MEMORANDUM

To: Mr. Burke

From: Mr. F. G. Shears

Re: Rikichi SUMIYA.

The following matter was submitted by myself to your Committee yesterday, during the absence of His Honour Mr. Justice Smith, Alderman Jones expressed his approval in regard to this matter and I am writing this for your records as you may wish to have it confirmed at your next meeting.

Certain sheet metal equipment was leased by us about a year ago to the F.A. Thom Sheet Metal Works Ltd. for the yearly rental of \$60.00.

The Japanese recently requested shipment to him of all his chattels which would include the items above mentioned.

On approaching the F.A. Thom Sheet Metal Co. they replied in part as follows:

"This request places us in an impossible situation. This equipment is being used in the manufacture, under direct War Contracts, of Liferaft & Lifesaving Equipment for ships constructed here under the Federal Government ship-building programme. Loss of use of this equipment at this time would not only result in our defaulting in our contracts but delay the dates when the ships themselves can be put into service. We are prepared to purchase these tools at the ceiling price."

We have taken this matter up with the British Columbia Security Commission as in every case we require their advice in regard to the shipment of equipment etc. and they advised us that in view of the fact that the F.A. Thom Sheet Metal Co. is manufacturing products for war requirements they are of the opinion that these particular items should be sold to them. The price of these items now was \$579.00.

Dear Sirs,

Re your File No. 11902
Brake, Shear & Bar Folder,
Property R. Soniya

We have been advised by your Agent, H.D. Campbell, that the Japanese owner of the above equipment which we are renting, requests possession of same on expiry of our leasing arrangements covering it on May 14th. 1944. This demand places us in an impossible situation. This equipment is being used in the manufacture, under direct War Contracts, of Liferaft & Lifesaving Equipment for ships constructed here under the Federal Government shipbuilding programme. Due to the shortage of skilled labour and adequate equipment we are barely holding our own with the data requirements of our contracts. Loss of use of this equipment at this time would not only result in our defaulting in our contracts, but delay the dates when the ships themselves can be put into service. We are prepared to purchase these tools at the ceiling price or continue to rent same if the Japanese owner wishes to retain his ownership of them. Mr. Messenger, of Mr. Campbell's office, has pointed out to us that the personal property rights of the evacuee Japanese must be respected. While we appreciate this fact, we hope that in the interest of the war effort, both your office and the Japanese owner will sympathetically consider the situation in which we are placed and also the interests of the Country.

Yours truly

RE - SOMIYA, RIKICHI,

YOUR FILE NO. 11902.

1. As stated in the "JP" Declaration, the declared property of this Japanese evacuee consists mainly of the equipment of a Tinsmith Shop.
2. This man's business was previously carried on at 580 Powell Street, but his shop was closed up some time ago and his equipment stored on the premises of Wilkinson Company Ltd., 190 West 2nd Avenue.
3. I have had an inventory made of this equipment and am enclosing it herewith.
4. Since making this inventory, Somiya has withdrawn from storage certain items which I have separated in the inventory, under the notation that they have been removed by him.
5. The reason for this removal is that the man intends to go at any moment to Slocan and take these items with him, the rest of the equipment to follow later by freight.
6. Apparently he had entered into what he considered a firm arrangement for the rental of this equipment with the B. C. Security Commission, they having agreed to provide the cost of transporting the equipment to Slocan. At the last moment, however, the Commission deferred definite action.
7. This equipment is insured against fire while located on the Wilkinson premises, by the General Casualty Company of America, Policy No. 1975-F-1466, for \$1,000.00, expiring on the 6th of March, 1943. The equipment is also insured against theft under General Insurance Company of America, Policy No. 6620, for \$1,000.00, this policy also expiring on the 6th of March, 1943. The Agent for this insurance coverage is William Irwin, 608 Standard Bank Building.
8. Future arrangements for this equipment should be entirely satisfactory to your Office, whether left on Wilkinson's premises or moved to Slocan. There is therefore no need for any further action on either your or my part.
9. I will keep in touch with the situation and if the balance of the equipment is moved from Wilkinson's to Slocan, I will advise you in order that you may complete your records.
