SUMMARY: The six nets and other fishing gear listed on the net statement would appear to account for the fishing gear declared by Ono and removed from his net house by the Custodian on September 16, 1942.

The propeller apparently was disposed of by Ono, as it is not listed on the agreement between himself and his tenant, which is dated June 5, 1942.

The scales and mincer do not appear to have been removed from the house by the Custodian.

The 2 decks and clothes closet were according to inventory of January 14, 1943, left with the tenant, Kraznoski. The only reason for not removing these articles would seem to be that these were not considered of sufficient value to warrant the expense of removal.

A notation on the inventory of January 14, 1943, signed by Mr. Spain, indicates that the sewing machine was stolen from Custodian warehouse at 8757 Selkirk. There is no further record of this machine.

This file does not refer to any other household goods left by Ono in his scowhouse.

PERSONAL PROPERTY SUMMARY

File No. 10221

Re: Shohei ONO, Reg.No. 02564-Deceased

This man, prior to his evacuation, was a fish buyer employed by B.C.Packers Ltd. He signed a declaration to the Custodian on May 9, 1942. He was evacuated on June 5, 1942.

In his declaration, Ono reported ownership of a 6-room float house; a movable net shed 18' x 36'; one York net; 600 fathoms of cork lines; 600 fathoms lead lines; one engine; one propeller; 4 skates dogfish line; 1,000 dogfish hooks; one pair of scales. The fishing equipment was to be left in the net shed and the key to be given to Mrs. Wm. Campbell, to whom Ono had rented his float house at \$5.00 a month. Ono also reported ownership of three boats. He reported some accounts receivable. Ono had been living in his float house at 1228 West 77th Avenue, Vancouver, B. C.

On June 12, 1942, Ker & Ker, who had been requested by the Custodian to investigate this property, made a report to this office. In regard to the buildings, this report states that the large scowhouse contained a kitchen, livingroom, 2 bedrooms and a hallway. It was anchored immediately east of Eburne Bridge, on the north shore of the North Arm of the Fraser River, adjacent to property owned by the City of Vancouver. Attached to the front of the house were two large floats; space on these floats was rented to fishing boats (apparently by the tenant, as no rentals from this source came to this office for Ono). The scowhouse was reported to be in a rundown condition but was being fixed up by Mrs. Campbell, the tenant placed in the house by Ono. A copy of the agreement signed by Mrs. Campbell and Shohei Ono is filed under date of June 5, 1942, on this file. The agreement was that the rent would be \$15.00 a month, from this there was to be deducted \$10.00 to pay Mrs. Campbell for caring for the place and \$5.00 "to use for the expense of cables and soforth". This left no revenue for Ono from his scowhouse. Mrs. Campbell had agreed to look after the household goods and fishing equipment left in the scowhouse and net shed, and in case the City was to tear down the shed she was to send the goods stored in the shed to the Custodian, or to B.C.Packers Ltd.

The net shed, according to Ker & Ker's report of June 12, 1942, was not movable and was situated on property owned by the City of Vancouver. This shed was torn down by the city some months after Ono's evacuation.

The tenant placed in the house by Ono asked to be released from her agreement as the house contained vermin, according to report of July 4, 1942, from Ker & Ker. On August 15, 1942, Ker & Ker reported that Mrs. Campbell was vacating on September 1, 1942 and that they were endeavouring to conclude arrangements to rent to a Mr. Kryzanoski. Arrangements were completed and Mr. Kryzanoski commenced his tenancy of the scowhouse on October 1, 1942. Rental was \$8.00 a month paid for a year in advance. A few days after the new tenant occupied the scowhouse the City shut off the water supply. The scowhouse had been obtaining water from connections on city-owned property and the city was trying to get rid of squatters. Memorandum of March 8, 1943, gives details of this and reports that the City wanted the scowhouse removed. It was estimated that the cost of moving would be \$50.00. Kryzanoski offered to purchase the scowhouse for \$150.00. Ker & Ker recommended that this offer be accepted. The offer was referred to Ono on December 14, 1942 and on January 11, 1943. He did not reply. In view of the expense involved in moving the scowhouse and the perishable nature of scowhouse generally, it was decided to accept the offer made by Kryzanoski. Sale was completed on March 20, 1943. Kryzanoski was given a refund of 6 months rent as he had paid rent to September 30, 1943. A summary of the revenues from rental and proceeds of the sale of the scowhouse is as follows:

PERSONAL PROPERTY SUMMARY

The two floats attached to the scowhouse were sold on May 12, 1943, to B.C. Packers Ltd. for \$80.00. These were not appraised by outside appraiser but were examined by Mr. Green and Mr. Smith, of this office, who recommended the acceptance of the offer of \$80.00. Up to the time of sale the floats had been attached to the scowhouse rented by Kryzanoski on October 1, 1942, and purchased by him in March, 1943. Mr. Kryzanoski, on April 27, 1943, asked payment at the rate of \$8.00 per month for 8 month's care of the two floats. This claim was settled by payment of \$25.00 to Kryzanoski. The net proceeds of the sale of the two floats were \$55.00.

In regard to chattels, Ono declared the fishing gear, engine and propeller listed in the Chattel Schedule. The propeller was not found by Ker & Ker on June 12, 1942, and was not listed in the agreement signed by Ono and his tenant on June 5, 1942; therefore it would seem that Ono disposed of this before his evacuation. The scales and a mincer (the latter was not declared) were inventoried by Ker & Ker and are listed on the June 5, 1942, agreement, but there is no record that these were removed from the scowhouse by the Custodian. The scales and mincer are not on the list of goods signed for by Kryzanoski on January 11, 1943, when he signed for the bookcase, dresser and desk. These articles presumably were the same as the 2 desks and clothes closet shown in the agreement, and these articles, according to the inventory of January 14, 1943, were left in the care of Kryzanoski by Custodian agent. As the three articles are shown as being homemade (January 11, 1943), it would appear that these were considered of not sufficient value to warrant the expense of removal and may be considered to have been abandoned. The sewing machine listed in the agreement and in Ker & Ker's inventory was not declared by Ono. In the inventory signed by Kryzanoski on January 11, 1943, this appears as various parts of a sewing machine, but the inventory of January 14, 1943, shows one sewing machine removed from 1228 W. 77th to 8757 Selkirk. The inventory of January 14, 1943, carries a notation signed by Mr. Spain, "Stolen from Custodian Warehouse, 8757 Selkirk St.". The engine was sold at auction December 7, 1943, for the net sum of \$11.55. The fishing gear as listed by Ono in his declaration and as shown in the agreement of June 5, 1942, seems to be accounted for by the gear sold for the total sum of \$93.00, as shown in the Net Statement.

Ono reported ownership of three boats. These were not in the custody of Naval Service. The boats had been repossessed by Ono under Chattel Mortgage just before his evacuation. Two of these boats, "Josephine W" and "Goldie L" were sold by this office at the prices placed on them by Mr. John Gould, Marine Surveyor, \$20.00 and \$25.00, respectively. The net proceeds of the two sales, in the amount of \$45.00, was credited to the account of Ono. The third boat was the "Violet J". This boat according to Ker & Ker letter of August 7, 1943, had been tied to one of the floats at the time of their inspection in June, 1942. On January 22, 1943, Mr. C. C. Robinson reported in answer to an inquiry that the boat had been at Marpole in the Spring, but is gone now. This boat might have been stolen. It could have become unfastened and drifted away in a storm. None of the boats would seem to have been of great value.

Re: Shohei ONO, Reg.No. 02564

The vessel "Flying Cloud" referred to in this file was sold through the Japanese Fishing Vessels Disposal Committee by Shohei ONO. The net proceeds of the sale were paid direct to Ono by the Committee on May 18, 1942, in the amount of \$1,232.50.

Ono reported Accounts Receivable as follows:

1. Wm. Preseau, address unknown \$17.13
2. George Kirkbride, Lulu Island 34.08
3. Hassel Jordan, In the Army, 41.81
4. J. Shults, address unknown 12.63
5. Wm. Gerow, Employed by Boeings, Sea Island 48.53
6. Jack Bird, In the Army 28.92

From some source, we obtained the address "1856 W. 7th, Vancouver" for Wm. Gerow, and we wrote him to that address. No reply was received. No further action was taken by this office. As, in two cases, the alleged debtors were reported to be in the Army and, in the other three, insufficient addresses were supplied, no action was taken by the Custodian in regard to the other claims.

The account of Shohei ONO shows a credit balance at this time of \$346.71, made up as follows:

Net credit from rentals and sale of scowhouse	\$142.00
" " " sale of floats	55.00
" " " " engine	11.55
" " " " fishing gear	93.00
" " " " vessels	42.59
Refund of B. C. Electric Security Deposit	2.57
	<u>346.71</u>

This file shows that Shinshichi TAKAHASHI, File 3135, claimed that he had left in Ono's net shed some fishing gear. A letter was sent to Ono on May 13, 1946, in regard to this. A copy of the letter was sent to TAKAHASHI. As no reply was received from either of these men no further action was taken by this office.

This file reveals no other property of any kind. The file of Matsuno ONO, wife of Shohei ONO reveals no property of any kind.

This summary is certified to be in accordance with information on file.

PERSONAL PROPERTY SUMMARY

File No. 2282

Feb. 21/47

RE: Yasuhiro ONO, Reg. No. 02362

This file reveals that ONO owned no real property in any protected area of H.C. and did not carry any Fire Insurance.

SPECIFIED Yasuhiro ONO made his declaration to the Custodian on March (no date),
ARTICLE 1942, and was evacuated on May 29/42. He declared the following:

- 1 Willnetter, called "Flying Cloud", in custody at New Westminster
- 1 Studebaker Commander in custody of R.C.M.P.
- 1 Rogers radio in custody of R.C.M.P.

The fishing vessel the "Flying Cloud" was sold through the Japanese Fishing Vessels Disposal Committee for the net sum of \$1,084.00, and this sum paid to Yasuhiro ONO on April 29/42. A claim of \$109.72 was paid to General Boat Co. Ltd. for damage done to vessel while in custody of Navy. The Studebaker was sold for the sum of \$80.00. Administrative expenses in the sum of \$26.98 were deducted from this and the balance of \$53.02 credited to the account of ONO.

The Rogers radio was sold at auction on Aug. 9/44 for the net sum of \$90.76 and this sum credited to the account of ONO with this office.

A Kodak camera was surrendered by ONO to the R.C.M.P. on March 12/42. The B.C.S.C. gave Mr. Lefaux, barrister of this city, permission to receive this camera. Mr. Lefaux handed to this office the receipt which the R.C.M.P. had given to ONO for the camera as proof that he had ONO's permission to use this camera. We presume Lefaux handed this over to the R.C.M.P. when he went to pick up the camera.

VICTORY
BOND:

ONO declared a \$50.00 Victory Bond in his own possession. It was not brought under the control of the Custodian.

In connection with nets which Shinshichi TAKAHASHI stated he left with Mr. ONO, he stated in his letter on file 3135 that it was not Shohei ONO father of Yasuhiro ONO, he had left the nets with but Mr. Yoshikazu ONO of 1224 W. 77th Ave.

No property interests other than those mentioned above are found on this file.

The above summary is certified to be in accordance with the information on file.

JP of Shohei Ono, May 29/42 places value at \$250.00 approximately.

Exhibit #6 - shows that boat was transferred to Ono by E. Jackson on June 1, 1942, for sum of \$256.94. This was the sum that Jackson owed Ono according to Transcript Page 26.

Ker & Ker report of June 12, 1942, indicates that boat was in vicinity of Ono float house at that date. On Aug. 7, 1943, Ker & Ker stated that to the writer's recollection the boat was similar to the other two Ono boats, needed pumping out and was not of much value.

The boat "Violet J" could not be found in December, 1942.

Shohei Ono in JP May 29/43 - \$230.00

This boat was not in custody of the Navy. Papers on File (Exhibit #7) show that the boat was returned by J. Webber, August 4, 1941, to clear a debt to Ono, and that on June 1, 1942, Webber signed Agreement for Sale transferring vessel to Ono for price of \$230.32. It seems probable that boat was in Ono's possession from August, 1941 and that Agreement for Sale was completed to clear the title before Ono's evacuation.

We have no knowledge of the actual value of the boat as at August, 1941 when she was returned to Ono, (presumably in settlement of debt of \$230.32).

On June 12/42, Custodian agent reported that this boat was in very poor condition.

On Dec.7/42, tenant in the Ono house reported that this boat, which had been tied alongside one of the Ono floats, had sunk under weight of snow.

John Gould's first appraisal was made Dec.7/42.

At the time of the second survey the value of the boat had deteriorated markedly.

Age: We have no record of the actual age of this boat.

Size: This was a small boat - 26 foot, with a car engine.

A large scow house situated immediately east of the Eburne Bridge. It is anchored to the North shore and in the North Arm of the Fraser River. The scow house contains a kitchen, living-room, 2 bedrooms and hallway. Attached to the front of the scow house are 2 large floats. These are attached to the scow house by cable. Space on the floats is rented to fishing boats. The scow house is in a run down condition but the present tenant is fixing same up.

On the shore, located on City property, is a net shed, 18 x 36, which is mentioned in the J.P. Form. This shed is not, in the writer's opinion, moveable, as stated in the form.

INSURANCE:

Regarding Insurance, there is no mention of any insurance on the Form from the Office of the Custodian covering the scow house, shed, floats or fish boats as listed thereon and as the owner has been evacuated it was impossible to obtain any particulars concerning same.

We would recommend that, if in the next few days we cannot find any record of insurance, the premises and the fish boats be protected for a reasonable amount. We will contact your Department regarding this matter at a later date.

FINANCIAL POSITION:

As the owner had already been evacuated we were unable to check the financial position of his possessions or his personal financial position, and therefore assume that his financial position as shown on the J.P. Form is correct.

EQUIPMENT and FURNITURE:

The fishing equipment as listed on the Government Form is located in the net shed, with one or two small exceptions, which are as follows:-

1. The Engine which is listed is a "Rickenbacker".
2. There is no propeller on hand.
3. Instead of 1000 dog fish hooks there are 1600.
4. There is 1 mincer, which is not mentioned on the Form.

In addition to the above, the tenant has the following furniture on the scow house which is owned by Mr. Ono.

- 1 flat top desk
- 1 roll top desk
- 1 clothes cupboard.
- 1 Singer sewing machine.

FISH BOATS:

The following fish boats are listed on the Office of the Custodian Form:-

1. 4 Cylinder Chev. Engine.
Boat 26' x 6', 30", Approx. value \$230.00, formerly owned by Mr. Joe Webber. Boat now in hands of Imperial Cannery, Steveston, B.C.
2. 6 Cylinder Star Engine.
Boat 26' x 6', 30" deep, Approx. value \$250.00, formerly owned by Mr. E. Jackson. Boat now in hands of Imperial Cannery, Steveston, B.C.
3. 4 Cylinder Chrysler Engine.
Boat 26' x 6', 30" Deep, Approx. value \$165.00 formerly owned by Mr. Alex. Lighthouse. Boat now in hands of Imperial Cannery, Steveston, B.C.

We found Boat No.1 tied up to one of the floats. Number of same is VO24T - WC355, name "Josephine W." The boat is in very poor condition.

Boat No.2 is Number V118P, name "Violet F."

Regarding the No.3 boat, we were informed by Mrs. Campbell that this boat was now at or near the Imperial Cannery and that Mr. C.L. Gillespie could give us particulars of same. We contacted Mr. Gillespie and he informed us that No.3 boat was lying up on the grass foreshore adjoining the Vancouver Cannery on Sea Island. We are not thoroughly familiar with values of boats of this kind, but presume the values as stated in the Form would be approximately correct.

REMARKS:

Scow house, net shed, river floats, etc.

An arrangement was apparently made between the Japanese owner, Mr. S. Ono, and Mrs. W.D. Campbell, for the renting of the above. This arrangement also included certain articles for fishing purposes and some furniture which was located in the Scow House. For your information we enclose herewith a copy of the Agreement made between S. Ono and Mrs. Campbell. We procured the original of this Agreement from Mrs. Campbell and made copies of same on the understanding that we would return the original to her. Mrs. Campbell has a husband by the name of William Campbell who is apparently a fisherman. Mr. Campbell was out fishing at the time we called at the premises. There are also two daughters living with her. Their intention is apparently to live in the Scow House and rent space on the fishing floats while Mr. Campbell carries on his fishing business.

The rental as shown in the Agreement of \$15.00 per month is very reasonable for these premises, particularly in view of the way it is absorbed under the Agreement made between S. Ono and Mrs. Campbell.

Fishing Boats:

We were informed by Mrs. W.D. Campbell that she understood Mr. S. Ono had given Mr. C.L. Gillespie, Manager of the Imperial Cannery and B.C. Packers Ltd., authority to sell the three boats on his behalf and had also given him his Power of Attorney to carry out any transaction in connection with these boats. We contacted Mr. Gillespie who informed us that he had also been told that Mr. Ono had left authority for him to sell these boats under Power of Attorney, but to date he had not seen same. He informed the writer that Mr. Albert Lawson of the B.C. Packers Ltd. was looking after the boats

of the Fishermen who had been associated with B.C. Packers Ltd., and which had been turned over to the Navy, and Mr. Lawson had suggested to him (Mr. Gillespie) that it would be advisable to turn these three boats over to the Navy also. Mr. Gillespie suggested to the writer that this would probably be the correct step to take concerning the fish boats.

Outstanding debts:

We have not contacted any of the debtors who owe Mr. Ono money, to date. Is it your desire that we endeavour to locate these people and collect the monies which are due Mr. Ono? You will appreciate, of course, that this will be a difficult task, owing to the fact that practically no directions were given as to their residence.

RECOMMENDATIONS: In view of the fact that Mr. Ono made the attached arrangement with Mrs. Campbell prior to being evacuated, we would recommend that the matter be allowed to stand, with instructions to us to visit the premises, say, quarterly to see that they are being kept up in accordance with the terms of the agreement.

Our recommendations regarding Fish Boats would be in line with Mr. Gillespie's suggestion. We feel that these boats should either be disposed of at once at the highest procurable figure, or turned over to the Navy along with all other Japanese Fish Boats. We think the latter course would be the simplest way to dispose of the matter.

THE RENTAL VALUE: In our opinion the rental value of the scow house would be between \$15.00 and \$20.00 per month.

THE SALE VALUE: It would be impossible to set a sale value on these premises, articles, etc. at the present time. The only way to arrive at this would be to call for tenders on same.

This property was inspected on June 12th 1942 by the writer.

Re: Shohei Ono, Reg. #02564

Referring to our telephone conversation of yesterday, in connection with the three boats which are now in the hands of the Imperial Cannery at Steveston, which Ono claims to have taken over under Chattel Mortgages, we note that you have knowledge of these boats and Ono promised to give you proof of ownership which he has not yet done and that as soon as he gives the desired information, you will take custody of the boats. Ono's address is now Trout Lake City, B. C.

Dear Sirs:

Re: Shohai Ono

We are in receipt of your report of the 12th instant for which please accept our thanks.

In regard to the scow house, we note that Ono has given a lease to a Mrs. W. D. Campbell for the duration of the war for \$15.00 per month and that \$10.00 a month is to be deducted as a salary for management for looking after the scow house and the float, and the remaining \$5.00 is to be used towards maintenance. As this lease was given by the Japanese we will not disturb it for the present.

In regard to the net shed which the declarant states is movable but you say it is fixed, we note that this is built on the City of Vancouver's land. Is there any rental agreement with the City?

In reference to the three fishing boats now in the custody of the Imperial Cannery which Ono claims to have taken over under Chattel Mortgage, Ono has not yet proven ownership to the Japanese Fishing Vessel Disposal Committee. They are endeavouring to get this information and when they do they will take over these boats.

Referring to the fishing nets and equipment, some of which is perishable, we have made a record of these for disposal and will arrange their sale.

If insurance can be obtained, adequate protection should be placed on the scow house.

Yours truly,

GDM/GH

The writer visited the above property in company with the Vancouver Fumigating Company Limited, who after examining this house thoroughly, made a quotation of \$19.00 to fumigate for the extermination of bedbugs.

The writer is convinced that to leave Mrs. Campbell and her family in this house boat would create a difficult situation should anything happen to this boat during the storms and high tides of the Winter season. Her Agreement as you know, calls for the care of this particular dwelling to the extent of looking after cables, etc. Mrs. Campbell lives there with her three daughters and the husband is in Prince Rupert and will evidently be there for some considerable time. She evidently wishes to vacate the premises in the event of procuring a position at the Steveston Cannery.

The writer would advise that Mrs. Campbell should state definitely if she wishes to remain in the premises or to move. In the event of her asking permission to move, then we would wait until she moved before having this fumigating work done. Under the Agreement it is also evident that there will be no monies actually paid for the rent of these premises as the rent is being credited back to Mrs. Campbell for fulfilling certain obligations. It will be far better to have someone in the Scow House actually paying rent of some kind to take care of any necessary expenses that may arise.

We will keep in touch with this matter as far as Mrs. Campbell is concerned and will let you know at an early date just what she intends to do.

Dear Sirs:

Re: File No. 10221 - Shohel ONO
Scow House - 1228 West 77th Ave.

Further to our recent correspondence in connection with the above property, in the event that Mrs. Campbell decides to move out of the premises, we have a proposal from Mr. Frank Kraznoski.

He will occupy the premises after they have been fumigated and will pay a rent of \$8.00 per month. He does not, however, wish to assume any responsibility should this house boat break away from its present moorings. He will, of course, agree to do all he can to preserve the present cables and keep the premises in shape.

We are also proposing that Mr. Kraznoski be given an allowance of \$7.50 towards the purchase of wallpaper as the house is in a very run down condition apart from the fact of its present infected condition. We believe this party will be a very reliable tenant and would, therefore, ask you to agree to this proposal subject to Mrs. Campbell moving from the premises.

In addition to the above, Mr. Kraznoski proposes that he pay one full years rent in advance of \$96.00, less a \$10.00 allowance for paper. We also suggest that this proposal be agreed to subject to Mrs. Campbell moving.

As Mr. Kraznoski wishes to give notice in his present premises, we would appreciate an immediate reply to this letter.

Following our conversation re the above property,
we would strongly recommend that this property be sold for the
sum of \$150.00.

May we point out that this property is attached to
Vancouver City lands and continues to be a source of trouble.
To tow this Scow House to any other convenient spot would cost
approximately \$50.00.

As the buyer seems willing to pay the \$150.00 for
this Scow House which is in a very dilapidated state as to the
hull, we would recommend that this proposal be accepted.

Attention Mr. G.D. Wilson,
Administration Department

Dear Sirs:-

Re: Your file #10221 - ONO, Shohai

In reply to your letter to us of March 23rd 1943 in connection with the above Evacuee's scow house, and in reply to your request we enclose herewith our cheque in the amount of \$6.00 which is a refund of \$1.00 per month for a period of six months, collection charges.

This particular property or scow house created a considerable volume of work and if we may be allowed to do so, we would like to point out to your Department just how much work was involved in this connection as it might be interesting from a standpoint of future management of property or collection charges.

In the first place we reported on this property and were paid for our Report. Our work, therefore, ended in this connection.

The next item was to endeavor to find a tenant for the premises as the party who was in it refused to stay in the scow house due to vermin.

We found a new tenant for the premises, collected the rent in advance as required by your Department, and frankly we do not think that it was any fault of this office that the refund was found necessary.

On our Mr. J.M. Anderson's first visit to the scow house which is a considerable distance out of the City there was nobody at home. There is no telephone on the premises otherwise he could have phoned first. On his second visit he found a girl on the premises but no father or mother. On his third visit, in the evening, he found the mother at home and on his fourth visit he was able to locate the father who showed him all the Japanese Evacuee's fishing material in the shed. It therefore took four trips to the property prior to being able to make a definite arrangement with the original tenant regarding the rent and the moving out.

ONO, Shohai
File 10221 Reg 02564
Refund of Commission

March 25th 1943.

The next item was to contact the Fumigator, which Mr. Anderson did and went out and examined the scow house. We reported to your office on the condition of the scow house and were instructed to proceed with the fumigation, which we subsequently arranged with the Fumigator.

After fumigation the new tenant, Mr. Krasnoski, took over the property, but had only occupied same for a period of a few days when the City authorities saw fit to cut off the water. Our Mr. Anderson went to the City Hall on four different occasions and had four conferences with the City authorities in an endeavor to get water once again for these premises. The tenant during this time repeatedly called at this office and also phoned Mr. Anderson's home regarding the lack of water. Mr. Anderson finally contacted Mr. George Buscombe personally about the water supply for the premises.

After the water situation was finally cleared up there was the question of furniture. Apparently certain articles of furniture were missing. After four different attempts we finally contacted the former tenant, Mrs. Campbell, at the Steveston Cannery, re articles of furniture, and had letters signed by her in connection with same.

Finally, Mr. Wilson advised us that this property had been sold and we received the above mentioned letter from your Department in connection with the refund.

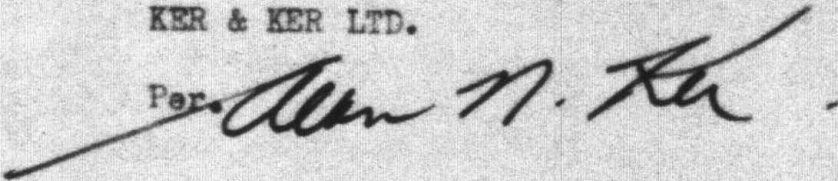

During all of these negotiations we never advised Mr. Krasnoski to go to the Office of the Custodian, but at all times to come to this office, in order to relieve your Department from any detail.

The total amount of revenue which we received for the above work was \$10.00, taking into consideration the refund. If, in future, we have to go to this amount of trouble in connection with the management of any of these properties, it will be necessary for this office to make a charge for the work done as you can readily appreciate that the \$10.00 received would barely cover the cost for one of the above items.

Commending the above matter to your kind consideration,
we remain,

Yours very truly,

KER & KER LTD.

Re File #10221 - Shohei Ono

We acknowledge with thanks copy of your letter of April 20 to Mr. Clugston re the above. On checking this matter further we find that considerable work is necessary to put these floats in shape, and in view of this, we would prefer purchasing them outright rather than on a rental basis. We are prepared to pay you the sum of \$80.00 for the two floats, or as an alternative, if the sale of these is not possible, pay you a rental of \$10.00 each. //

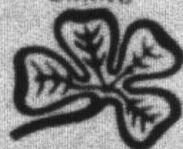

In answer to your letter of April 16, and our telephone conversation of to-day re Sunbury float belonging to Tsumemori Amadatsu, we will arrange to have this moved from the property you refer to. Mr. Arpe, who is residing in Sunbury, is receiving a copy of this letter, and he will take the matter up with me further as to removal of same. Will endeavour to do this work as soon as possible.

I mentioned to you on several occasions the two floats lying in Reifel's Slough belonging to K. Teraguchi, one float 75' x 12', and the other 50' x 12'. These floats are not in very good shape and will require certain repairs. For the two floats we are prepared to pay you a rental of \$15.00 per year, or on a purchase basis, pay you the sum

Dear Sir: "Josephine W" and "Goldie L"

This is to advise that the above-indicated vessels
have been sold.

The selling price of the "Josephine W" was \$20.00

The selling price of the "Goldie L" was \$25.00.

These were the values placed on the boats by an ex-
perienced and independent marine surveyor who examined them.

The cost of the survey has been deducted from the
price. This amounts to \$2.41.

The balance of \$42.59 has been placed to your credit
in our trust account.

Attention Mr. F. Matheson,

Dear Sirs:-

Re: Shohei ONO, Reg. #02564, File #10221

In reply to your letter to us of August 5th 1943 in connection with the above matter, we wish to advise you that you are correct, our Report did state that there were three Fish Boats. We itemized them giving the location of No.1 and No.3. We did not give the location of No.2 but as far as the writer recollects it was tied up at one of the floats adjoining the Scow House. The condition of the boat was similiar to the others. It needed pumping out and was not, in our opinion, of much value.

It might be of some assistance to your Department to refer you to a copy of a letter from the Office of the Custodian under date of June 24th 1942, signed by Mr. R.P. Alexander, wherein it stated as follows:-

" In reference to the three fishing boats now in the custody of the Imperial Cannery which Ono claims to have taken over under Chattel Mortgages, Ono has not yet proven ownership to the Japanese Fishing Vessel Disposal Committee. They are endeavouring to get this information and when they do they will take over these boats. "

Trusting the above information will be of assistance to you, and if there is any further way we can be of assistance to you do not fail to call upon us.

Yours very truly,

Please transfer proceeds from Vancouver Auction 29, Rogers Console Electric Radio, sold in the name of Yasuhiro Ono for a net amount of \$90.76, from the account of the Estate of James Yasuhiro Ono, Deceased, to chattel Suspense account.

There appears to be no doubt as to ownership of this radio but the deceased refused to send in the receipt as he did not recognise the sale.

This transfer is being made for the sole purpose of closing out the account, at the request of Mr. Good.

Dear Sirs:

Re: Estate of Shohei ONO, Deceased.

Further to our letter of August 8, we now wish to report that the assets belonging to the deceased at the time of his death on or about July 10, 1947, were as follows:

Cash on hand.....\$346.71

Bills Receivable reported by S. Ono as follows:

1. Wm. Prezeau, address unknown..... 17.13
2. George Kirkbride, Lulu Island..... 34.08
3. Hassel Jordan, In the Army..... 41.81
4. J. Shultz, address unknown..... 12.63
5. Wm. Gerow, employed by Boeings,
Sea Island..... 48.53
6. Jack Bird, in the Army..... 28.92

With reference to the above debts, insufficient addresses made it impossible to collect these accounts. We thought to have located Wm. Prezeau at 1856 West 7th Avenue, Vancouver, but received no reply to our letter directed to him at that address. It is unlikely that anything can be realized from this source unless some of the children of the deceased can add to the information available.

As far as the Custodian is aware, the deceased owns no other assets in the Protected Area of British Columbia, although he may have owned other property elsewhere.

Upon receipt of Certified Copy of Letters of Administration we will be pleased to remit the funds to the personal representative of the deceased.

In reply to your two letters of enquiry regarding property belonging to you taken over by the Custodian and funds to your credit in this office, we wish to inform you that no funds have at any time been held to the credit of your account and no property was found belonging to you and, therefore, none was sold. We also wish to remind you that when you were evacuated from the Protected Area of British Columbia you signed a declaration stating that you owned no property of any kind whatsoever in the Protected Area of British Columbia.

Certain personal property was declared by your husband, some of which was found and disposed of and the proceeds from sale were credited to his account in this office. Your Solicitors, Messrs. Virtue & Russell, advised us in a letter dated July 9, 1947, that your husband had died on July 10, and we replied to them on August 12, 1947, stating that the funds at credit would be remitted to the Personal Representative of the deceased when appointed. A copy of this letter is attached.

Since that date no word has been received from your Solicitors regarding the appointment of a Personal Representative to receive these funds. We have, however, received a letter from them asking for copies of the declarations signed by you and your husband at the time of your evacuation. These documents are going forward to your Solicitors today, together with a statement of your husband's account and a copy of this letter to you.

Custodian File Nos. 241 and
10221.

REAL PROPERTY:

The claimant held a leasehold on a waterfront property on which there was a large house built on a barge, etc., costing \$2,370.00. What was left of this sold for \$150.00. We take the position that a leasehold is real property, and that we are entitled to fair value thereof.

House 1500.-
Furniture 500.-
Savings 150.-
Utilities 120.-
Sheds 100.-
2370.-

MOTOR VEHICLES:

The claim was \$365.00 being value of automobile, which was sold for \$80.00. ✓

NETS:

The claim was \$850.00, and what was left of the nets sold for \$93.00. We will claim settlement for the entire \$850.00 on the usual percentage.

MISCELLANEOUS CHATTELS:

✓ Treating this as applying to chattels only (and not to leasehold) we are prepared to accept the award of \$97.50.

FISHING VESSELS:

These vessels appear to have been damaged and sunk and then sold afterwards for next to nothing.

Re: Case No. 729

This case has been further discussed with Mr. McMaster in order to clear up the original discussions.

MEMORANDUM

July 27, 1949.

TO: Mr. B. Good

FROM: Mr. J. Cuming

Re: Case No. 729 - Matsuno ONO, Administratrix of
the Estates of Shohei ONO and Yasuhiro ONO, and
Mr. Virtue's letter of June 30, 1949.

REAL PROPERTY:

The sum of \$2370.00 is made up as follows:

6 room house on barge	\$1500.00
2 floats with 2 tanks @	500.00
2 "	150.00
4 net tanks	120.00
2 net sheds	<u>100.00</u>
	2370.00

These items cannot be considered as Real Property as they were either constructed on, or anchored to, a leasehold. They have therefore been accounted for in the Personal Property Section of the Claim and Mr. Virtue's contention that they constitute realty is incorrect.

Mr. Virtue also states that "what was left" was sold for \$150.00. This also is incorrect as the 6 room house brought \$150.00 and the balance was sold for \$80.00, bringing total receipts to \$230.00.

MOTOR VEHICLE:

Mr. Virtue apparently is satisfied with our Award.

MISCELLANEOUS CHATTELS:

Mr. Virtue is not quite clear in his remarks. From his paragraph re these chattels, it would appear that he is either accepting same in toto, or, as he expresses dissatisfaction with our handling of the Leasehold items (paragraph 1 above) which are included in the Miscellaneous Chattels Award, that he will accept the amount of \$97.50 as being for chattels only and that he expects a further settlement for leasehold items.

The award of \$97.50 actually includes a 12% award on the aforementioned leasehold receipts of \$230.00 (being \$27.60).

Review of the file fails to indicate that any changes in award are necessary.

A copy of the new Analysis of Claim should be forwarded to Mr. Virtue.

FISHING VESSELS:

Claimant reported ownership of three boats of which two were sold

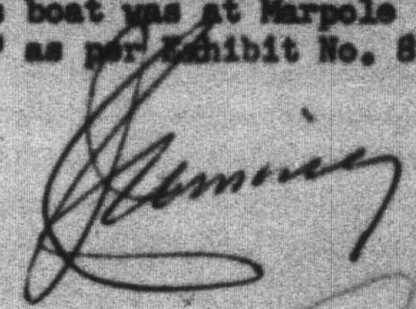

July 27, 1949.

by this office at \$20.00 and \$25.00. The third one (in approximately the same condition) was tied up to one of the Claimant's floats as of June 1942, but had disappeared on January 22, 1943, when a Custodian agent searched for it.

The file suggests that it was either lost in a storm or stolen, etc.

As our Boat awards are all based on sales price, and as no sale price is available in this case, it is suggested that D. T. Braidwood advise us as to his desires re award. For his information it might be pointed out that our Award Sheets insofar as "D.N.F." and "R.N.M." are concerned, cover only "D.N.F. and R.N.M. Boat Gear" at a rate of 45% whereas our Boat awards based on sales price are 23.5% and 28.5%.

Government Counsel (Transcript Page 20, Lines 20-29) submitted at the hearing that this Boat never came into the possession of the Custodian. This submission is correct but creates the impression that the Custodian is not responsible for same whereas C. C. Robinson of the Custodian staff admitted its existence by stating ".....this boat was at Marpole this Spring but is gone now. I could not locate....." as per Exhibit No. 8.

TO: GOVERNMENT COUNSEL:

Re: Claim of Mrs. Matsuno ONO

It appears that Mrs. Ono is claiming for goods owned by both her deceased husband, Shohei Ono, and her deceased son, Yasuhiro Ono. Letters of Administration in both Estates have been granted to Mrs. Ono and certified copies are on the Claim file.

The Scow House was rented by Shohei Ono prior to his evacuation to William Campbell for \$15.00 per month, \$10.00 of which the tenant retained in payment for looking after the property, and the other \$5.00 of which the tenant was instructed to use for maintenance. Messrs. Ker & Ker, Real Estate Agents, Vancouver, were instructed to inspect the property and their report appears on the Claim File. The place was apparently infested with vermin and Mrs. Campbell asked to be released from the agreement which Mr. Campbell made with Ono. A new tenant, Kraznoski, was found but in October, 1942, the City of Vancouver cut off the water supply to the scow as apparently Ono had been using the City water. The City also demanded that the scow be moved from their property. (This was in line with a move at that time to get rid of squatters and house-boat dwellers). Ono was advised of the difficulty being experienced and asked if he wished to sell the scow and if so, at what price. He did not reply and, upon the recommendation of Ker & Ker the offer of Kraznoski to purchase the scow for \$150.00 was accepted.

Two large and two small floats are now being claimed but only two floats were declared or mentioned anywhere in the file. There is a "walk" mentioned which apparently led from the scow house to the floats and this might constitute one of the small floats. This walk was sold with the two fishing floats to B. C. Packers for the sum of \$30.00. It is presumed that the net tanks for which claim is being made were also attached to the fishing floats and were included in the sale to B.C. Packers. (See blue memo from C.C. Robinson attached hereto).

Only one Net Shed is mentioned at any time in the file and that was demolished by the City as it stood on their land. The declaration of Shohei Ono said this shed was moveable but the report of Ker & Ker stated that, in their opinion, it was not. You might note that the agreement which Ono made with Campbell (copy on Claim File) forseees the possibility of the City demolishing this shed.

The Sewing Machine appears to have been removed to Custodian Storage and stolen.

The Radio which is being claimed is apparently the one turned over to the R.C.M.P. by Yasuhiro Ono and subsequently sold at Auction for the sum of \$106.00. The ceiling price on that particular radio was \$125.00, which would be for a radio in perfect condition.

The Automobile for which claim is being made is presumed to be the 1930 Studebaker Sedan turned in to the R.C.M.P. by Yasuhiro Ono. This car was appraised by Consolidated Motor Company Limited, Vancouver, at \$75.00. Due to gas rationing during the war years there was not much demand for that type of car and the sum of \$80.00 received for it appears reasonable. Even on today's inflated market it is not likely that more than half of the sum claimed could be obtained for such a car.

No Kitchen Goods were declared or found. A few items of home-made furniture were left with the tenant but it is not known whether these are the articles being called Kitchen Goods.

The Nets and Lines on this file are well accounted for and the lead and cork lines were sold at a price approved by Shohei Ono in his telegram dated August 24, 1942 (on claim file).

The Rickenbacker Engine was advertised for sale by tender but as no bids were received was auctioned and brought the sum of \$15.00. There does not appear to have been any appraisal made on this engine.

With regard to Boats, Shohei Ono declared four boats and Yasuhiro Ono declared one.

The "Josephine W" was appraised by John Gould at \$50.00 but it lay alongside the float at Ono's house until the engine was awash and Gould revised his appraisal to \$20.00. It was sold for that amount.

The "Violet J" was apparently left by the float at the scow-house but was not found by the Navy or the J.F.V. D. C. It might be noted that the value placed on this boat in the declaration was only \$250.00 and not the sum of \$350.00 as claimed.

The claim relative to the last two boats is not definite but it is believed that "fishing boat" referred to is the Gillnetter "Flying Cloud" owned by Yasuhiro Ono, which was sold through the Japanese Fishing Vessels Disposal Committee and the proceeds paid to Yasuhiro Ono and which would not therefore come within the terms of reference. The Fish Packer referred to is believed to be the "Flying Cloud I" owned by Shohei Ono and also sold through the J.F.V.D.C. and therefore not within the terms of reference.

Another boat, the "Goldie L" which belonged to Shohei Ono was appraised by John Gould at \$25.00 and sold for that price.

The "Josephine W" and "Violet J" were taken over by Ono in payment of debts owing to him by their owners. The price shown on the Agreement for Sale between Joseph Webber and S. Ono relative to the Josephine W. was \$230.32 and the price on the Agreement for Sale between Edward Jackson and S. Ono relative to the "Violet J" was \$256.94. (both Agreements on Claim File)

JAPANESE PROPERTY CLAIMS COMMISSION.

BEFORE
(HIS HONOUR JUDGE *L. H. Stack*, SUB-COMMISSIONER).

10 Lethbridge, Alberta,
September 29th, 1948.

IN THE MATTER OF THE CLAIM OF
(MRS) MATSUNO ONO.

PROCEEDINGS AT HEARING.

20 APPEARANCES:

G.E.A. RICE, Esq., K.C.,

appearing for the
Dominion Government.

W.S. RUSSELL, Esq.,

appearing for the
Claimant.

MISS LILLIE THOMAS,

Secretary.

D. J. HANDFORD, Esq.,

Official Interpreter.

S.R. HOWARD, Esq.,

Official Reporter.

(Mrs) M. Ono,
T.T. Ono,
In Chief.

THE SECRETARY: Case No. 729, Mrs. Matsuno Ono.

(MRS) MATSUNO ONO, the claimant herein,
being first duly sworn,
testified through the Interpreter:

THE INTERPRETER: This lady says that she is not well
and would like to have her son give evidence for her.

MR. RUSSELL: Your Honour, I was going to mention it to
you that this lady is not well, and possibly the
son can give evidence on her behalf.

10

THE SUB-COMMISSIONER: Very well, she will be excused.

(Witness aside)

TOMMY TAMOTSU ONO, a witness for the
claimant, being first duly sworn,
testified as follows:

MR. RUSSELL: Your Honour, these claims are made in
respect to the estate of the deceased Shohei Ono,
who was married to the claimant, and James Yasuhiro
Ono, who was the son of the claimant, and she is
the administratrix of both of these estates.

20

THE SUB-COMMISSIONER: And it is all covered under the
number that is on this sheet, No. 92?

MR. RUSSELL: Yes.

THE SUB-COMMISSIONER: There is no other claim?

MR. RUSSELL: No other claim.

MR. RICE: For the purpose of the record, my learned
friend can make a statement regarding the two
fishing vessels, one a fishing boat valued in the
claim at \$2200.00, and another a fish packer valued
in the claim at \$2600.00.

30

MR. RUSSELL: Yes, the claim to both of these has been

T.T. One,
In Chief.

abandoned, sir.

THE SUB-COMMISSIONER: I see.

DIRECT EXAMINATION BY MR. RUSSELL:

Q You are the son of Matsuno One, the claimant,
is that correct? A: That is correct.

Q You are familiar with the matters set out in this
summary of evidence, are you? A: Yes.

Q Are you familiar with this document (indicating)?

10 A No, I don't think I have seen that document.

Q Well, possibly you had better spend a little time
and look it over.

MR. RICE: There is another matter I would like to get
clear for the record and that is that the claimant
herself declared that she had no property and that
the claim she is making here is just as administra-
trix of her late husband's estate and administratrix
of her late son's estate?

MR. RUSSELL: Yes.

20 MR. RICE: That is right?

MR. RUSSELL: Yes.

THE SUB-COMMISSIONER: I understand that.

MR. RICE: There is another matter that has just come
to my attention, your Honour, that there is a claim
filed for another boat called the "Goldie .L."
Is that being abandoned?

MR. RUSSELL: Yes. The only boats being claimed for are
the "Josephine W." and "Violet J."; just those two
boats, sir.

30 Q Mr. One, I have just shown you through a summary

00

4
T. T. One,
In Chief.

of evidence in support of your mother's claim.
I believe a great deal of the information con-
tained in it was actually supplied by you and
from documents in your possession, is that
correct?

A: Yes, that is

correct.

Q And having looked through this, are you satisfied
that it is correct to the best of your knowledge,
information and belief?

A: I am.

10

Q How old are you, by the way? A: 24.

MR. RUSSELL: I will put that in as an exhibit.

(SUMMARY MARKED EXHIBIT NO. 1).

THE SUB-COMMISSIONER: He signed that, did he?

MR. RUSSELL: No, he didn't sign it.

THE SUB-COMMISSIONER: Well, who signed it?

MR. RUSSELL: It is unsigned.

THE SUB-COMMISSIONER: He signed the proof of claim for
his mother, and I thought possibly that he signed it.

MR. RUSSELL: It is unsigned.

20

THE SUB-COMMISSIONER: It is unsigned. I think possibly
he should sign it as he signed the proof of claim.

Q He understands that he is really certifying that
the statements in that are correct. You understand
that, do you?

A: Yes.

Q Well, you had better sign it. A: (Witness complies).

MR. RUSSELL: Q: Part of this claim is for a boathouse
or a scow, it is sometimes called a scow, which was
your home, I think, before you were evacuated?

A Yes.

30

Q Is that correct?

A: Yes.

5
T.T. One,
In Chief.

Q Did you live on that boathouse?

A Yes.

Q Whereabouts was it anchored?

A 1228 West 77th Avenue, Vancouver, B. C.

Q And what was this boathouse like? Could you describe it for His Honour? A: Well, it was 20 feet in width and 60 feet was the foundation like, that is the floating part, and it had a full length of house built right on top of it.

10

Q In other words, the house was the full length of the boat, was it? A: Yes. There were four rooms downstairs and two rooms upstairs, which makes six rooms, with water piped into it, telephone and electric lights.

Q Was it in good repair when you left it?

A Pardon?

Q Was it in good repair when you left it?

A Well, to the best of my knowledge it was in perfect shape.

20

Q In perfect shape? A: Yes.

Q Did it have a motor in it? A: No, it is just a barge.

Q Just a floating house? A: Yes.

Q Did you live in it when you were in Vancouver?

A Yes.

Q How long did you live in it, or how long had you lived in it?

A: Since 1933 until

the evacuation.

Q You are 24 now? A: Yes.

30

Q You would be almost born in the barge, weren't you?

T. T. Ono,
In Chief.

A No.

Q Oh, pardon me, 1933.
born in 1924.

A: No, I would be

Q Yes, that is right. Well, you would have a fairly good recollection of the boat even though you were only eight years old when you went on board?

A Well, I even helped to build it.

Q Who else worked on it besides you?

A There was a few friends and our family.

10

Q It is valued at \$1500.00. Have you any idea what that valuation is based on? A: Yes, I think that would be a fair valuation, because I went to work and figured out the material, and there is a few that helped us to build it thinks that isn't too high, and it is rather low than high.

Q Well, how did you figure it out yourself? I mean, when did you do this? How did you go about figuring it out?

A: Well, I couldn't

figure it out by myself, so that I asked all the friends what it would cost about for a building like that.

20

Q Well, does this \$1500.00 include the cost of the barge and the house, and the house as it was when you left?

A: Yes, as we

left it with depreciation.

Q What are these bluestone tanks that you mention which were attached to the boat?

A They are copper sulphate tanks, tanks for copper sulphate, I mean, that was to put the nets in it and leave it over the weekend, so that your net

30

T.T. Ong,
In Chief.

don't rot from the slime of the fish.

Q Oh, I see.

A: It is something

like a storage tank only it is waterproof.

Q Were they floating in the water?

A No, they were on top of the boathouse.

Q And I notice that this claim values them at

\$500.00 for the two of them. How did you arrive

at that valuation?

A: From the new

price.

10

Q From the which?

A: From the new

price.

Q What is the new price?

A: I believe it is

around \$300.00, as close as I can figure it, or

recollect on that.

Q \$300.00 each?

A: Yes; and one

of them was just one season old.

Q Well, you show them, you have got the date 1933
for the two bluestone tanks; now, is that right?

A Well, that may be right. I think they were

20

exchanged in '40 or '39, I am not sure, and I

couldn't swear to it because I wasn't there at the
time.

Q So that you don't know. Is that why the '33 was
put in there because you don't know?

A Yes.

Q You know that is when the original ones were
bought, is that the idea?

A: Yes.

Q And according to the prices that you looked up
then each tank would be worth now what?

30

A Around \$300.00.

T.T. One,
In Chief.

Q Around \$300.00?

A: Yes.

Q How long do these tanks last, have you any idea?

A Indefinitely.

Q Indefinitely?

A: Yes.

Q What were the two small floats?

A They are made out of cedar logs for hanging the nets up to dry; they are a log affair.

Q Is that 60 feet long, would that be one of them?

A That would be, yes.

10

Q 60 feet long?

A: Yes, 60 feet.

There should be three floats there, shouldn't there?

Q You show two floats?

A: Two floats?

Q Were there actually three?

A: Well, there was actually three, but I guess I didn't include that walk.

Q There is a walk besides that you didn't include?

A Yes.

Q How did you arrive at the valuation of \$150.00 on that, or do you know how that was got at?

20

A Well, the logs, I just forget what they told me, what a board foot of a raw log costs, or what it would be, but there is between the lumber and the logs I figured it was a fair enough valuation on that.

Q Well, you actually calculated it on the basis of the number of board feet and the amount of lumber that was in it, is that right?

A Yes.

Q And from prices which you obtained?

30

A Obtained, yes.

T.T. Ono,
In Chief.

Q And you actually worked it out, did you?

A Yes.

Q You did it yourself? A: No, I couldn't, because I didn't know the price of these things, because I was too young then to look into these things.

Q Well, who worked it out, do you know?

A There is Teshima and Koyanagis, they were our close friends.

19 Q Well, what qualifications have they to work it out?

A Well, they were in the same business.

Q Could you tell us what these four net tanks are?

A Pardon?

Q Could you tell us what these four net tanks are? You show four net tanks at \$120.00; could you describe what they are, a little bit?

A They are tanks, oh, maybe eight feet in diameter and about five feet in height.

Q Yes? A: And they are made out of staves.

Q Wooden staves? A: Yes.

Q Yes? A: And it has either four or five iron rod rings around them.

Q Are they made, or do you make them yourself?

A No, they are factory made.

Q Factory made? A: Yes, carpenter made.

Q And you estimate the value of those four net tanks at \$120.00. Now, where did you get that figure from, \$120.00?

A: From the same figure I used for the other tank.

T.T. One,
In Chief.

Q Well, do you mean that your friends worked it out for you? A: Yes.

Q From their own knowledge, is that it?

A Yes.

Q What about these two net sheds, they were built in 1933 and you valued them at \$100.00; how would you arrive at that \$100.00?

A That is just a shell.

Q Just a shell? A: Yes.

10 Q Do you know who built those sheds?

A No, I don't.

Q What were the net sheds used for?

A Storage for nets during the winter.

Q During the winter? A: Yes.

Q Well, you consulted with these friends and asked them to calculate these values for you, is that right? 8 A: That is correct.

Q And it was then from their valuations that you have put down these figures? A: Yes.

20 MR. RUSSELL: I wonder if my learned friend will produce in connection with the radio a letter dated the 25th of March, 1944, and the R.C.M.P. report.

Q What kind of a radio was it that you claim, do you know? A: A 13-tube Rogers with a 15-inch speaker.

MR. RUSSELL: Your Honour, I am going to put in as an exhibit a report from the Royal Canadian Mounted Police showing that this radio was handed over to the Custodian.

THE SUB-COMMISSIONER: What is the date of that?

T.T. Ono,
In Chief.

MR. RUSSELL: July 11th, 1944.

(REPORT MARKED EXHIBIT NO. 2).

MR. RUSSELL: Q: Whose radio was that actually?

A: Actually my dad's; he paid for it, and I think it was registered under Jim's name.

Q: That is your deceased brother? A: Yes.

Q: I am showing you a letter, it is a letter or declaration or an office receipt on the top, and on the bottom is the written part and it is signed by someone; do you recognize that signature?

A: I couldn't swear to it, but that looks like Jim's writing.

Q: Jim is your deceased brother? A: Yes.

MR. RUSSELL: This letter reads, the first part is a declaration from the Custodian where Yasuhiro Ono is asked to sign for a receipt that they have lost, and they reply on the same page,

Dear Sir:

Re your letter of March 19th instant.

"I am sorry to say that I can not submit the receipt received from the R.C.M.P. as to do so would relinquish my only proof of ownership of said radio.

"Legally that is still my radio and car. I do not know what you intend doing with proceeds of same but I do not recognize the sales,"

and it purports to be signed "J.Y.Ono," which were the initials of the deceased brother.

T.T. Ono,
In Chief.

Q Did you ever find the receipt that is spoken of there?
A: No, I didn't.

MR. RUSSELL: I will put this letter in.

(LETTER MARKED EXHIBIT NO. 3).

MR. RUSSELL: Q: You will notice in that letter your brother indicates that the radio and car were his?

A Well, that is the only way I could figure that he could do it, as it was registered in his name and it couldn't be very well transferred to my dad.

10 MR. RICE: Q: You have already stated that you owned the radio?
A: Yes.

MR. RUSSELL: Now, if my learned friend will produce the R.C.M.P. report re the automobile.

(Receipt to Mr. Russell)

This is just a report from the R.C.M.P., dated March 9th, 1942, which says that the condition of this car was fair at that date, "appears fair".

(REPORT MARKED EXHIBIT NO. 4).

MR. RUSSELL: Q: Do you remember this automobile at all?

20 A Yes.

Q Did you see it fairly soon before you were evacuated?

A Not since. Well, I seen it once in Hastings Park.

Q But, I mean, before it was taken over by the R.C.M.P., had you seen the car?

A Yes, I was driving it.

Q You were driving it? A: Yes.

Q Do you know anything about cars, or did you then?

A Yes, I am a mechanic now.

30 Q Beg pardon? A: I am a mechanic

T.T. Ono,
In Chief.

now.

- Q You are a mechanic now? A: Yes.
- Q Well, from your mechanic's knowledge, what would you say about the condition of that car?
- A I would say it was good.
- Q Good? A: Yes.
- Q What about tires? A: The tires were new, four new tires on it.
- Q Four new tires? A: Yes.
- 10 Q The engine was running all right?
- A Engine in perfect condition.
- Q Were there any defects at all that you know about of your knowledge or your knowledge now that would have existed at that time? A: None at all.
- Q What about the windshield? I notice the police say it was cracked. Was it cracked when you had it?
- A No, it wasn't cracked because it passed the test.
- Q What test did it pass? A: The safety regulation test.
- 20 Q Beg pardon? A: The safety rule test.
- Q When did it pass that test? A: It has got to pass it every month.
- Q And it passed the? A: It passed the inspections.
- Q It passed the inspections? A: Yes.
- Q I see. This automobile was valued at \$385.00?
- A I valued that myself.
- Q You valued that yourself? A: Yes.
- 30 Q And the radio was valued at \$195.00; who valued that?

T.T. One,
In Chief.

A I think my brother valued that. No, I beg your
pardon, I didn't value that car.

Q You didn't? A: No.

Q Who valued it? You are speaking of the automobile
now; who valued it? A: I found a slip
of paper with this stuff, which had the valuation
written on it.

Q Who had prepared the slip of paper?

A Jim.

10 Q Your brother had? A: Yes.

Q That is the one of the car? A: Yes.

Q Your deceased brother? A: Yes.

Q Did he show how he had valued the car at all?

A No, just car so much, \$385.00 and the radio \$195.00.

Q You are sure those were valuation figures and not
what he paid for them? A: No.

Q How do you know? A: Because I was
there when he bought it.

Q How much did he pay for the car?

20 A \$195.00.

Q And you valued it at that time, or you valued it
at the time of evacuation at \$385.00. How do
you account for that increase of about \$190.00?

A Well, with the motor being overhauled and the
new set of tires and a lot of work underneath,
like the driveshaft and the transmission.

Q Were they replaced? A: No; they
weren't replaced, but all the worn parts were
replaced; that is why I swear that that car
was in perfect shape.

T.T. One,
In Chief.

Q Well, do you know that they were replaced?

A Yes.

Q How do you know that? A: Roy Stewart
Garage in Marpole.

Q Do you know anything about the kitchen goods of
\$30.00 that are being claimed by your mother?

A I think -- how did I arrive at that?

Q You arrived at that figure yourself, did you?

A Yes.

10 Q Well, did you talk to your mother about it?

A Yes, and my sister.

Q And between the two of you/arrived at it?

A And my sister.

Q As your sister? A: Yes, because I
don't know nothing about kitchen goods.

Q No, but how did you come to that figure, or what
is it for, the \$30.00? A: Gee, I wish
I had brought that slip of paper over.

20 Q Well, it is too bad you didn't bring your slip of
paper, but can you tell us now that you haven't
got it?

A: I think they
worked it out by pieces, what it would cost them.

Q You don't know what was included in those pieces
at all?

A: No.

Q Can you tell His Honour anything about this six
cylinder motor that you value at \$75.00?

A Yes.

Q Well, how did you arrive at that valuation of \$75.00?

A Well, I used that motor one year.

30 Q You used the motor yourself for one year, did you?

T.T. One,
In Chief.

A Yes.

Q What year was that? A: I believe it was in '38 or '39, I am not sure. '38, I believe it was.

Q Who had the motor previous to that?

A Percy Keitch.

Q How did you come by the motor? A: He had it in his towboat and it was too small for him so he offered it to us for \$100.00.

Q And is that ^{what} was paid for that motor?

A Yes.

Q And you used it for one year, '38 or '39, you aren't sure which? A: No.

Q What happened to the motor after you were through using it? A: I left it in the net shed.

Q Was it just left there or was it oiled or protected in any way? A: Yes, because we figured on building a speed boat and putting it in.

Q What sort of protection was used on the motor?

A Well, it wasn't open, no place was open; there was no place that the dust could get through, and it was full of oil.

Q What protection was made for erosion from the salt water and moisture? A: Paint.

Q It was painted, was it? A: Yes.

MR. RUSSELL: I am going to ask my learned friend to let me have two letters, one dated the 28th of September, 1942, and one the 2nd of October, 1942, and they are both in the section under "scow".

Q Your mother is making a claim for some nets. Whose

T.T. Ono,
In Chief.

nets were they?

A: They are the

nets that Jim used and some that were rented out
to the fishermen.

Q But who actually owned them? You say Jim owned
some of them?

A: No, dad owned them.

Q Your father owned them all, did he?

A Yes.

Q Who owned this kitchen equipment that you spoke of?

A Well, they are household goods.

19

Q Your father owned those too? A: Yes.

MR. RUSSELL: In connection with these nets, sir, I
would just like to read a letter from J. M.
Anderson, rental manager of Ker & Ker Limited,
apparently the agents or officers for the Custodian.

THE SUB-COMMISSIONER: What is the date?

MR. RUSSELL: Dated the 28th of September, 1942, in
which he says,

20

"The new tenant, Mr. Krasnoski, has
informed this office that some person from the
City Hall has notified him that instructions
have been issued to demolish certain sheds
and shacks along the river front.

"We, therefore, wish to advise that the
shed behind the Ono property which belongs to
Mr. Ono, is full of very valuable fishing
equipment."

And then there is another letter which I will put
in with it, which is apparently from Mr. H. F.
Green of the Protection Department to Messrs.
Ker & Ker,

20

T.T. One,
In Chief.

"We acknowledge with thanks your letter of the 28th ultimo advising us of valuable fishing equipment belonging to the above Japanese.

"We removed all such equipment to the Custodian's warehouse the middle of last month and are at a loss to understand your kind report."

THE SUB-COMMISSIONER: What is the date of the last letter?

MR. RUSSELL: October 2nd, 1948. (1942)

THE SUB-COMMISSIONER: Put them in as one exhibit.

10

(LETTERS MARKED EXHIBIT NO. 5).

MR. RUSSELL: Q: In this summary of evidence, maybe you don't recall, but there are six nets listed, and particulars were given of the nets, the price was set down and the valuation was made. Now, who did all that? Who supplied all that information?

A Well, I was working at the time, and my brother Butch, I sent him over to Teshima's for the valuation of the nets, what it would cost new and what it would be after using one or two seasons.

20

Q Who is this Teshima that you speak of?

A That is Jim's best friend, they fished together.

Q Well, was he a fisherman in his own right, Mr. Teshima?

A: Yes.

Q Would he be in a position to know what these nets were like?

A: Yes.

Q He was a friend not only here but at the Coast, is that right?

A: Yes.

Q And you say that he fished with your brother out at the Coast, is that right?

A: Yes.

30

Q Do you know whether they used these actual nets when

T.T. Ono,
In Chief.

they were fishing?

A: Yes, because

they are seasonal nets; like 4-1/4 and 5-3/4, they wouldn't be used at the same time, maybe use only one month and the next one the next month.

Q And you simply took his figures and put them down, is that right?

A: Yes, that is

right.

Q And, personally, you don't know a great deal about the valuations?

A: No.

10

Q Would you know if these were actually your brother's nets or not by the description?

A I know one there isn't, that 26 mesh.

Q Is or is not? Did you say that was your brother's or was not?

A: Is not.

Q Whose net would that be?

A: I think that

is one of the rental nets.

Q Well, in other words, this should come out of the claim?

A: No, dad owned

it but he rented nets out too.

20

Q Oh, I see, that was your father's net, but it wasn't one that was used by your brother, is that what you mean?

A: Yes, that is right.

Q Oh, I see. Well, did you have a list of nets so that you knew what to ask Teshima to value?

A Yes.

Q Who prepared the list that you took over to him to value?

A: The Custodian

sent us a list.

Q And you took the actual Custodian's net list over?

30

A Yes, because I didn't know how many nets there

T.T. One,
In Chief.

were, but it seems to be that there is an awful lot of nets shy yet.

Q You think there should be more nets, but you don't know what they are? A: Yes.

Q What about this box of dog fish hooks and the 50 corks, where did these items come from?

A They are dog fish fishing equipment.

Q How did you know that they existed?

A The Custodian sent us that.

10 Q That is the information that the Custodian sent you too? A: Yes.

Q I see. I don't know whether my learned friend is going to dispute the ownership of these two boats being claimed or not. There is considerable information on his file which I think establishes the ownership, and if there is any question about it I think it should go in, otherwise it is just superfluous material on the file.

THE SUB-COMMISSIONER: What do you say, Mr. Rice?

20 MR. RUSSELL: I am speaking of the "Josephine W." and the "Violet J."

MR. RICE: The "Violet J." never came into our possession at all. The "Josephine W." was appraised and sold at a fair market value.

THE SUB-COMMISSIONER: You say they were appraised?

MR. RICE: The "Josephine W." was appraised and sold at its fair market value, but the "Violet J." never came into the possession of the Custodian at any time, never was located.

30 MR. RUSSELL: I think on your file you have some receipts

T. T. Ono,
In Chief.

and documents which would establish the ownership of the deceased Shohei Ono to both of these boats actually. They are two separate sets of documents.

MR. RICE: If there is anything on the file that my learned friend wants, he can have it if he will just say what documents he wants.

MR. RUSSELL: Well, in the first place, I point out that the boat is listed in the J.P. form.

MR. RICE: Which boat are you referring to?

10 MR. RUSSELL: You are admitting the ownership of the "Josephine W."?

MR. RICE: The "Josephine W." was appraised and sold.

MR. RUSSELL: You admit it belonged to the claimant?

MR. RICE: I do not admit that it belonged to the claimant, but I will admit that the Custodian is responsible for taking possession of it and the sale of the boat.

THE SUB-COMMISSIONER: That does not satisfy Mr. Russell, because he has to establish ownership.

20 MR. RICE: I can't place myself in that position.

THE SUB-COMMISSIONER: All right, then, go ahead, Mr. Russell.

MR. RICE: I don't know whether my learned friend has a proper claim for the boats; I don't know whether it is in dispute.

THE SUB-COMMISSIONER: He has got to, under those circumstances, establish ownership.

MR. RICE: Well, if I have any documents on file that establishes ownership, he can have them. I don't think I have.

T.T. One,
In Chief.

MR. RUSSELL: Well, on the "Violet J." you have a licence pending registration of small craft, and actually a document that turned the boat over to One you have there, and I think you have a letter of the 22nd of January, 1943, from C. G. Robinson which I think will establish it. These are just various small bits of paper.

MR. RICE: From Robinson?

10

MR. RUSSELL: No, they weren't all from Robinson. There are four or five separate documents.

MR. RICE: Here is a letter from Robinson, the 22nd of January, 1943, did you say?

MR. RUSSELL: Yes.

MR. RICE: I have that.

MR. RUSSELL: I would like to have that.

MR. RICE: What else?

MR. RUSSELL: There are other documents. Here they are. This boat "Violet J." apparently belonged to E. A. Jackson. Those are the documents now.

20

MR. RICE: This deals with the "Violet J." I suggest that you keep all the documents together, if you don't mind. There is a power of attorney respecting that boat, and they are attached to it.

MR. RUSSELL: I put in as an exhibit, sir, a group of documents relating to the "Violet J.", and for my purposes I draw your attention to a document purporting to be, well, it is stamped by the National Revenue of Canada, Customs and Excise, July 20th, 1940, and it says,

30

"Gasboat 'Violet J.', 2 tons, Owner

T. T. Ono,
In Chief.

E. A. Jackson, foot Main Street South,
Vancouver, B. C., license pending," and
apparently the signature of an official. And
then there is the registration of small craft,

"Name of Vessel 'Violet J.', Owner
E.A. Jackson, Address, Foot Main Street
South, Identification No. V 118P,"

and then it looks like a signature, but I can't
make it out, and then it is stamped on the back,
it has, "H. P. Woodward, P.E., Harbour Master,
Vancouver, B.C.," which, I think, established the
ownership in this Jackson. And then there is a
document here dated October 6th, and it doesn't
give the year, Marpole, B. C.,

"To who it may concern. Ed Jackson has
turned over his gillnet boat Violet J. to me
in payment of balance owing to me, which is
agresable to both parties (Ed. Jackson &
S. Ono)"

and then it is signed by S. Ono, E. A. Jackson,
Mrs. Violet Jackson, and witnessed by H. P. Bichnell.

(DOCUMENTS MARKED EXHIBIT NO. 64.)

THE SUB-COMMISSIONER: All right. What about the other
boat now?

MR. RUSSELL: I have here a group of documents relating
to the "Josephine W." One of the documents is a
letter dated August 4th, 1941,

"To B. G. Packers Ltd.

I hereby return my boat 'Josephine W.'
to custody of B. G. Packers Ltd to clear my debt

T. T. One,
In Chief.

to S. One.

Signed

J. W. Webber,

Witness H. P. Bichnell

Tommy One."

And in the same group of documents there is an agreement for sale from Joseph Webber to S. One of the "Josephine W." dated the 1st of June, 1942, and it purports to be signed by Webber and witnessed by Bichnell again.

10

(DOCUMENTS MARKED EXHIBIT NO. 7).

MR. RUSSELL: And I will put in a letter dated the 22nd of January, 1943, written by one C. C. Robinson to the Specified Articles Department, Office of the Custodian, and there are two paragraphs in that letter, one each dealing with each of the boats we are interested in.

"Josephine W" is at Marpole. There is a Custodian sign on this boat with a sale price of" and I don't know whether it is \$5000.00 or \$500.00.

20

MR. RICE: I think it is \$50.00; I can't say. The document will have to speak for itself.

MR. RUSSELL: And then it says,

"Violet J" This boat was at Marpole this Spring but is gone now. I could not locate."

(LETTER MARKED EXHIBIT NO. 8).

MR. RUSSELL: Q: Do you remember these two boats we have been speaking of, the "Josephine W." and

30

T. T. Ono,
In Chief.

"Violet J."?

A: Yes.

Q In this summary of evidence there is a considerable number of particulars given relating to each of these boats. The first one says that the "Josephine W." was twenty-six feet long, five feet in breadth, two feet in depth, and the price paid was \$550.00, and a fair market value of \$300.00, and sold for \$20.00. I was just wondering who supplied that information?

A: Well, that

10

boat was built in 1939.

Q That is the "Josephine W"?

A Yes, the "Josephine W".

Q Yes?

A: And I have

got that details at home what the prices were.

THE SUB-COMMISSIONER: Beg pardon?

A I have got all the details at home on that.

Q From where?

A: From the

person that built it.

MR. RUSSELL: Q: Who built the boat?

20

A It was a Japanese carpenter.

Q And where is he?

A: He is deceased

now.

Q But he was available when you got this information from him, was he?

A: Yes.

Q And he remembered?

A: Yes.

Q And he told you?

A: Yes, because

he was next door to us.

Q What about the price paid, where did you get that information?

A: From him.

30

Q From him?

A: Yes.

T. T. One,
In Chief.

Q Well, was that boat built new in 1939?

A Brand new.

Q And your father bought it for \$550.00 in 1939
from him? A: Yes.

Q I see. What about the "Violet J"?

A The "Violet J", the dimensions on her was just a
pure matter of guesswork; it is approximate.

Q You guessed at that? A: Yes.

Q Did you know the "Violet J." fairly well?

10 A Yes, I did.

Q You say the price paid \$256.94 when submerged;
how do you know that? A: That is what
he was owing on the account.

Q How would you know that? A: We have got the
books at home.

Q You have the books at home? A: Yes.

Q What happened to it that it became submerged?

A Through negligence.

Q Of whom? A: Of Jackson.

20 Q He had the "Violet J." before you took it over,
is that right? A: Yes.

Q In other words, you paid him, your father, at
least, paid him \$256.94 for a boat that was under
water, is that right? A: That is right.

Q I see.

MR. RICE: No, he doesn't say that; that is what Jackson
owed his father.

A Well, that is what squared the account by us
taking the boat over for what he owed on the account.

30 MR. RUSSELL: Yes.

A: So that actually

T. J. Ono,
In Chief.

that is what he paid.

Q And you show that this was done in 1939, how
do you know that? A: I was there.

Q You were there? A: Yes.

Q You say that the cost of raising the vessel was
\$100.00; how do you know that?

A That is just a matter of guesswork.

Q Well, how did you arrive at the figure of \$100.00?
Why didn't you say \$500.00 or \$20.00?

10 A Well, there is a limit to these things.

MR. RICE: I would think there was.

THE SUB-COMMISSIONER: This is a good witness.

MR. RUSSELL: Q: Well, have you ever known of any other
boat being raised? A: No.

Q Or did you have any basis? A: No.

Q You just put down \$100.00? A: Yes, through time
and gas and oil burned and equipment used.

Q Did your father raise the boat himself?

A Yes.

20 Q Used his own equipment, did he?

A Yes.

Q I see. Well, after the boat was raised, was there
any work done on it? A: Yes.

Q What all was done, do you know?

A Engine overhauled.

THE SUB-COMMISSIONER: Q: The which?

A Engine overhauled.

MR. RUSSELL: Q: Was there anything else done to it?

A No, that was about all. A couple of leaks stopped
in it.

T. T. Ono,
In Chief.

Q Would you have any idea what the original owner paid for the boat? A: No.

MR. RUSSELL: I think my learned friend has a letter which shows or certifies or shows that the boat was submerged while in the custody of the Navy. I might just put that in. Or in the care of the Custodian, actually, I guess it was.

MR. RICE: No, I don't think I have a letter such as that on file.

10

MR. RUSSELL: Q: Did you ever learn from the Custodian's office that the boat had been sunk after it had left your custody? A: No.

Q All right.

MR. RICE: I am submitting, your Honour, that the "Josephine W." was sold for its fair market value.

I am submitting that the "Violet J." was not declared, not known to the Custodian, and not found.

20

I am submitting that the claimant declared that she had no property in the protected area, and it is submitted that only such property as comes into the possession of the Custodian, or is known by him, need be accounted for. I am submitting that the claim made by the claimant for which the Custodian may be held in any way responsible for is exorbitant.

I wish to tender the following documents as exhibits: A summary and valuation by John Gould, a survey report, and an agreement for sale respecting the "Josephine W". I submit them as one exhibit, if I may.

30

(DOCUMENT MARKED EXHIBIT NO.9).

T.T. One,
Cross Exam.

MR. RICE: That shows that this vessel was valued at \$20.00 and sold for that price.

I submit a memorandum respecting the vessel "Violet J.", showing that it was never located and never came into the possession of the Custodian.

(MEMORANDUM MARKED EXHIBIT 10).

MR. RICE: A memorandum respecting the sale of a Rogers radio that was appraised at \$50.00 and sold for \$106.00.

10

MR. RUSSELL: That indicates, your Honour, that the appraisers are possibly not much better than some of our claimants in putting values on these things.

MR. RICE: I think it indicates that the Custodian did an exceptionally good job in that case, your Honour. He didn't stop at the appraised value; he got what the article was really worth.

I submit a memorandum respecting the sale of the automobile, showing that it was appraised at \$75.00 and sold for \$80.00.

20

(MEMORANDUM MARKED EXHIBIT NO. 12)

CROSS EXAMINATION BY MR. RICE:

Q How old did you say you were? A: Right now?

Q Yes? A: 24.

Q And when your family was evacuated, how old would you be? A: 17.

Q 17, were you? A: Yes, somewhere around there, 16 or 17.

Q And these values that you have given us regarding the nets are not your values at all?

30

H. T. Ono,
Cross Exam.

A No.

Q Just what someone told you? A: Yes.

Q They thought they were worth? A: Yes.

Q And did I understand you to say that the people that you consulted had seen the nets at one time?

A Had seen them all the time; they were out fishing.

Q They were out fishing who with?

A Well, they stick to a fleet like.

Q Yes, but they don't examine everybody's nets every day, do they?

A: No, but they know what the nets are worth and what condition they are in if they fish.

Q They do if they examine them. Do you know if these people examined them, the ones that you consulted as to value?

A: Well, you take a truck or anything, you buy the same truck the same year, the same model, the same make, and use it the same way every day, you would still have the same truck.

Q Who was Shobei Ono? A: That is my dad.

Q That was your dad? A: Yes.

Q Do you know of your own knowledge if the Custodian's office wired your dad offering him 15¢ per fathom for his nets?

A: No.

Q You know nothing about that? A: No.

Q And you don't know whether your dad instructed...

MR. RUSSELL: ...I think my learned friend should be more specific on the telegram, your Honour, whether it was a certain type of net.

MR. RICE: Well, I wish to put these telegrams in. Of

course, if this witness knows nothing about them, all right, but I am telling my learned friend that he will have to meet the evidence.

Q There is a telegram dated August 24th, 1942, sent by the Custodian, of which we have a copy, to Shohei Ono, Trout Lake, B.C. Your father lived there, did he?

A: Yes.

Q In 1942?

A: Yes.

MR. RICE: I will read this,

10 "Our information new value lines about fifteen cents per fathom therefore consider Imperial offer reasonable Stop Emphasise"... Held on. I had better read the other telegram first.

"Imperial offers twelve and one half cents per fathom on lead and cork lines telegraph cable if you accept."

20 That was apparently a telegram sent on the 19th of August, 1942, to Shohei Ono. And August 24th -- that was sent to Shohei Ono at Trout Lake, B.C. And there is a reply to that wire dated August 24th in the same year, signed "S. Ono",

"Kindly dispose the lines at prices quoted in your wire it is not near half the value but can't be helped,"

to which another wire was sent on August 24th by the Custodian, to Shohei Ono, Trout Lake, B.C., and I quote,

30 "Our information new value lines about fifteen cents per fathom therefore consider

T. I. Ono,

Imperial offer reasonable Stop Emphasise
you are not compelled sell at this or any price
but believe to your interest to accept as equipment
will deteriorate."

THE SUB-COMMISSIONER: Put them all in as one exhibit.

(TELEGRAMS MARKED EXHIBIT NO. 13);

MR. RICE: Q: When you were evacuated you leased your
houseboat to a Mrs. Campbell, or your parents did,
did they not? A: Well, yes.

Q Mrs. W. D. Campbell? A: Yes.

Q For \$1500 a month? A: I don't know
the amount of that.

Q What nets were turned over to Mrs. Campbell to
look after? A: No, the nets
were under lock and key and we brought the key
along with us.

Q I have a memorandum here regarding the leasing of
these premises dated June 5th, 1942.

"William Campbell:

We are charging you for the rent of
our place \$15.00 per month. And for you to
look after our place we are to pay you \$10.00
per month, which leaves a balance of \$5.00 for
which you are to use for the expense of cables
and so forth. You are to look after the place
as said above for the duration of the war. In
which case we will return and you are to vacate
on the month pending. You are to be responsible for

goods which you are given permission to use

with the place. You are to sign here in
agreement on this day June 5th, of 1942.

Caretaker's Signature Mrs. W.D. Campbell.

Owner's Signature S. Ono."

Do you know about that? Would that be the arrangement
made by your father and Mrs. Campbell?

A She would probably know, but I wouldn't.

Q Your mother would probably know, but you don't know?

A No.

10

MR. RICE: This agreement goes on,

"You have agreed to look after to the
shed nearest the waterfront which contains these
articles:

5 Harbour Nets 1 York Net 1 engine 600 fthms. of
corkline 600 fthms. of leadline dogfish lines
and hooks. 3 3/4 skate for dogfishing. 1 old

shed over to the Custodian or to the B. C.
Packer's Limited in care of Manager Charles
Willespie of Imperial Cannery at Steveston, B.C.

"Yours truly,

Q Have you any knowledge of that at all?

A No.

30

Q You have no knowledge of that arrangement?

T.T. Ono,
Cross Exam.

A No.

THE SUB-COMMISSIONER: Is that signed by the father?

MR. RICE: I am just quoting from a copy, your Honour.

I haven't the original before me.

Q Do you know whether Mrs. Campbell complained about there being bed bugs in the shack?

A No.

Q You know nothing about that? A: No.

Q Well, were Ker & Ker looking after this place for you or were they looking after it for the Custodian?

A Ker & Ker?

Q I am referring to the houseboat and the buildings where you lived?

A: I never heard of

Ker & Ker.

Q You don't know?

A: No.

Q And you say you never heard of your mother and father discussing about the place being alive with bed bugs?

A: No.

Q Do you recall of the Custodian writing to your father or your mother that it would cost \$19.00 to fumigate for the extermination of bed bugs?

A No, sir.

Q You have no knowledge of that? A: No.

MR. RICE: I wish to tender a letter, your Honour, written by Ker & Ker, per J. M. Anderson, Rental Manager, Real Estate, Rentals, Loans, and Insurance, Vancouver, addressed to the Custodian, under date of July 21st, 1942.

"The writer visited the above property in company with the Vancouver Fumigating

T. T. Ono,

Company Limited, who after examining this house thoroughly, made a quotation of \$19.00 to fumigate for the extermination of bedbugs.

10 "The writer is convinced that to leave Mrs. Campbell and her family in this house boat would create a difficult situation should anything happen to this boat during the storms and high tides of the Winter season. Her agreement, as you know, calls for the care of this particular dwelling to the extent of looking after cables, etc. Mrs. Campbell lives there with her three daughters and the husband is in Prince Rupert and will evidently be there for some considerable time. She evidently wishes to vacate the premises in the event of procuring a position at the Steveston Cannery.

20 "The writer would advise that Mrs. Campbell should state definitely if she wishes to remain in the premises or to move. In the event of her asking permission to move, then we would wait until she moved before having this fumigating work done. Under the agreement it is also evident that there will be no moneys actually paid for the rent of these premises as the rent is being credited back to Mrs. Campbell for fulfilling certain obligations. It will be far better to have someone in the scow house actually paying rent of some kind to take care of any necessary expenses that may arise.

30 "We will keep in touch with this matter as far as Mrs. Campbell is concerned and will

let you know at an early date just what she intends to do."

(LETTER MARKED EXHIBIT NO. 14).

MR. RICE: I also tender a personal property summary. And there is another one.

THE SUB-COMMISSIONER: Part of the same exhibit?

MR. RICE: Yes, two summaries re personal property.

(SUMMARIES MARKED EXHIBIT NO. 15)

MR. RICE: Q: I show you a card (indicating); is that your mother's writing or signature?

A: I can't read a word of it.

Q: You can't read a word of it? A: No.

Q: I show you a J.P. form of Yasuhiro Ono; that is your brother, is it not? A: Yes.

Q: Dated the 31st of March, 1942; is that his signature?

A: It looks like it.

Q: Well, do you believe it to be his signature?

A: I wouldn't swear to it.

Q: I show you another J.P. form, purporting to be that of your father, dated the 29th of May, 1942; is that your father's signature?

A: It looks like it.

Q: Would you say it is? A: I wouldn't swear to it.

Q: You wouldn't swear to it? A: No.

Q: But you believe both of these forms to contain, one, the signature of your brother, and the other, the signature of your father? A: Yes, it might be.

MR. RICE: I tender these J.P. forms as an exhibit, your Honour.

T.T. One,
Cross Exam.

(J.P. FORMS MARKED EXHIBIT NO. 16).

MR. RICE: I also tender a form that the Custodian claims was completed by the claimant, this witness's mother.

THE SUB-COMMISSIONER: If you wish we can ask her to come back for the purpose of proving her signature, or possibly Mr. Russell will show it to her and admit it.

MR. RUSSELL: Yes.

10

MR. RICE: My learned friend admits that this card was completed by the claimant, Mrs. Shohei One?

MR. RUSSELL: Yes.

(CARD MARKED EXHIBIT NO. 17).

MR. RICE: I also tender as an exhibit, your Honour, a report of Ker & Ker Limited regarding this property.

(REPORT MARKED EXHIBIT NO. 18).

MR. RICE: Q: You say that your father ordered a boat built, the "Josephine W."?

figure that was given to me.

Q And you say with respect to the "Violet J." that one Jackson owed your father \$256.94?

Q And your father took delivery of that boat as it was in order to recover something of his debt?

A Yes.

T. T. One,

MR. RICE: I observe, your Honour, that the personal property totals \$760.00 rather than \$960.00. My learned friend's addition is a bit out there by \$200.00. It is on the third page of the summary of evidence, Exhibit 1. That is all.

MR. RUSSELL: Your Honour, I just draw to your Honour's attention to the wires put in by my learned friend. You will observe that they relate to lead and cork lines, and what is being claimed is something entirely different in the summary of evidence, namely, dogfish lines, which are different objects.

THE SUB-COMMISSIONER: Well, is there any difference?

A Oh, yes.

Q Oh. That is all, thanks.

MR. RICE: Your Honour, I forgot to put in the analysis of personal property claim, and I would like to put it in now as an exhibit.

THE SUB-COMMISSIONER: All right.
