Re: Enforcement of B.C. Security Commission's Orders Nos. 1,2,7,8,10,25,27,29,30,36,39 and 40.

1. Under date of Dec. 10, 1942 the D.C.I. advises as follows:

"1. The Chairman of the B.C. Security Commission has requested this Force to enforce its orders enumerated above, in their relation to Japanese to whom they apply.

2. At present these orders legally only apply to persons of the Japanese race who have been evacuated from the Protected Area of B.C.

3. The Security Commission desires that this Force, in enforcing its orders, exercise whatever discretion appears appropriate to insure, as far as possible, that no injustice is done; this is very important as you will note that some of these orders if arbitrarily enforced could be considered harsh and such action would reflect unfavourably on the good reputation of the Force for fair play.

4. Officers Commanding are therefore directed to instruct detachments concerned that prosecutions for contraventions of these orders are not to be instituted without first reporting the circumstances and obtaining the concurrence of the Division Officer Commanding who will be guided by the merits of the case.

5. With regard to Order No. 36, we are advised that the authority to issue travel permits has been taken out of the hands of representatives of the Security Commission and this authority now rests entirely with representatives of this Force and the B.C. Provincial Police. I am attaching sample copy of form of permit in this regard for your information and am requesting the B.C. Security Commission to have a supply of these printed and forwarded, 1000 to each Divisional Officer Commanding, for distribution as required.

2. Attached hereto please find complete set in single copy of Orders issued by the British Columbia Security Commission, Order Nos. 1 to 46 inclusive.

3. With respect to Sub-Para. 5 above, we have not as yet received the printed copies of the permit. However, attached hereto are _____ copies of the permit form which may be used in the interim.

Re: Enforcement of B.C.Security Commission's Orders Nos. 1,2,7,8,10,25,27,29,30,36,39 and 40

4. It will be noted that each permit is made out in an original and duplicate copy. The original is given to the permitee and the duplicate is to be forwarded direct to the R.C.M.Police, Vancouver, B.C.

5. When a Japanese is given permission to transfer to another detachment area it will be necessary to make out 3 copies of F. 237; 1 for detachment fyle, 1 for Headquarters and 1 sent direct to the detachment concerned. Mention of this latter fact should be made in the Crime Report. Where a Japanese is given permission to go to another Divisional area 5 copies of reports are necessary; 1 for detachment fyle, 1 for Division H.Q. and 3 are to be sent through the usual channels to the Division concerned. In other words, in this latter instance, four copies of F.237 will arrive here, three of which will be forwarded direct from H.Q. here to the Div. concerned.
