Re: P/W A-42, KOYO, Masaru

In connection with the above named Internee's inquiry set out in your letter of January 30th last, we have been advised by the Workmen's Compensation Board that a rebate of assessment amounting to $206.73, was made to the Acme Shingle Company Limited, in connection with the Scott Creek Logging Company, formerly operated by the above named Internee and Masashi OIKAWA.

We wrote to the Acme Shingle Company Limited in this matter, and they made the following reply:

"In reply to your favor of March 9th, re the refund of $206.73, from the Workmen's Compensation which the above are claiming.

In our report of January 26th, 1944, we credited the above with $94.89 Cord of bolts at $9.00 per cord whereas our Contract only called for a price of $6.25 per cord. There is therefore a difference of $260.95 which we are charging to the above.

On December 30th, 1944 we advised you that we were willing to close our file on this operation and that we would forget the $29.03 that they were owing us then. However we now feel that owing to the large amount of money that we lost in the bolt operation that we will stick strictly to the Contract.

Dear Sir:

Re: Masashi Oikawa & Masaru Kono

In Reply to your favor of the 29th, re our account with the above.

Acting on the advice of a compentent logger who stated that no more shingle bolts could be brought out of our Timber Claims on Pitt Lake, B. C., we removed what equipment of ours was left and have let the leases run out.

This man was up to the claim in 1943 and it was he that brought out the bolts shown in our letter of January 26th, 1944. We therefore felt that it was useless for us to continue paying License fees on Timber claims that we could not get anything out of.

The balance of $29.03 owing us by the above is small and we are going to write same off thus closing our file.

Trusting that this is satisfactory, we are,

Dear Sir:- Re: Masashi OIKAWA & M. KONO.

We have not given you a report re our standing of accounts with the above for some time. The last report we believe showed that the above still owed us the sum of $1166.42.

Since then we have succeeded in getting out some more bolts and the account ending December 31st. 1943 is as follows:-

Forwarded Dr.- $ 1166.42

		Dr.	Cr.	
June 24/42	Receiver Gen. Tax.	$ 68.28		
July 3/42	R. LeBlond re getting out bolts.	149.00		Dr.$1383.70
June 10/42	Credit re bolts		$ 86.12	1297.58
July 3/42	Credit re bolts		495.19	802.39
July 2/42	R. LeBlond re getting out bolts	75.00		877.39
Oct. 4/43	Credit re bolts		418.70	458.67
Oct. 20/43	Credit re bolts		429.64	29.03

These men now owe us only the sum of $29.03, as you will notice that we were successful in October 1943 in getting out 94.89 cord of bolts which we sold at a better price and this benifited the above.

There is now no men in the bush but if we do get anymore bolts out, we will advise you.

Attention Mr. D.G. Marsh.

Dear Sirs:

re: H. OIKAWA & M. KOBO.

In reply to your letter of June 15th enquiring about Timber Lease No.1086P, Lot No.2993 situated on Scott Creek at Pitt Lake, subject Japanese cut a considerable quantity of shingle bolts on this property but were evacuated from the protected area before they were able to get the bolts out of the woods. They were operating under a contract with the Acme Shingle Co.Ltd., to whom a considerable amount of money is owing because of their inability to bring out the bolts, and we would appreciate your co-operation, when in that neighbourhood, in making a survey of the bolts already cut on the property as to their value to you if you take over operations on that timber lease, as subject Japanese have no interest in the timber lease other than the bolts they cut on the property.

We trust this is the information you require.

Yours truly,

R. D. Richardson,
Farm Department.
