College Succeeds In Suit For Fees

VICTORIA, March 21.—Brentwood College, in the suit brought by Robert Harvey as its counsel, against Peter L. Bancroft, 402 W. Pender Street, Vancouver, was awarded judgment for $487.58 by Judge Lampman in court here, for fees and bill unpaid by a son, Leo Bancroft, a student there.

Charity Chest Has New Quarters

The Vancouver Welfare Federation is moving today from the campaign headquarters at 300 West Pender Street to permanent offices on the 10th floor, Dominion Bank Building, 207 West Hastings Street, it is announced by federation officials.

The new quarters will also house the Vancouver Council of Social Agencies and the Social Service Exchange, the latter having been taken over by the council from the Central Welfare Bureau.

Church Players Present Comedy

The St. Andrew's-Wesley Young People scored a success with their presentation of the three-act comedy "It Pays to Advertise," given in the Kitsilano High School Auditorium, Friday evening, under the direction of Leonard Miller. The play will be repeated again this evening at 8:15.

The play was characterized by clever acting and easy stage presence on the part of all members of the cast. Those taking part were: Lorian Webb, Carol McKenzie, Mary Wilson, Geoff North, Hugh Munro, Jack Fyfe, Elma McLachlan, Lindsay Garrison, Richard Reynolds, Marian Pickard, John Reed and Hilda Forbes.

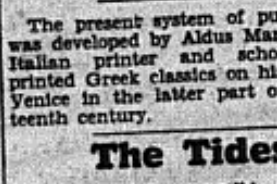

Interurban Train Crew Exonerated

NEW WESTMINSTER, March 21.—The crew of the train which struck M. Murakami, Annacis Island Japanese, who was walking along the B. C. E. R. tracks, near Elsowa Station, Thursday evening and died in the Royal Columbia Hospital Friday morning, was exonerated by a coroner's jury of all blame for the man's death.

The victim had been visiting friends and was on his way home when he was hit by an interurban train in charge of Thomas Steele, motorman.

The present system of punctuation was developed by Aldus Manutius, an Italian printer and scholar, who printed Greek classics on his press at Venice in the latter part of the fifteenth century.

MILK BILL IN LEGAL TANGLE

Continued from Page One

for Mr. Berry to let Mr. Loutet's bill, to which he is opposed, pass the second reading.

STATUS DOUBTED

Then in committee of the whole it is argued he should move to amend the title, changing the word repeal for the word amend, striking out all the Loutet sections and adding his own sections.

Others argue that no amendment may be made to a repeal bill.

Some argue that the mere fact of Mr. Loutet having introduced a repeal bill makes it impossible under the rules for the original act to be amended this session at all, even though the repeal be defeated.

Others say that if it be the desire of the majority of the members to continue the act and to amend it no rule can stand in the way of the will of the Legislature prevailing. They point out that a majority of the House may overrule a Speaker's decision on appeal not necessarily because they consider it unsound but because the House has a right to disregard the rules in order to accomplish a purpose which it deems in the public interest.

Meantime nobody seems to have been able to count noses on the two big agricultural marketing issues. It is believed that the division of opinion will be almost identical on the two questions, one affecting fruit and the other milk.

NO INSTRUCTIONS

Both sides claim majorities on both bills.

The agricultural committee itself is believed to contain a majority favorable to the co-operatives, but it is admitted that the whole proceedings before that committe are irregular, inasmuch as the committee has received no instructions from the house to hear representations. Hence it is unlikely that the committee will attempt to report.

CONFLICTING VIEWS AIRED ON RUSSIA

OTTAWA, March 21.—Warm congratulation for the Government on its policy in barring Russian trade with Canada from Quebec, and condemnation for the same policy from British Columbia, featured the debate on the throne speech in the House of Commons yesterday.

While the sitting lasted for only three hours, and only three members participated in the debate, there were dramatic moments.

Armand Lavergne, Deputy speaker of the House and Member for the Montmagny, Que. furnished one of these when he said:

"If at any time I felt proud of being a citizen of Canada, or felt proud of being a Christian, it was when the Prime Minister of this country, speaking notonly in the name of the Dominion of Canada, but in the name of civilization, said: 'We shall have nothing to do with Russia,'" asserted Mr. Lavergne with emphasis.

The case against Russia, he declared, had been proved to the hilt.

ANGUS MACINNIS SPEAKS

Angus MacInnis, Independent Labor Member for South Vancouver, after quoting figures of unemployment in the Pacific Coast city, drew a contrast with conditions prevailing in Russia.

FORCED IDLENESS

"In Russia," he said, "we have forced slavery. In Canada we have forced idleness. Many of these unemployed men would be glad to be forced to work."

He suggested that Canadians should "clean their own doorstep" before criticizing Russia. Conditions in Canada were worse than they had been when the Government took action at the emergency session of parliament.

What further action did the Government propose to take? "We have a right to know because the people are feeling the pinch," asserted Mr. MacInnis.

Reduction in hours of work and increased wages were suggested by Mr. MacInnis for the amelioration of conditions.

DAVIDSON SPEECH ON RADIO

The address of James W. Davidson of Calgary, honorary general commissioner of Rotary International at the Rotary dinner in the Hotel Vancouver will be broadcast over CNRV at 8:30 p.m. today. Mr. Davidson will deal with the general work under his jurisdiction. He returned Friday from an organizing trip in the Orient.

LANGLEY BOARD ORGANIZED

T. S. Dixon, past president, and W. E. Payne, executive secretary of Vancouver Board of Trade, addressed a meetng at Langley Prairie Friday night of business men who have the organization of a new board of trade well under way.

Some 70 prospective members have signed organization articles and application has been made to Ottawa for a charter for the new body.

LOS ANGELES, March 21.—Representatives of 70 per cent of the independent crude oil production in California met today at the call of Ralph B. Lloyd, prominent royalty owner in the Ventura field, and voted unanimously to band together for co-operative marketing.

Representatives of the group said the co-operative organization probably will begin operation by handling upwards of $200,000,000 worth of crude oil annually.

Kaiser's Son Is Beaten Up By German Police

By Associated Press

KOENIGSBERG, Germany, March 21.—August Wilhelm, fourth son of the former Kaiser, was kicked and beaten by police, and Paul Goebbels, right hand man of Adolf Hitler, Fascist head, was severely bruised about the face today when the two right wing radicals departed from Koenigsberg after a political rally.

POLICE OFFICER SLUGGED ON BEAT

Dazed when hit by a piece of pipe which inflicted a deep gash on his head, Constable Matthew Simpson sagged to his knees; then was assisted by a B. C. Rapid Transit bus driver who seized and held his alleged assailant shortly after 7 p.m. Friday near Marpole Home for Incurables until the officer recovered.

A man, giving his name as Howard Saunders, 35, no fixed address, has been arrested on a charge of vagrancy and is being held for further investigation regarding the assault.

Constable Simpson reported to C Division that Saunders approached him as he was patrolling his beat, produced a short length of pipe and "slugged" him.

Simpson was not seriously injured, reports state.

At police headquarters, Saunders was unable to give a reason for his action.

SAFE CRACKERS BURN ELEVATOR

BURNABY, March 21.—Believed to have been caused by safe crackers, the warehouse and grain elevator of the Fowler Bros. Grain Co., Ltd., Royal Oak, was destroyed by fire at 2 a.m. today at a loss of $30,000, partly covered by insurance. Police and officials of the company found that the office had been entered, the safe had been tampered with, the dial had been knocked off and the till in the office had also been broken down.

No money was taken, but it is surmised that the fire may have been started by the burglars who were in the office.

The elevator was filled with grain, and there were about 15 carloads of mixed grain and feed in the warehouse at the time.

Police believe the same men were responsible for two other burglaries in the vicinity.

Jubilee Drugstore was entered by smashing the lock on the front door with a rock. The burglars are believed to have been disturbed as only $1 in cash and some tobacco were stolen.

A similar method was employed in obtaining entry to Central Park Drug Store and post office branch where $5 in cash and some merchandise was stolen.

Russia Hot on Culture's Trail, Rules Prepared

TORONTO, March 21.—Russia, says E. Butterworth in Toronto Saturday night, having upset religion, private property, individualism and many whatnots, is now hot on the trail of culture.

The Communists demand etiquette, particularly at the table, and here is a list of rules posted in the co-operative restaurants:

BEHAVE YOURSELF AT TABLE

1. Wash your hands before eating.
2. Do not put your hat on the table.
3. Do not help yourself to salt with your fingers.

Cote Commission Recommends 'Very Expensive' Structure

Special to The Vancouver Sun

OTTAWA, March 21.—"A very expensive and a very interesting structure" to replace the Second Narrows Bridge has been recommended to the Dominion Government, said Hon. Alfred Duranleau, Minister of Marine, today in an interview with the Vancouver Sun.

The report of the Cote Commission, which is in the hands of departmental officials, will not be published at the present time, the Minister said, adding that he does not consider it in the public interests that the findings of the Commissioners should be divulged until it has been decided how the cost of the proposed "structure" is to be divided between the Dominion Government, the Harbor Board and the Burrard Inlet Tunnel and Bridge Co.

In view of the financial position of the Dominion, and of the great cost of the solution recommended to the Government, Mr. Duranleau said it might be weeks before any decision is announced.

"If we made the proposal public now, the effect would be to increase materially the cost of carrying it out," he said.

He intimated that, pending consultations between his department and other public and private bodies concerned in the project, he intended to investigate the feasibility of an improved ferry service to look after the needs of communication between the two shores of Burrard Inlet for the time being.

"Whatever we do," he declared, "you may be sure that the safety of navigation will be the first concern of my department. We were not consulted when the present bridge was built." This was the nearest the Minister was willing to come to a flat statement that the present structure will not be legalized by the Government.

ARREST SOLVES WOMAN MYSTERY

Arrest Friday of Joseh Jubb, 23, in a house in the 800 block, Burrard Street, on a warrant from Victoria police charging him with the theft of an automobile, solved the mystery of the disappearnce Monday evening of his 22-year-old wife and baby.

Mrs. W. J. Alton of 2034 East Thirty-third Avenue, reported to police Friday the disappearance of her sister, Mrs. Jubb, saying that the 10-months-old infant had been returned to her home by two strange men the day before.

Investigations by Detective Sergt. George Sundstrum revealed that the baby had been handed over to a taxi driver with instructions to deliver it to the Alton home. It was found that Mrs. Jubb had joined her husband on his arrival that day from Victoria and they had taken up residence in the Burrard Street house, where the young man was arrested the following day.

Jubb is alleged to have sold to a Vancouver dealer a "U-Drive" car he hired in Victoria. He was taken back to the capital Friday night to answer the theft charge.
