Have Your Child's Eyes Examined

Next in importance to the care of the vital organs of a child comes the proper care and preservation of his eyes. Blindness, or even defective eyesight should therefore be guarded against most carefully throughout the entire school course of American school children.

Recognition of the importance of conservation of sight and of the desirability of educational activity to promote attention to the correction of impediments, led Rhode Island in 1911 to the enactment of a law requiring an annual examination of vision and hearing of school children, the keeping of records of examinations, and notices to parents of defective sight as found.

We have known of so many cases where defective vision has interfered with satisfactory school work and with the welfare of children that we wish it might be universally a matter of more careful attention. We have periodical examinations of children's vision and our only wish is that even more effective attention could be given this important matter.

"Had to Hold Things At Arm's Length" Said Business Man

"I AM here to have my eyes examined because it's getting so I can't hold things far enough away to read them. I'm tired of trying to read at arm's length!" So said a business man who came for new glasses this week to the offices of Knox H. Hambly, Registered Optometrist, 302 Dominion Building, Hastings and Cambie streets. All that was wrong was that he had an extreme case of "far-sightedness" and had worn the same glasses for twelve years. Naturally they were of no further use to him; there's a handicap, in fact. New lenses gave him back good vision; he was only one of many who suffer from wearing glasses long past the time of usefulness.

SEVEN DROWN IN MONTREAL RIVER

TWO FISHERMEN FOUND BY PLANE

Discovery Made Shortly After Wreck of Boat Sighted by Fliers

By Canadian Press

WINNIPEG, May 19. — The two Winnipeg fishermen, William Lund and A. Hansen, missing for more than a week, have been located by an aerial search party on the eastern shore of the lake near the mouth of Warpath river.

The men are isolated, but have a fishing shack for habitation, and the airmen conducting the search dropped a bundle of food.

SEARCH STARTED

The men left Dancing Point 10 days ago for a 10-mile trip to recover nets and equipment. They traveled in a fishing caboose. It was not until last week that fears for their safety were felt and a search instituted.

Since Wednesday last, Pilot Paul Calder of the Western Canada Airways, accompanied by Alf Walker, mechanic, and Dally Lund, brother of the missing fisherman, searched the lake short and nearby islands.

Saturday the aerial party discovered the wrecked fishing caboose. There was no sign of life, but 30 miles along the shore they spotted a rowboat near a fishermen's shack, and as the plane dropped low the missing men dashed out and were identified by Dally Lund.

FOOD LANDED

Unable to land on the rocky shore, Pilot Calder continued the flight to Dauphin river, 30 miles to the south, where Dally Lund was landed, with an additional food supply, and he will trek along the shoreline to meet the fishermen.

Huge blocks of drift ice made it impossible to send a boat out.

Word of the safety of Lund and his companion reached here Sunday night from Lac du Bonnett air station, where Pilot Calder returned Saturday evening.

JAPAN'S ORIGIN TRACED

Archaeological research suggests that the present inhabitants of Japan are descendants of the ancient Scythians, according to the Rev. F. Casells - Kennedy, who addressed the International Club Saturday noon in the Hotel Georgia.

The earliest races in Japan appeared to have come from the north. These were followed by a Malay invasion. The western people, probably the Scythians, came about 700 B.C., the speaker estimated.

FATHER, TWO SONS, YOUTH LOSE LIVES

Ten Persons Perish in Ontario Week-End Accidents

THIRTY-TWO violent deaths were reported during the week-end from various parts of Canada and the United States. Ten of the fatalities occurred in Ontario and seven in Quebec. Of the total deaths eleven were drowning accidents and sixteen were caused by automobile mishaps.

SEVEN DROWN

By Canadian Press

MONTREAL, May 19.—Boating fatalities claimed seven lives over the week-end in two accidents on the Riviere des Prairies, on the north shore of Montreal island.

A father and two young sons and a youth who had made a gallant attempt at rescue, were drowned Saturday afternoon while the mother of the two children looked on helplessly from the verandah of their summer cottage. Three young men, two of them brothers, were drowned near the same spot late Friday night while fishing from a rowboat.

Urbain Brochu, a civil engineer, aged 31, resident for the summer on the Riviere Des Prairie, was on the water with his two sons, Jean and Urbain, 6 and 7, in a canoe powered with an outboard motor. They cruised up and down in front of the cottage and it was said by witnesses that the two boys suddenly stood up in the small craft, causing it to capsize.

RESCUE EFFORT FATAL

Brochu was an expert swimmer and attempted to reach shore with the two boys but he was more than 500 feet out and became exhausted before he had progressed very far. All three disappeared.

Meanwhile S. Dante, 19, of Montreal, standing on the river bank, had seen the accident. He threw off some of his clothes and swam out toward the struggling Brochu. Apparently the shock of the icy water weakened him. He had only taken a few strokes when he disappeared.

BROTHERS PERISH

In the other accident, Henry and Edward Laute, brothers, aged 17 and 18, and U. Delarmeat, 19, set out in a rowboat to do some night trolling. They stationed another lad, Allan Robillard, on the shore with a flashlight to guide them when they were ready to return. This lad heard shouts for help at 10:30 but could see nothing. He gave the alarm and in a short time a search party was organized.

The father of the Laute boys located an oar from the missing rowboat after an hour's search, but it was not until Saturday afternoon that the boat, which had capsized and sunk, was located.

TEN DIE IN ONTARIO

By Canadian Press

TORONTO, May 19.—Fair weather or not Ontario's fatality list continues to grow. Despite unpleasant weather conditions over the week-end when Jack Frost made a sudden reappearance, nipping tender plants and forcing citizens to seek heavier clothing, motor car, drowning and other accidents took a toll of 10 lives.

The drowning victims were Lawrence H. Kelsay, 9, who perished in the Rideau canal at Smith's Falls; Wilfred Fullarton, 14, who was toppled from his canoe into the Kaministiquia river at Fort William, and Leophil Hemond, 3, who wandered away from home and fell into the canal at Cornwall.

CAVE-IN AT MINE

A cave-in at the flood mine of the International Nickel company in the Sudbury district caused the death of Duro Bezo.

Wilson Denning, 50, Ottawa, blinded by a vivid flash of lightning, released his hold at the top of a 30-foot telephone pole where he was working, and crashed to the ground below. Death was instantaneous.

T 16-inch limb, falling from a huge elm tree, ended the career of Thomas Brule, 46, Ottawa. He was trimming the tree at the time of the accident.

Crowded highways were responsible for the major number of deaths, four lives being snuffed out by auto mishaps.

Myron Youngs, 19, dismounted from his bicyle near Welland to light a cigarette and was struck by a car just as he put the lighted match to his face.

Warren Stirling, 9, Kingston, was struck by a motor truck while riding his bicycle in that city.

WOMAN KILLED

Mrs. Robert McDowell, Windsor, met death in an unusual manner when her husband stepped on the accelerator in mistake for the brake. The car leaped ahead and threw the woman against the door which flew open and caused her to fall out.

A. J. McDonald, Sudbury, was fatally hurt when the car in which he was riding crashed over an embankment.

3 IN AUTO KILLED

By Canadian Press

NORTH BATTLEFORD, Sask., May 19.—Three men met death and a fourth was injured when a train and an automobile crashed at a level crossing near Bresaylor, 22 miles northwest of here, Saturday afternoon.

The dead are: Andrew Anderson, James Brown and Arthur Brown, all of Bresaylor.

George Anderson, son of Andrew Anderson, is in hospital suffering from shock and minor cuts.

Anderson and James Brown were killed instantly when the car in which they were driving came into collision with a C. N. R. eastbound train which reaches here about 5:30 in the afternoon from Edmonton. Arthur Brown, son of James, died soon after admittance to hospital here.

THREE HORSEMEN BURN

By Associated Press

CHICAGO, May 19.—Six violent deaths were recorded in the Middle West during the week-end.

Jimmy Shelton, 23, veteran jockey at Fairmount race track; James Eaton, 23, an exercise boy, and Randall Smallwood, 37, a jockey's agent, burned to death early Sunday when their automobile caught fire after crashing into a concrete abutment on a road three miles northeast of Collinsville, Ill.

Apparently stunned by the crash and trapped in the car, the three men burned to death before help could reach them.

A 22-year-old bride shot and killed herself here after seeing her husband drown in a lake near Orion, Mich., Saturday.

The bride, Mrs. Rachel Long, watched for two hours while vain attempts were made to resuscitate her 24-year-old husband, Marvin Long. Afterward she was taken to the home of her sister. She went upstairs and secured a revolver and returning to the living room, kissed her father and mother and shot herself through the temple.

BLOWS SELF TO DEATH

William Sakash, 50, blew himself to death with dynamite as three officers arrived to arrest him on a charge of attempting to attack his daughter at Stanley, Wis.

Sheriff John Hefler of Chippewa Falls, Ed. Zais, chief of police of Stanley, and a deputy sheriff, went to the Sakash home six miles south of here. Sakash had taken refuge in a small log building and when the officers approached, he set off the dynamite.

None of the officers was hurt, although they were showered with debris from the wrecked building.

Two passengers on a Detroit to Pittsburg motor bus were injured fatally, two more passengers and the driver were injured dangerously and 18 other occupants of the bus were hurt, some of them seriously, in a collision between the bus and a truck and trailer, 15 miles north of Canton, Ohio.

2 TRAINMEN KILLED

By Associated Press

HAMMOND, La., May 19. — The engineer and fireman of the Illinois Central Railroad Panama Limited were fatally injured, a 14-year-old boy was seriously hurt and three passengers, including a woman, were slightly injured yesterday when the boy's automobile stalled on the track at Tangipahoa station and was hit by the train. The locomotive and tender overturned and three cars were derailed.

BOAT CAPSIZES

SACRAMENTO, Cal., May 19.—J. C. Mayne, 47, of Oakland, was drowned in the Sacramento river at Isleton Saturday when his outboard motor boat capsized. C. H. Todd and John Rae, Oakland, occupants of the Mayne boat, swam to safety after trying to save their companion from the swift current.

WOMAN KILLED

WOODLAND, Cal., May 19.—Mrs. William M. Muncey, 60, well known here, was killed, and her husband probably fatally injured shortly after 8 o'clock last night when their light automobile was struck at a crossing by Southern Pacific electric train No. 44, running from Sacramento to Gerber.

WOMAN DECAPITATED

OLYMPIA, Wash., May 19.—Mrs. H. O. Perry, 54, Tacoma, was instantly killed yesterday when the car in which she was riding was struck and overturned by a machine driven by Miss Caroline Kiel, Seattle. Mrs. Perry's head was severed from her body in the crash. The accident occurred on Pacific Highway, near Nisqually, Wash.

GOOD CITIZENSHIP

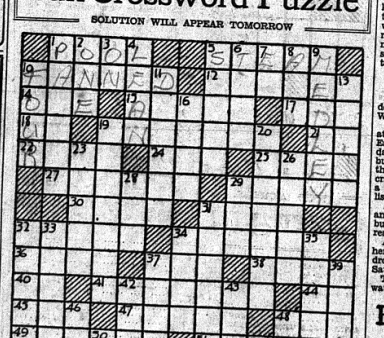

Importance of the citizen fulfilling his duty both to the state and to God was emphasized in the sermon preached by the Rev. R. G. MacBeth at St. Paul's Presbyterian church Sunday morning.

FRUIT PRICES HIGHER

Imports of early fruits such as strawberries and cantaloupes have been lighter than usual this season on account of high prices, says the market report of the provincial department of agriculture.

City Man Averts Serious Crash

NEW WESTMINSTER, May 19.—Presence of mind of Mr. D. A. Dewar, 1833 East Sixteenth avenue, Vancouver, averted a possible serious accident on Columbia street, Saturday night.

An auto, B. C. license No. 73,036, parked on the street, ran away.

Mr. Dewar was driving at the time and, without hesitation, stopped his auto, made a flying leap on to the runaway car and stopped it just as it was nearly crashing into another auto filled with passengers.

EARLE SANDE WINS DERBY

LOUISVILLE, Ky., May 19.—Gallant Fox won the Kentucky Derby.

Gallant Knight was second and Ned O third.

Gallant Fox won easily by three lengths, after having entered the stretch half a length to the good over Alcibiades. Gallant Knight and Ned O came from behind to take second and third.

Alcibiades led to the back stretch where Earl Sande drew Gallant Fox abreast and maintained this position to the stretch.

Boy's automobile stalled on the track at Tangipahoa station and was hit by the train. The locomotive and trailer overturned and three cars were derailed.

BOAT CAPSIZES

SACRAMENTO, Cal., May 19.—J. C. Mayne, 47, of Oakland, was drowned in the Sacramento river at Isleton Saturday when his outboard motor boat capsized. C. H. Todd and John Rae, Oakland, occupants of the Mayne boat, swam to safety after trying to save their companion from the swift current.

WOMAN KILLED

WOODLAND, Cal., May 19.—Mrs. William M. Muncey, 60, well known here, was killed, and her husband probably fatally injured shortly after 3 o'clock last night when their light automobile was struck at a crossing by Southern Pacific electric train No. 44, running from Sacramento to Gerber.

WOMAN DECAPITATED

OLYMPIA, Wash., May 19.—Mrs. H. O. Perry, 54, Tacoma, was instantly killed yesterday when the car in which she was riding, was struck and overturned by a machine driven by Miss Caroline Kiel, Seattle. Mrs. Perry's head was severed from her body in the crash. The accident occurred on the Pacific Highway, near Nisqually, Wash.

GOOD CITIZENSHIP

Importance of the citizen fulfilling his duty both to the state and to God was emphasized in the sermon preached by the Rev. R. G. MacBeth at St. Paul's Presbyterian church Sunday morning.

FRUIT PRICES HIGHER

Imports of early fruits such as strawberries and cantaloupes have been lighter than usual this season on account of high prices, says the market report of the provincial department of agriculture.

City Man Averts Serious Crash

NEW WESTMINSTER, May 19.—Presence of mind of Mr. D. A. Dewar, 1823 East Sixteenth avenue, Vancouver, averted a possible serious accident on Columbia street, Saturday night.

An auto, B. C. license No. 73,036, parked on the street, ran away.

Mr. Dewar was driving at the time and, without hesitation, stopped his auto, made a flying leap on to the runaway car and stopped it just as it was nearly crashing into another auto filled with passengers.

EARLE SANDE WINS DERBY

LOUISVILLE, Ky., May 19.—Gallant Fox won the Kentucky Derby.

Gallant Knight was second and Ned O third.

Gallant Fox won easily by three lengths, after having entered the stretch half a length to the good over Alcibiades. Gallant Knight and Ned O came from behind to take second and third.

Alcibiades led to the back stretch where Earl Sande drew Gallant Fox abreast and maintained this position to the stretch.
