Mr. H. Baxendale,
St. George's Hospital,
Alert Bay, B. C.

Dear Sir:-

Re: Hirokichi SHINTANI

Further to ours of June 29th, fourth paragraph, we think that it will now be in order to consider sale of this boat works in accordance with the valuation made by the Collector of Customs and Excise. We are enclosing copy of this herewith.

One or two points require comment. First of all our previous letter was not quite accurate in its comparison since some of the items are valued considerably higher than the figures given in yours of February 13th. The comparatively small difference shown in our letter is due to the exclusion of the boat lumber.

The second point is that we do not feel that only certain items should be sold as this will leave other items which will be very hard to dispose of. Naturally we would not expect to include the household goods or possibly the sundry tools but apart from that we would like to see every item purchased.

Finally, the Telegraph Cove Mills have offered \$50.00 for the power winch but this appears to be much too low. In this connection, it may be that considerable difference in the prices of capital equipment suggested by you and as set by the Collector of Customs and Excise, are due to the latter not allowing for depreciation and it may, therefore, yet be the case that we will have to arrange for an independent appraisal.

Yours truly,

H. F. Green
Protection Department

October 27th, 1943

Mr. H. Barendale,
Alert Bay, B. C.

Dear Sir:-

Re: T. K. and H. S. Boat Works
Alert Bay, B. C.

We are glad to advise that we have arranged with Mr. Galbraith of Messrs. Galbraith, Clerihew & Overton, to visit you at Alert Bay and carry out an appraisal of the T. K. and H. S. Boat Works. He is leaving Vancouver on Saturday night, November 6th and returning here on Monday, November 8th. We are handing him a letter of introduction to you and are sure that you will do all in your power to assist him in order that we may have a proper valuation on our files and to guide us in considering the tenders we shall shortly be calling for.

We have received two letters from Mr. Dick May at your end raising the following points.

(1) He claims that the present tenants are overcharging their customers and in order to protect his business he wishes to take over and run the boat works. With this in mind, he says he has given the present tenants notice to quit on November 1st. Our understanding, however, is that they have a three-year lease and will remain on the property. We have so advised him.

(2) He asks how to go about bidding for the equipment. We have told him that we shall be advertising the Boat Works in the very near future.

(3) He claims that Mr. Dalgarno has not accounted for all the stores such as nails, paints, tools etc. taken over with the boat works. We are confident that you have kept an eye on this matter and anything of this nature has been or will be duly charged to Mr. Dalgarno. We have, therefore, merely said that we have noted the contents of his letter and left it at that.

December 2nd, 1943

Mr. H. Baxendale,
Alert Bay, B. C.

Dear Sir:-

Re: T. K. and H. S. Boat Works

Further to ours of October 27th, we are now glad to advise you that we have received a valuation on these Boat Works from Mr. Galbraith. This valuation includes all the hardware and equipment at present stored in Mr. Olney's warehouse as well as that actually situate on the boat-building premises. In accordance with our usual practice, we are not disclosing this valuation until tenders have been called for.

We recently had a long letter from Mr. Dalgarno complaining of the possibility of our advertising the Boat Works for sale by tender and claiming that he should have the first chance to purchase the Boat Works. We merely answered at the time that we would give this question our consideration.

This we are, of course, prepared to do, but the first thing that strikes us is that Mr. Galbraith reports stores taken by Mr. Dalgarno to the value of \$303.35 from the warehouse at Alert Bay and covered by receipts now in the possession of Mr. Olney. Before we could even consider giving Mr. Dalgarno first option to purchase the Boat Works (and we cannot commit ourselves at all in this respect for the time being) we must receive his cheque for \$303.35 for the material actually used.

As soon as we have this, we will put the question of his being given first option to buy the Boat Works up to our Committee here and will then advise you of their decision. So far it has definitely been our policy to give all comers a chance to make a bid but the Committee may consider the circumstances such as to warrant a departure from this policy. We wish to make it clear that we are interested in disposing

January 22nd, 1944

Mr. Dalgarno,
Alert Bay Boat Repair,
Alert Bay, B. C.

Dear Sir:-

Re: T. K. and H. S. Boat Works

Further to our letter of December 29th to Mr. Baxendale which he doubtless showed to you, we have now to confirm our telephone conversation and telegram sent to you the other day.

Our Advisory Committee have now authorized to you the sale of the remaining equipment of the T. K. and H. S. Boat Works and there will, therefore, be no objection to your moving it elsewhere. We are enclosing a copy of the detailed appraisal made by Mr. Galbraith on his recent visit and totalling \$1561.64. You should as soon as possible, please, send us your cheque for this sum. As mentioned to you during your visit, in view of the fact that we are waiving our usual policy of calling for tenders, we cannot apply on this price, the rent already paid by you.

Yours truly,

H. F. Green

December 13, 1946.

Mr. A. G. Fressa,
Official Administrator,
Cumberland, B. C.

Dear Sir:

Re: Tsuruo KAWAGUCHI, #09856,
Baxendale. Our File #1604.

Further to our letter to you of December 4, concerning the above Estate and the account of St. George's Hospital, we wish to advise you that, at the time of writing, a letter was overlooked, signed by Tsuruo KAWAGUCHI, dated August 19, 1942, which referred to the hospital bill for Sue KAWAGUCHI. This letter also mentioned accounts which were referred to Mr. Baxendale for collection, the proceeds to be applied against this bill. This would appear to be sufficient acknowledgement of the hospital claim. The accounts which were referred to Mr. Baxendale are as follows:

Jackie Parker, Logger, Alert Bay	\$20.00
Wyeth Mathewson, Fisherman, Alert Bay	8.00
Neil Hood, Fisherman, Alert Bay	8.00
Bill Haulan, Logger, Sineen Sound	20.00
John Fairry, Alert Bay, Canadian Fisheries Bones Bay Cannery	110.00

This last account was said to be for repair work done on the "3 Acne."

At this date we do not appear to have had a report from Mr. Baxendale as to his success in recovering any money from these sources, and, of course, we do not know whether the accounts were at any time collectable. However, we are writing him today to remind him of this possibility and would suggest that you correspond direct with him in this connection when dealing with him in settlement of his claim against the Estate.

Yours very truly,

AEB/AC

A. G. McArthur,
