APPEARANCES:

MR. CHERNIAK: Referring first to the claim for chattels on list number 1, Your Honour will note that on the first page of the analysis, Exhibit 3, that these have been set out in detail by the custodian and he has shown the sale price in the case of those that were sold and the disposition of those that were not sold. We have in our Exhibit 1 set out the larger items showing the date of purchase, price paid and the valuation at date of sale. In this connection your Honour will note near the bottom of the analysis page there is an item 'Left in the house', and there are seven articles set out there and the remarks of the custodian are unaccounted for, theft, etcetra. I would like to bring Your Honour's attention to Exhibit 1. That sets out that this kitchen stove wasnew in 1939 amd that it cost $40.00 when new and later the value is shown at 50% of the cost price which is a great depreciation. I am just referring to that as one of the items which are given in detail by the claimant now which the custodian's remarks show as having been too bulky and too invaluable to move. Turning now to list number 2, the question of the nets, they are sufficiently detailed in the claim and copied into the analysis sheet to make it unnecessary to group them again and we have therefore bulked it in our Exhibit 2. Your Honour will note on the extreme left hand column a statement given by the claimant to the custodian. It shows I think about 12 nets and I

think it might be cleared up if we point out how these nets correspond with the nets on the claim. I can possibly point out to Your Honour the number opposite the declaration and it can be set down opposite the nets shown on the claim.

THE COMMISSIONER: Is that 16 nets or is it $16.90? That is the first one, I think, here.

MR. CHERNIAK: Yes, that is net number 10 on the list on the left hand side of the page. I just thought that possibly Your Honour could note these numbers down opposite them.

THE COMMISSIONER: That is net number 10?

MR. CHERNIAK: Yes.

THE COMMISSIONER: Where does that appear?

MR. CHERNIAK: In the left hand column on page 2 of the analysis, Exhibit 3.

THE COMMISSIONER: Yes, I see, that is net number 10.

MR. CHERNIAK: I thought if your Honour would note the number opposite the custodian's number to show if they correspond or if they don't.

THE COMMISSIONER: 1690 is net number 10.

MR. CHERNIAK: Yes, Your Honour, I am only checking. 1685 is net number 4. 1683 is net number 5 and 1682 is net number 2. Now if Your Honour will skip down to the bottom portion of that, there are nets refered to without a custodian number. There is a net starting out 4/40, with a value of $40.00. It has no Custodian number, it is the first number of that group, this column headed unaccounted for or not found. Opposite that there is a $40.00 item

4/40 x 5 1/4 x 45?

THE COMMISSIONER: It is not reported?

MR. CHERNIAK: It was reported.

THE COMMISSIONER: Yes, but it is not shown in this column.

MR. CHERNIAK: I am not looking at the claim, sir, I am looking at the analysis sheet. That net starting out 4/40 is No. 7 of the declaration shown on the left hand side.

THE COMMISSIONER: $40.00, yes, I see that.

MR. CHERNIAK: That is net number 7?

THE COMMISSIONER: Yes.

MR. CHERNIAK: The next one for $140.00 is net number 6?

THE COMMISSIONER: There are two at $140.00

MR. CHERNIAK: The $140.00 one at the very bottom is net number 9, the other one, immediately below, is number 6 and the one following that is 11 and the next one for $150.00 is 12, and the $60.00 one which says (See remarks) is net number 8. The reason I have done this Your Honour is because in the custodian's analysis is the remark that this was possibly mixed with No. 1691, and I am showing that it is not that net. But now I should point out that custodian numbers 1684,86 and 91, show a value of $120.00 for which there is no corresponding net in the declaration of the claimant and, on the other hand, nets numbers one and three in the claimants declaration are not shown in this list number 2 although the total values are the same. Does Your Honour follow me?

THE COMMISSIONER: I think I do, yes.

MR. CHERNIAK:

Q Mr. Konishi, do you recall having a 10 inch net?

A At the time I reported I had one.

Q And a six inch net, 130 fathoms?

A Yes.

Q And a six and three quarter inch, 50 fathoms?

A Yes.

MR. CHERNIAK: Your Honour, I will ask my learned friend to produce a net statement which was prepared by the Custodian on November 15th, 1943.

MR. FERG: A statement of nets?

MR. CHERNIAK: Yes.

MR. FERG: I have one here for October 4th, 1943.

MR. CHERNIAK: I produce from the custodian's file Your Honour and tender as Exhibit 4 a net statement dated October 4th, 1943 and would like to point out that in addition to the typewritten statement, there is net number 1681, 5/40 x 6½ x 7¼ x 50 - 200, $140.00 which has been written in in pencil. I am doing this Your Honour to make it clear, that this list, from which the claim was based on, how it was made up and showing that it corresponds with this list which I produced from the custodian's file

THE COMMISSIONER: This is made up by the Claimant?

MR. CHERNIAK: No, from the custodian. There is a memorandum on page 2 which says they received it from R. Konishi, Oct. 1/43 a year and a half after evacuation. I would suggest that probably what has happened is he sent in his inventory and from that they took their inventory and they showed what they

found and what was not accounted for. The dates would bear out that suggestion.

THE COMMISSIONER: Three days after they received his list?

MR. CHERNIAK: Yes.

(NET STATEMENT EXHIBIT 4.)

THE COMMISSIONER: You haven't got his list, the thing that the custodian says he received from the claimant?

MR. CHERNIAK: I don't question it, it is all here, set out, but I don't see any need for repeating it. I might ask my learned friend if there is anything on file which would indicate that the custodian took any inventory prior to that one shown in Exhibit 4.

MR. FERG: No, there is nothing. November 20th, 42, C.C.Robinson inventoried nets at the Phoenix Cannery, but up to that time neither this man nor his son had declared any nets.

MR. CHERNIAK: Perhaps my learned friend can tell us whether a request for a net inventory was mailed to the claimant prior to October?

MR. FERG: I will read this memo into the record Your Honour "Neither Rokuhei Knoishi nor his son Yoshiaki declared any nets, but on November 20th, 1942, our Steveston Agent, Mr. C.C.Robinson, inventorie nets at the Phoenix Cannery tagged with the name of Rokuhei Knoishi. These nets were removed to our net house for disposal. We wrote to the above on September

20th 1943 asking him if he had left nets at the Phoenix Cannery and if so to give us full description of these nets. A reply to this letter giving list of nets was received from him in a letter dated October 1st, 1943. He was sent a copy of the net statement on file showing proceeds from sale of his nets on November 14th, 1943 which amounted to $219.50. Several nets claimed by him were unaccounted for. In connection with this see letter to the above dated November 15th, 1943 and memo of Mr. Green datedApril 16th, 1945. The A.B.C.Packing Company purchased twine direct from Mr. Konishi as per statement on file dated November 30th, 1943 and also on Schedule of nets and fishing equipment, datee February 28th, 1946 for the sum of $84.93, and this amount was credited to his account." That is all the information in regard to the nets Mr. Cherniak. Do you want Konishi's letter giving the full list and description of the nets?

MR. CHERNIAK: No, I am satisfied that it is shown on the analysis sheets. I would like now, Your Honour, to turn to page three of the analysis which sets out that an engine, a Fresbie 5 H.P. Marine Engine complete was reported but not found and a fish boat was sold for $300.00. Both of these items are set out in detail in Exhibit 2. For the record, Your Honour I am asking my learned friend as to the first record the custodian has of an inventory being taken at the home of the claimant?

THE COMMISSIONER: That is with regard to the household goods?

MR. CHERNIAK: Yes, and I am thinking specifically of this engine which was listed in 3 as having been on the premises.

THE COMMISSIONER: You think the engine was listed with the property found in the house?

MR. CHERNIAK: I don't say they found it but I would like to see how much time they let go before - - -

MR. FERG: The memorandum on the file is that the engine was not found.

MR. CHERNIAK: This is produced from the custodian's file Your Honour and it is a list of chattels bearing the signature R. Konishi.

Q Mr. Konishi, can you identify that signature?

A Yes.

Q Whose signature is that?

A Mine.

Q And this letter, is that also your signature on that letter? A Yes, sure.

Q Your Honour, I will file this list of chattels. It is dated November 17th, 1942 and is signed by R. Konishi and there is a routine stamp of the custodian's office showing it was received on November 23rd, 1942. This list of chattels sets out all the chattels supposed to have been found on the premises and says 'This represents all my chattels in the protected area of British Columbia." There is a letter attached to this list which is signed by Mr. Konishi which reads as follows: "St. Jean Baptiste, November 17th, 1942. Dear Sir:- I have received the letter. Thank you. but on the list there was some things missing it was

1 anchor of boat, 7½ ft long saw, that we cut the wood. Engine 5 H.P., its in the woodshed. Didn't you see that in the woodshed? Will you please tell me about it please? Thank You Yours truly R. Konishi."

(CHATTELS LIST AND LETTER EXHIBIT 5.)

CROSS EXAMINATION BY MR. FERG:-

MR. FERG: It is submitted Your Honour, that the personal property was sold at its fair market value and it is submitted that any articles claimed on account of theft or unaccounted for, the claim is excessive and unreasonable.

Q Mr. Konishi, with regard to the fishing equipment; the first document that you signed in the matter was what we call the J.P.Form, now in that form you didn't report any fishing equipment or nets or anything of that sort, why didn't you do that?

A At the time that I signed the J.P.Form I had not the full details as to what was going to happen to me, whether I was going to be sent to a road camp or whether I was going to be sent to Manitoba and, as the situation was so uncertain I thought perhaps I might be allowed to come back and fish and for that reason I didn't put in anything regarding the nets in my J.P.Form.

Q But you were asked to declare everything that you possessee? A At the time of signing this J.P.Form there were a number of Japanese milling about and I was told to take the thing away some-

where else and sign it and I wasn't told at that time specifically to put down all the details of the nets. I was able to speak a little but I am not proficient in reading English.

Q At any rate, where did you leave these nets?

A I didn't have my nets put with the other mens nets, I had them put in a room which was locked in the Phoenix Cannery.

Q Did the Phoenix Cannery give you a receipt for those nets? A No, I didn't receive one.

Q You were satisfied to leave them in the possession of the Phoenix cannery and you didn't report them at that time to the Custodian?

A At the beginning I had no instructions to report these matters to the Custodian. I had to go away to Manitoba in a hurry and I left these in charge of the Phoenix Cannery, a watchman down there and he told me that was all that was necessary.

Q About what date would that be Mr. Konishi?

A I am not perfectly certain but I left Steveston on the 23rd day of April and it was a few days prior to that.

Q That is in 1942? A Yes.

Q And you didn't report the ownership of these nets until the 1st of October, 1943?

A As I hadn't received any news about the sale of my nets or any information whatsoever regarding them I wrote the Custodian. I was at a place called Kane in Manitoba about that time in 1943

R. Konishi.
Cr. Exam.
Re: Exam.

and I asked my daghter to write to the Custodian.

Q Was that after you had been requested by the Custodian to file a statement of your nets?

A Yes.

Q And did you make up that list of nets from memory? A I had some details in a small book, which I have at present, and I made up my list from the details in that book.

Q When you left the nets with the Phoenix Cannery did you put your tag on every net and every piece of equipment that you left with them?

A Yes.

MR. FERG: That is all.

RE-EXAMINED BY MR. CHERNIAK:

Q You spoke of a certain note book in which you kept a list of the nets, I show you some paper writing, is that what you have been referring to?

A Yes.

Q In whose handwriting is that in?

A That is my writing.

Q Your handwriting? A Yes.

Q It says here 'April 14th, 1942, memory' what is that? A He put down the 14th of April from memory as a note to when he took this from the book.

BY MR. FERG:

Q Have you got a list in your book of the chattels you left in the house? A Yes.

Q Have you got the marine engine on that list?

A Yes.

Q Have you got the book now? A Yes, not now, it is at home.

Q You still have that book? A Yes.

Q How long would it take you to bring it over to the Court? A About an hour.

Q Supposing you bring it over here tomorrow morning?

A Yes, alright.

10

BY MR. CHERNIAK:

Q This room in which you stored your nets, was that room used by other people as well as yourself or only by you? A There were only my nets in that room.

Q How long had you used that room before evacuation?

A About three years.

Q And the nets then were placed in that room where you always kept your nets? A Yes.

20 Q I am brininging up that point, Your Honour to show that they were not in charge of the Cannery but rather they were left in the room that he rented.

BY THE COMMISSIONER: He didn't say he rented it.

MR. CHERNIAK: Well, he used the room, I am not questioning whether he paid rent for it or not. My point is - - -

THE COMMISSIONER: Would the Cannery Officials know that he had put them in there?

MR. CHERNIAK:

Q Did you use this room for that number of years with

the permission of the Cannery or with their knowledge? A The Cannery Company were well aware of the fact that I was using this room. The room was locked.

(Note) This hearing was adjourned until later in the day when R.Konishi returned with the book as requested by Mr. Ferg.)

BY MR. FERG:

Q Mr. Konishi, this is your book that you refer to?

A Yes.

Q It is your own handwriting?

A Yes.

Q When did you make the entries in this book?

A At the time of evacuation.

Q Before you were evacuated or just at the time you left? A Just before evacuation.

Q Do you require this book?

A Yes, I need it, but if you want to keep it - - -

Q Well, it will be filed in the case. The entries in the book only refer to fishing nets and fishing equipment? A It also includes the chattels.

THE COMMISSIONER: It was the engine we were concerned with was it not?

MR. FERG: Yes, and the fishing nets and the engine and the anchor.

Q Have you got the engine marked in here?

A I can't remember, I forget.

Q Have you got the anchor in here?

THE COMMISSIONER: Is it in the Japanese language?

MR. FERG: Most of it Your Honour.

MR. FERG: I think the book should go in, it is a memorandum and apparently the only memorandum he had. This is an original and I think we should put it in. It is to his benefit.

BY THE INTERPRETER: He says if you people need it you can use it.

BY MR. CHERNIAK: I have no objection to filing this. There is a great deal of writing which is not accounted for and I don't know how personal it is to the Claimant, that is the only thing, I don't know whether it should be filed as a public document. I wonder whether I could find out from him, off the record, whether it is his own personal information. I think he should be entitled to make his own decision.

THE COMMISSIONER: It is not evidence except those pages which relate to his claim. He evidently has no very great objection to it going in.

MR. CHERNIAK: Do you mind if I ask the interpreter to discuss it with him and ask him if there is anything of an important nature that he does not want shown to other people?

THE COMMISSIONER: Yes, that is agreeable.

MR. FERG: With so many documents and so much on the record I don't imagine anyone will want to personally paw over this book and get anything more than is relevant to the case.

THE COMMISSIONER: Oh no.

THE INTERPRETER: He says he has no objection to the book going in.

(BOOK, MARKED EXHIBIT 6.)

Mr. Cherniak: I notice here, written in Japanese something which I think refers to the engine.

Q Would you mind reading that to us?

A 'I never received the money for the engine.'

Q That is his comment there?

A Yes.

Q And opposite that is $70.00?

A That is the amount.

MR. CHERNIAK: That is what appears there?

THE COMMISSIONER: That is the translation of what appears in the book?

THE INTERPRETER: Yes.

All nets shewn in my claim were in very good condition. Those that were not very new had been renewed and rewoven.
The same applies to the lines. I have shewn a low value of same at 1313.00
These were all carefully washed and stored in the Cannery net house, in a separate room which contained only my goods.
I reported this to the Custodian.

There once live and Japanies maid.
A shy little ~~prairie~~ MICHIKO maid.
Who sang a lay a love song gay
As on the plain she whirl away the day
She love a Japanies boy
this shy little maid of old near
But brave and gay she load one day
to the battle far away
