The following comments on the preparation and computation of the statement are submitted for your information and guidance when giving approval to, or making adjustment of, the balances shown as payable to the respective claimants.

Case numbers, names and amounts of awards listed in the statement (Exhibit B) have been taken from and are in the same sequence as that employed in the Statement of Recommendations for payment of Awards compiled by the Commissioner, the Honourable Mr. Justice Henry I. Bird.

Case numbers that had been circled in red pencil on the copy of the award statement supplied to us have been excluded as we understand these cases were not represented by the Committee.

Claimants from whom retainer fees were received but whose cases were not included, in so far as we could determine, in the Commissioner's statement ofawards are shown in Exhibits C and D. Explanation of headings in the Statement, Exhibit B, are as follows:

Retainer fee - In the majority of instances the 1% charge is the amounted stated in the retainer forms filed with the Committee by the claimants; the remainder represent 1% of the net amount of individual claims reported to us by Mr. R. J. McMaster of Vancouver.

Additional assessment - The total of this charge represents the difference between the total of the 1% retainer fee, and the aggregate of legal and other costs which were estimated by Mr. Brewin at $100,000.00 for the purpose of determining what additional assessment should be charged to the claimants in respect of such expenses.

Additional assessment computation - The amount chargeable to each claimant is based on the ratio of (A) the total of the additional assessment required to (B) the total of awards, which ratio was applied to the award of each claimant. Particulars of the computation will be found in Exhibit E.

Award - Amount shown on the statement of awards recommended by the Commissioner.

Amount payable - The amount of the award after deducting therefrom the "balance recoverable". The latter is the total of the retainer fee and additional assessment, less payments received on account of such charges from the respective claimants.

P. S. ROSS & SONS

Certain adjustments were made when determining the percentage to be applied to the awards for the purpose of prorating the additional assessment, details of which are given in Exhibit E. These adjustments arose through suggestions made by Mr. McMaster that in certain cases, the 1% retainer fee charged to or the amount paid therefor by claimants might be considered by the Committee as in full settlement of all costs, being in effect on compassionate grounds. In other instances, because of special circumstances, the total of the costs chargeable to the claimant will have to be determined subsequent to the present computation.

In the event that the Committee decides to approve the charges to the claimants for additional assessment as computed herein, the total of the costs recovered by the Committee will amount to $100,000.00. In addition, however, the Committee has received retainer fees aggregating $417.46 in respect of claims withdrawn or claims that we were unable to relate to cases listed in the Commissioner's award statement, which are reflected in Exhibits C and D respectively.

We trust the foregoing and the attached exhibits present all the information and explanations you presently require but shall be pleased to furnish any additional assistance you may deem necessary.

P. S. Ross & Sons

Chartered Accountants.

THE CO-OPERATIVE COMMITTEE ON JAPANESE CANADIANS
