for Mr.L.B.Bing

The credits shown on statements and summary are for nets, wood,etc,etc. and have nothing to do with boats balances.

Writer takes it for granted you have received from Reid, Wallbridge,Gibson and Sutton - nottation of withheld monies as follows and which amounts were withheld from boat deals to cover the ledger balances of

T.Kitagawa	$161.38-
K B. Yamashita	100.00—
I. Nakamura	315.00-
T. Omori	70.00
H. Omori	70.00

Niigata-ken. ¥ 100.-

The reason for this query is that writer does not recall having received acknowledgment of a previous letter on this subject.

Dear Sirs:-

re Y. Tanaka - "M.I. & "BIG BAY"

For your information we have today paid Reid, Wallbridge & Gibson $950.00, which is in accordance with statement you prepared dated April 30th.

We are still receiving pitiful letters and telegrams and this is the first start we have made towards settling any of the accounts.

We hope to forward you the detailed statements of the boats which have left for the North so that these may be O.K'd for payment by you.

Yours very truly,

Dear Sirs:

Re: Taijo Hamazaki, Shinnojyo Hamasaki
Kazuo Nakagawa, Shokichi Oyama.

We thank you for your letter of June 9th. and also for copy of letter received from the Department of the Secretary of State, Office of the Custodian, Japanese Evacuation Section, in regard to the above men, and on which we have to report as follows;

Taijo Hamasaki:	Boat I C 12	$625.00
	Debt owing to Cannery	561.39
	Balance	$63.61
	We also owe this man, as per the enclosed account for a boat.....	5.00
		$68.61

Of course this does not agree with the report that this man declares a debt of only $500.00. If you wish details of this we will have to obtain same from our Inverness Cannery.

Shinnojyo Hamasaki:	Boat S H	$400.00
	Debt owing to Cannery	221.20
	Balance	$178.80

We might say in this regard that we have already paid cheque to the Department in the name of G. W. McPherson for $77.50 for this man covering supplies purchased from him by our Inverness Cannery. This cheque was mailed to you on May 25th.

If Hamasaki is prepared to settle for this $178.80 we will be pleased to forward cheque.

Kazuo Nakagawa.	Boat I C 33.	$700.00
	Debt owing to Cannery	200.00
		$500.00
	Plus purchases made from him by Inverness Cannery	61.40
		$561.40

Cheque for this amount was mailed to your office on May 30th.

Dear Sirs:-

Re:- Gillnet Boats.

In order that there may be no misunderstanding, we wish you would check with the Custodian's office and ascertain whether everything is in order in regard to the following gillnet boats:-

T. Hamazaki	"I.C.12" or "T.H."	$ 625.00
S. Hamasaki	"S. H."	400.00
K. Yamashita	"M. K."	375.00
K. Nakagawa	"Kongo" - "I.C.33"	700.00
K. Kawaguchi	"I. C. 49"	500.00

We do not appear to have Bills of Sale covering these, but possibly they have been handed to Mr. Brodhurst. However, this morning we have received the enclosed Agreement for Sale of Vessel covering the "Miss Richmond", and the fact that this Agreement has just come in makes us wonder whether documents for the above-mentioned boats are also not completed.

Our account with S. Oyama, and the "Miss Richmond" is as follows:-

Purchase Price		$ 800.00
Purchase of Wood and Float Log		38.60
Ledger balance at Inverness	$ 320.00	
BALANCE owing to Oyama	518.60	
	$ 838.60	$ 838.60

This man has been requested to call at your office tomorrow, and we would ask you to kindly have his verification of these figures, when we will then be pleased to forward cheque.

Dear Sirs,-

Your letters #189 and 190 of the 18th inst received.

Somehow it seems that writer is unable to make himself understood re the settlements on Jap boats so think well to go into the matter more fully. Will enclose full statement of accounts - covering purchases of wood, nets and boats and which it is hoped will clear the matter up.

The collections made by Mr.Gibson of Reid,Wallbridge, Gibson & Sutton are quite in order and as the Japs have received their balances in the cases where collection was made, i.e.,

	T. Kitagawa	163.38
(not K).....	B. Yamashita	100.00
	I. Nakamura	315.00
	Y.Mizuyabu	100.00

there is nothing further to be done only to credit Inverness the amounts collected. Please note it is B.Yamashita from whom the 100.00 was collected by Gibson and not K. Yamashita. The mixup in initials comes about by the mans boat being licensed in K's name rather than B's.

The $70.00 each owed by T and H.Omori was to have been collected from the held out 25% purchase money and which had not been paid to the men up to May 14th. You would recall the deal for Robt.K., Nagato and H.O. - these boats purchased on a deal of 75% down and 25% when boats delivered. Writer had word from the elder Omori dated the 14th in which he said the money (25% balances) had not been paid at that date so perhaps still has not been paid so the debt of $70. each from T & H.Omori could be collected.

The list enclosed will show indidually each mans account for boat purchase,nets,wood,etc., and the balance shown will be his total credit.

Thanks for attending to matter of radio phone license for M/V "Florence" and no doubt the license itself will come to hand in due course.

Yours very truly,
INVERNESS CANNERY
R. H. Sinclair

MINTO

P.S. to letter #93

On the enclosed list you will note the three Omori's at the bottom. The credit shown, depends on whether you have made the final payment for the three boats - Robt.K., Nagato and H.O. There was 25% of the purchase price held - as you know.

Dear Sirs:-

We thank you for your letter of the 14th No. 81, and are pleased to know that everything is allright in regard to the First Aid man.

Re Jap Boats. The accounts are coming in galore for supplies, etc., and there seems to be no end to them. We note you enclose individual statements, in duplicate, covering amounts due sundry Japs for supplies. We also note that they owed money to you on boats and nets and you have marked on your list the ones that owed us money.

Mr. Gibson collected the following amounts, which he remitted to us:-

T. Kitagawa	161.38
K. Yamashita (not B.)	100.00
I. Nakamura	315.00
Y. Mizuyabu	100.00

but he was unsuccessful in withholding the money from T. & H. Omori, as apparently the money was paid over to the Commission before he was notified of the debt.

Do we understand that the summary of credit balances which you forwarded us is to be paid without taking into account the money which we have collected from these people? For instance, Mr. Gibson collected $315.00 from I. Nakamura and on your list of credits you show him with $60.00 credit. Do we have to pay him this $60.00? And of course the same thing applies to the others.

It would appear to us that you will have considerable difficulty in deciding what amounts are for our account and what amounts are for the Japs.

We thank you for list of changes in regard to men at the Inlet and Klemtu.

Dear Sirs:

Re:- Japanese Fishing Boats.

Mr. Cliff advises that he has been able to with-hold $706.38 against the boats, as follows:-

Y. Mizuyabu	"O. K."	$ 100.00
T. Kitegawa	"R. K."	161.38
K. Yamashita	"Chatham Maid"	100.00
I. Nakamura	"I. N."	315.00
		$ 706.38

He advises that he had paid over the money to One on the "Asahi" without the Committee with-holding the $230.00. He is endeavouring to get this refunded, however. Will you please advise as soon as possible just what settlement you make with these men.

Cliff advises that, after consultation with the Japanese Fishing Vessels Disposal Committee, his instructions are that it is quite in order to pay money to the Japanese for the purchase of such things as nets, cordwood, and equities in boats that have not been seized by the Naval Authorities. For your information, this letter is dated April 13th, 1942, and, of course, can be quoted by you.

In discussing the purchase of these boats with Mr. Sinclair, he advises that we have certain debts against these men, which are owing to the cannery.

We enclose herewith a list showing the amounts outstanding. The "N" refers to amounts owing on nets, and the "B" to amounts owing on boats. Do you consider that it is in order to hold up sufficient money to cover these debts?

BOATS:-

Writer saw Norman Brodhurst several evenings and spent Sunday with him inspecting the boats in Vancouver. Norman is now running the "KONGO" as a run-about and it is a great advantage.

"HOWE SOUND 3" - Seine boat 49.7; 14.2; 6 ft. draft; 80 H.P. Vivian - (Moran) left for the North to Klemtu on Thursday last - was at West Coast Salvage Shipyard.

"MENZIES BAY" - 16 ton Seiner - West Coast Salvage - about complete - a little painting and electrical work being done - should go North with the others.

"ORCA G" - 17 ton Seiner - at Hanson's - about complete - a little finishing work - seine table to be checked, &c. - to go North with "MENZIES BAY".

"HATTA II" - Seiner - West Coast shipyard - about complete - go North with the others.

"CHARLOTTE T.M.II" - Seiner - West Coast Shipyard - being converted from Packer to Seiner - nearly complete - within about a week - should go with the others.

"CARLODA N" - Packer - West Coast Shipyard - well ahead - will go with others.

"KLEMTU C" - General overhaul - should be ready with the others.

"ALBERTA G" - now at Hanson's - hopes to have ready with the others.

"HATTA III" - now to have a new Caterpillar engine - being installed yesterday at Hanson's.

"BETHUNE" - Seiner Gas boat - about complete.

"ROBT. K" - 30 H.P. Easthope Engine installed Winter 1939 - about complete.

"CHIEF LEGAIC" - Tailshaft of cat had to be changed, 1/8" too small in diameter - will be used for "ALBERTA G" - being attended to - should be away with the others.

GILLNET BOATS:-

"MISS RICHMOND" - O.K. - taken delivery.

"KONGO" - O.K. - taken delivery.

"S. HAMASKI" - O.K.

"D.S." - Bad shape - will not take delivery until satisfactory.

"J.O." - Still in doubt - will not take delivery unless absolutely satisfactory.

"I.N." - O.K. - except some equipment Government ~~will~~ has to replace.

"R.K." - O.K. - except some equipment Government has to replace.

GILLNET BOATS (Cont(d) -

"M.Y." - O.K. - except some equipment Government has to replace.

"S.T." - O.K. - except some equipment Government has to replace.

"O.K." - O.K. - except some equipment Government has to replace.

Brodhurst reports everything well in hand and hopes to have all boats away within three weeks at the latest.

In bringing boats around from New Westminster will endeavor to have a man with him but sayd it is very difficult to get assistance of any kind but will do his best.

He mentioned there is a good opportunity of picking up many replacements second hand at low prices if he had money available.

Brodhurst was having difficulty with permits for the six gasoline boats or gas auxiliaries but Writer saw Taylor and Mr. O'Hara of the Oil Controllers' Office and everything is arranged and Brodhurst can get permit from Mr. Taylor without difficulty.

Mr. O'Hara pointed out that Canneries should be warned that gas boats should not be used for any other than fishing purposes as very heavy penalties would be inflicted for misuse.

U.S.S.CO. LTD. -

Mr. Neilon mentioned there was no hard and fast ruling about not taking Cans and Boxes to the Canneries but did not think much space would be available. If there was an opportunith he would phone Writer direct.

WATERHOUSE & CO. -

They would use their best endeavor to get our supplies up in reasonable time under the circumstances.

Will deliver lumber from Telegraph Creek to Inverness ~~xk~~ by May 20th.

Left word with them regarding what we wanted shipped from Empire and they will keep in touch.

Obtained from them confidential information that the U.S. Government was taking control of the waterfront at Prince Rupert and building and making alterations to run in excess of $4,000,000. Also certain interests in Port Edward. Prince Rupert to be the U.S. base for the North.

B.C. MANUFACTURING CO. -

Writer saw Mr. McDonald who assured him that 3/8" thickness for Halves would be in use by the majority in his opinion. In fact did not think they would make the 1/2". Found out from Mr. Woodward that Nelsons, Canadian Fish and probably A.B.C. were using the 3/8". Others were considering the matter. As this is a considerable saving Writer thinks we should use the 3/8" for Halves.

FRIDAY, 2 P.M. -

Meeting of Fisheries Institute to discuss Chinese contract. Mr. Murray and Mr. McKay called on the Regional Board to present our case and were instructed to meet the Chinese Contractors and see if they could come to some understanding and report back.

SATURDAY, 10:30 A.M. -

Meeting with the B.C. F.P.A. Gillnetters on the Fraser. Roley stated for them that the 13¢ paid last year was satisfactory to the Fraser fishermen but that he had heard that the Northern fishermen would ask for a higher price than the 10¢ price of last year.

He asked the question as to whether the operators would permit the Government to inspect their books, this evidently in regard to the prices paid for fish as against the net selling price now fixed.

Mr. Murray stated that he was not at that time prepared to answer without full consideration and discussion with the other operators.

MONDAY, 11 A.M. -

Meeting of the operators regarding Chinese contracts and it was decided to make representations to the Contractors on the basis of wage scale submitted by them, in the hope that they come to some agreement ~~if xam~~ and if an increase is agreed upon the whole matter be put up ~~tbm~~ the Regional Board for a decision.

MONDAY, 2 P.M. -

Contractors and Operators met but can not come to an amicable agreement. Contractors ask for an hourly rate plus fares, board, supplies, &c. &c., while Operators wish for the contract basis per case as in previous years.

Contractors stated there was no hope of obtaining the labor unless the very high hourly rate suggested by them was accepted. This is beyond our power to do and will have to be decided by the Regional Board and of necessity added as an item of demonstrable costs.

Mr. Murray pointed out to them that unless the Chinese experienced Cannery men work at the Canneries it would be necessary to ask the Government to restrict them to that labor as has been done to a certain extent with farm labor.

MONDAY 2 P.M. (Cont'd) -

The Contractors were to meet later and report back.

Since returning to the office Lincoln Mar informs Writer that the Contractors will not agree to the case basis but insist on the hourly rate.

There will be further delay in this matter as the Regional Board has been called to Ottawa and is not expected back for a fortnight.

Mr. Hill did not think there would be any marked difference in the handling of the Pack for the U.K. over last year and in regard to labelling thought they would still label and with the I, II, III and perhaps IV grades if permission to have four grades was obtained from Ottawa.

He also thought that probably the Fibre boxes now in stock would be used at a 10¢ differential.

Writer had heard that there was some suggestion from the Brokers that stocks of labels held generally in Vancouver be used but Mr. Hill did not think this would be done and that the selling of the Pack unlabelled and marked by Grade would not be entertained.
