Attn. Major Featherstone.

JAN 5 1942

Letter No.

Dear Sir:-

In pursuance of Phone conversation I wish to apply on behalf of myself and associates (6 or 8 men) all of whom are experienced Dogfish fishermen, for a Japanese Cachee boat, capacity of at least 15 Tons. For use this Spring (April - November) in connection with the fishing of Dogfish.

We have 5 small Boats owned personally but may also want to get 1 or 2 small boats (28' or 30) for use in Dogfish fishing also.

Yours truly

Geo. MacBrian.
