Dear sir.

There are a lot of rumors that the Jap fish boats of going to be sold. I would like to get one if this is true. I like ocean it is not much good. The only thing that keeps one out of the navy is a family - I have a brother there - If I could get a boat 30 or 32 foot with a 7 hp or 2 cylinder motor and pay it off a 25.00 a month. Don you think the payments to small -
