~~This property is solid bush excepting for just under four acres that has been brought under cultivation. The Japanese who was at least at the time of inspection informed me that he has taken up the land just ten years ago.~~

The crop of strawberries looks good, and the ground is free from weeds, other than considerable fern that is growing in profusion around the edges of the clearing.

What buildings there are are poor, just shells, one ply of boards on bare studding. There is a fourteen foot wall with around three feet of water in it at the present time.

There is no domestic power line running near the property. It is a fence, and is only accessible by a trail that runs along its east boundary. This has evidence of having been very bad in wet we

The soil is a light sandy loam, and the sub soil in spots is pure sand, but generally a sandy, fine granular loam.

PERSONAL PROPERTY SUMMARY

File No. 5994

27th December, 1945

Re: AMANO, Sadakichi - Reg. No. 12954

The only Personal Property interest disclosed in this file is Chattels.

The chattels were declared to be left on his property at Clayburn. These were inventoried by our field staff on June 16th, 1942 who at that time found only a small quantity on the property. The details are shown on the attached Chattel Schedule. Our inventory was sent to AMANO showing the majority of the tools as being missing. He acknowledged our inventory as being correct on July 5th, 1942 and it is therefore assumed that he either disposed of the tools himself prior to evacuation or took them with him.

All saleable chattels found on the property were removed and sold at auction on January 26th, 1944 and the net proceeds derived amounting to \$5.11 were credited to this account.

This file reveals no other Personal Property interest.

REGISTERED

27th December, 1945.

Mr. Sadakichi AMANO,
Registration No. 12954,
c/o H.C. Liable,
Homewood, Manitoba.

Dear Sir:

We thank you for your prompt reply to our enquiry regarding your debt to T. FURUKAWA of \$42.00. This sum has now been transferred to him and the account settled in full.

We take this opportunity of giving you a brief summary of our administration of your affairs.

Real and personal property belonging to you in the Protected Area became vested in the Custodian upon your registration with this office. Your real property at Matsqui had been rented by you for a period of ten months from the 1st April 1942, for a consideration of \$400.00. This sum was collected by yourself prior to your evacuation.

No revenue accrued to your credit at this office in view of the fact that your property was sold as of the 1st January, 1943, to the Director of Veterans' Land Act, in accordance with the policy of liquidation decided upon by the Canadian Government. Full details of the property sale were sent to you on the 12th May, 1944, and the proceeds from the sale were credited to your account here. Legal fees in connection with the conveyance of your property were later charged to your account.

You declared a small quantity of household effects and farm tools which were to be left on the property. Our fieldmen inspected the property and made an inventory of the chattels found there, and these were acknowledged as being all left in the Protected Area by you on the 5th July, 1942. All saleable articles were removed and sold by Public Auction in June, 1944, and the net proceeds derived, totalling \$5.11, were credited to your account at that time.

The proceeds from the sale of your assets in the Protected Area were remitted to you at an earlier date with the exception of the \$42.00 now transferred to Mr. FURUKAWA's account, and your file is therefore being closed.

It would appear that we have accounted for all the property of every kind left by you in the Protected Area which vested in the Custodian, and in order that you may confirm this we are enclosing a stamped addressed envelope for your convenience in replying.

Yours truly,

W.E. Anderson,
Administration Department.
