Dear Sirs:-

Re: Fumio Ujiye, Reg. 13797.

We are in receipt of your letter of December 2nd requesting full particulars concerning 1939 Studebaker Champion Sedan, Engine #9364, which was reported owned by Fumio Ujiye.

We must advise you that this car was not purchased by us from Fumio Ujiye, but it was seized for non payment of monies owing about July 1943, by the Industrial Acceptance Corporation, 815 W. Hastings Street, Vancouver, B.C. The amount owing at time of seizure was \$528.40.

As we were endorsers of the lien note on the car, we subsequently paid off the amount owing to the Industrial Acceptance Corporation and took possession of the car from them. We actually took possession on September 25, 1942.

Trusting that this will cover the information you require, we remain

In this matter, the balance owing our clients in connection with their lien was \$528.00. We understand the best offer you have had so far is \$500.00. Unless your office can dispose of the car for an amount which will pay off our clients' lien in full, they wish possession of this motor vehicle, and we are enclosing herewith form of discharge in this connection, which we trust will serve the purpose. Dear Sir:

In reply to your letter of the 21st. I beg to advise you that I have had the Studebaker Sedan appraised by Mr. L. H. Atchison, Cloverdale, B.C. who examined the car and stated that the appearance of this car indicated approximately 1000 miles more than the speedometer shows. Mr. Atchison also stated that it would cost about \$50.00. to put this car in running order owing to the length of time it had been left standing in the garage. The engine would have to be taken down and overhauled before the car could be taken on the road.

Mr. Atchison estimates the value of this car as it stands at \$830.00.

The 1942 license slip is not available, and I believe this slip was mailed by Ujiye to the Firm from whom he purchased the car.

Re: Japanese Motor-Vehicles Your File #412 & #412-A

Would you kindly advise us regarding disposition of the 1934 Ford Coach, Serial 18789896, Motor 18789896; 1941 Licence #77-674.

Also please advise us regarding the 1939 Studebaker Sedan, Serial G8005, Motor 9364, 1942 Licence #55-130, registered in the name of Fumio Ujiye, which vehicle was discovered by us and picked up by the Provincial Police and R. C. M. P., and as we understand from your list stored in Cloverdale, B. C.

Since we understand from previous advice received from you, that all these vehicles were offered for sale on July 25, we would appreciate your advise as to the present disposition because if they have not being sold we would like to obtain possession of them in order to complete disposal ourselves and thereby liquidate these accounts.

Your preferred attention to this matter to advise us with us as little delay as possible will be greatly appreciated.

1. On July 6th, 1942, Chief Const. E. J. Idler of the Surrey Municipal Police informed us that he believed that the above named Japanese was in possession of a Motor vehicle, and that same was stored in a garage owned by John H. Newman, R.R. #4, New Westminster, B.C.

2. A patrol was immediately made to R.R. #4, New Westminster, and Mr. Newman, upon being interviewed stated that Ujiye had stored his car in Mr. Newman's garage, and had told Mr. Newman that he had transferred the car to a white man, but that delivery was not to be made until he had received payment. The keys of the car and the garage were in Mr. Newman's possession.

3. UJIIE was then located and upon being questioned stated that when the order came out instructing Japanese to turn in their cars, Mr. Newman would not let him take his car away until he had settled an account which he owed at Mr. Newman's Store. UJIIE states that the car was not transferred to Mr. Newman or any other person.

4. The car in question is a 1935 Studebaker Sedan, Serial No. 8 9005, Motor No. 9364, 1942 License No. 56-130. The car has been standing in Mr. Newman's garage since last March. The battery is dead, the tires are all in good condition but need air. The speedometer reading is 63819.

5. The car could possibly be driven to Vancouver if a battery were installed, tires pumped up, and Gas, Oil and water put in.

6. This car had been placed under seizure and Forms 246 in this connection are attached hereto.
